## SIR HUGHES INNOCENT OF ANY WRONG DOING

Meredith-Duff Royal Commission Finds Him Innocent of Responsibility in Fuse Contracts

OTTAWA, Ont., July 21.—Sir Sam Hughes, minister of militia, is held by the Meredith-Duff royal commission, innocent of responsibility for the negotiation of government fuse contracts with American munition manufacturers from which they were alleged to have unduly profited. The findings of the commission were announced today.

The contracts in question were let by the Canadian Shell committee to the American Ammunition Co., and the International Arms and Fuse Co., and the investigation of them followed charges in the house of commons by

## PROHIBITION PLATFORM

Favors Preparedness for Peace—Suggests Compact to Dismantle Navies and Disband Armies

ST. PAUL, Minn., July 21.—The platform of the prohibition party, adopted today by the national convention here, included E. W. Chaffin's plank endorsing the initiative, referendum and recall.

The convention resumed work shortly after 10 o'clock. Names of new members of the national committee were confirmed.

The nomination of presidential and vice presidential candidates was then taken up.

Nominating speeches were limited to 10 minutes and seconding speeches to five minutes. Alabama yielded to Indiana and amid an outburst of applause, Sumner W. Haynes began his speech nominating J. Frank Hanly.

The delegates cheered and waved their arms as Mr. Haynes extolled the work of former Gov. Hanly in behalf of the prohibition party.

George R. Grosscup nominated Finley C. Hendrickson of Cumberland, Md.

Arizona was called and Eugene W. Chaffin placed in nomination the name of former Gov. William Sulzer of New York. When he concluded with the declaration that "Sunday school politics have prevailed too long in the prohibition party and we now need a statesman as our leader," he was loudly applauded.

Dr. Grafton D. Day nominated Dr. James Gilbert Mason of New Jersey.

Daniel A. Polling of Boston seconded the nomination of Mr. Hanly.

## DENIES CHARGES CITY HALL NEWS

Cong. Gardner Wants the Calloway Charges Investigated

WASHINGTON, D. C., July 21.—Congressman Rogers today introduced, on request of Congressman Gardner, a resolution bringing up the Calloway charges that Congressman Gardner had financial interest in war supply plant and that his advocacy of preparedness had a selfish interest behind it. Gardner repudiated the charges. He asked that a special committee be appointed to investigate and if found untrue that the Calloway charges be stricken from the congressional record.

**CHALIFOUX'S**  
ON THE SQUARE

Everybody is asked to come. It's all right to visit the store simply to look. Never mind the buying part.

Simply come for your own satisfaction, and see if every word of our advertisement isn't true.

It doesn't pay to deceive anybody. It's a bad business policy. Don't overlook the fact that the cut prices are good for the days mentioned only. Not a single second longer.

G. M. Kyrle, M.P., who alleged that large profits were allowed with the approval of Sir Sam Hughes.

The commission finds that Col. J. Westley Allison, a friend of the minister of militia and alleged to have been one of those who divided the profits, "was instrumental in bringing about a contract in which he was peculiarly interested." The judgment holds that this he did "while professing to be acting as a friend of Gen. Hughes," and finds that he had no "expectation or intention of receiving any remuneration or his services."

John C. Coffin of Florida seconded the nomination of Mr. Sulzer.

The platform expresses opposition to the "wasteful military programs of the democratic and republican parties," but favors "preparedness for peace." It suggests a "compact among nations to dismantle navies and disband armies," but until such court and compact are established, we pledge ourselves to maintain an effective army and navy and to provide coast defenses entirely adequate for national protection.

The platform also favors reciprocal trade treaties with all nations and legislation to encourage the establishment of an adequate fleet of American merchant ships.

It opposes war with Mexico, approves strict interpretation of the Monroe Doctrine, opposes abandonment of the Philippines at this time, but favors ultimate independence; declares for Americanism; favors uniform marriage and divorce laws and complete suppression of white slavery; declares for prohibition of child labor; approves an eight-hour day with one hour rest each day, and extension of compensation and liability federal acts; opposes "pork barrel" legislation and useless federal expenditures; favors a single presidential term of six years; demands public ownership of utilities; believes in equality of all persons and favors separation of church and state with guaranty of full religious and civil rights to all.

## CITY HALL NEWS

Nine Story Building in Middlesex Street Will Cost Over \$200,000

The application for a permit to erect a new nine-story concrete building at the corner of Middlesex and King streets was filed in the office of the land and buildings department at city hall this morning. Inspector of Buildings Francis A. Connor after examining the specifications in detail stated that he had found everything satisfactory and had practically decided to approve the permit.

The building will be constructed by Burgess Land & Co., the owners, at an estimated cost of \$210,000. It will be 195 feet and eight inches long facing in Middlesex street, 50 feet wide, and 105 feet high. The material will

## TEUTONS DRIVEN BACK BY FRENCH

Anglo-French Offensive Being Pushed—French Hold Captured Trenches—The British Advance to Foureaux Wood—Report That United States Steamer is Captured by Germans—Notable Advance for the Russian Forces Under Grand Duke Nicholas

The Anglo-French offensive in northern France is being vigorously pushed. Today's report show the French holding (temporarily) ground gained and the British fighting their way farther into the German line.

**Germans Come Back**  
Driving north from Bazentin and Longueval toward Bapaume, General Sir Douglas Haig's troops have advanced as far as the Foureaux wood. The British rush even cleared this wood, but subsequently the Germans were able to win back a part of it.

**French Hold Trenches**  
South of the Somme the French have been able to hold trenches captured in their drive along a five-mile front on Thursday, notwithstanding a vigorous counter-attack.

**Ships Sunk—One Captured**  
Special despatches from Copenhagen to London report the capture by a German warship of the American sailing vessel Fris Valdemar, bound from an American port laden with a cargo of oil. The British steamers Yzer and Grangemoor, both of somewhat more than 3000 tons are reported sunk. Vienna announces that two submarines, one of them Italian, have been destroyed in the northern Adriatic by Austrian torpedo craft.

**Russians Take Gumushkan**  
The succession of advances by the

Russians in Turkish Armenia has been added to by the capture of Gumushkan, 40 miles northwest of Baku, by Grand Duke Nicholas' forces. The forward drive here has carried the Russians westward to a line even with the important city of Erzurum, which 50 miles to the south is the objective of the Russian advance from Mamakhatun.

**Food Riots in Belgium**  
Shortage of food supplies is reported from Belgium to have led to serious rioting in parts of Belgium and northern France occupied by the Germans. As a consequence, after suppression of the riots, large sections of the industrial population of the cities affected are said to have been scattered homeless through the agricultural regions.

## INFANTILE PARALYSIS HERE

Another Case Reported at the Board of Health Office—Victim is Five Years Old

Another case of infantile paralysis has been reported at the office of the board of health. The case developed at St. Peter's orphanage where there are 40 boys and 15 girls. The victim is a five-year-old Francis McCarthy. He has been at the orphanage for about a year and the doctors could not learn that he had been exposed in any way. No children have been received at the orphanage coming from New York or any other place where the disease is epidemic. The fact that this, the second case reported in Lowell, has developed in the midst of so many children may cause alarm, but it is not the first time that cases of this disease have developed in similar institutions in Lowell, and though the disease is epidemic in other places the doctors feel there is no great cause

for alarm in Lowell at the present time. The case of the McCarthy boy was reported at the office of the board of health by Dr. Huntress.

**IN NEW YORK**  
NEW YORK, July 21.—A further decrease in the number of new cases and a slight increase in the number of deaths was shown today in the health department's bulletin on the epidemic of infantile paralysis. During the last 24 hours 32 children died of the disease in the greater city and 50 new cases were reported. This compares favorably with yesterday's report which showed fatalities numbering 31 and new cases 119. Since the beginning of the plague on June 26 there have been 2526 cases and 513 deaths.

## BODY FOUND IN POND

Woburn Woman Drowned in Back of Police Station—Disappeared on Wednesday

WINCHESTER, July 21.—The body of Miss Grace L. Parkhurst of Woburn, who had been missing from her home since Wednesday, was found today in Black Ball pond, near the local police station. Miss Parkhurst was 35 years old and had been under the care of a physician for some months. Search for her was made yesterday by the police and boy scouts at Woburn and other places after members of her family had reported her disappearance.

The medical examiner said the indications pointed to suicide.

Kenneth Maguire, a Winchester lad, walking along the side of the pond, thought he saw an image in the water, and reported the fact to the police. Their investigation showed that the "image" was a body.

The body could not be immediately identified, because it was colored green, the effect of the chemicals in

the water of the river, coming from the works near the river's source, at which so many complaints have been made.

The local authorities informed the Woburn police, who brought the girl's father to view the body. He made a definite identification. The medical examiner has taken the body.

Miss Parkhurst, about 35 years old, was the daughter of Mr. and Mrs. Edward B. Parkhurst of 19 Green street, Woburn.

She was last seen alive just before 8 Wednesday evening, going from her home toward Blueberry mountain, near the Woburn-Winchester line, a favorite haunt of hers. That territory and the neighboring vicinity of Frog pond were searched yesterday without avail by Woburn police, Boy Scouts and friends of the missing

## POLICE MESSENGER PINDER REINSTATED

Judge Enright Reverses Order of Mayor O'Donnell in Abolishing Position of the Petitioner

John J. Pinder, whose position as police messenger was abolished by Mayor James E. O'Donnell on Jan. 31 of this year, has been reinstated by Judge Thomas J. Enright. Mayor O'Donnell abolished the position on the ground that he believed it to be an unnecessary item of expense, and subsequently a hearing was held before the mayor, and the latter found that the position of "police messenger" was unnecessary.

Enright followed a hearing before Judge Enright in May, and this morning Judge Enright gave the following finding, favorable to the petitioner:

Police Court of Lowell  
John J. Pinder vs. James E. O'Donnell  
Memorandum of Opinion

This is a petition filed April 5, 1916, under statute 1911, chapter 624, to re-

voke the order of the mayor, abolishing the position of police messenger, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; that on Jan. 29, 1916, the superintendent of police informed the mayor in writing that he had decided to abolish the position of police messenger, believing it to be an unnecessary item of expense, and directing him to notify the petitioner that he may, at his option, (the petitioner's) services as a police messenger would be no longer required; ## JOSEPH FRANCIS IS DEAD

EX-GOVERNOR OF PENOBSCOT TRIBE AT OLDTOWN—ONE OF FINEST TYPE OF MAINE INDIANS

OLDTOWN, Me., July 21.—Joseph Francis, ex-governor and former representative to the legislature from the Penobscot tribe of Indians, died at his home on Indian Island.

He was known all over the country as one of the finest types of the Maine Indians and contributed much to the history of the Penobscots.

He married the daughter of Sockabeson Swason, a famous chief of the tribe whom he succeeded as governor and for years was the controlling power in the tribe.

He was famous in his early days as a fearless riverman. As a guide and camp proprietor, however, he was perhaps best known.

Some 12 years ago, while on a trip to the summit of Mt. Katahdin, with a sportsman, he was overtaken by night on the side of the mountain. Against an enormous rock he created a lean-to and built his campfire. Heated by the night the giant powder, heated by the campfire, split and fell onto the temporary structure and Francis was pinned beneath the ruins. His chest was crushed and he never fully regained his health. He was about 70 years old. He leaves two daughters, Mrs. Joseph Francis and Mrs. John P. Rano of Indian Island, besides a number of grandchildren. Funeral services will be held in the church on the island Saturday morning.

## MERCY RECOMMENDED

Benson and Windler Convicted in New York of Secreting Bonds Stolen From Mailbags

NEW YORK, July 21.—Thomas Benson and his brother-in-law, Louis Windler, were convicted by a jury in the United States district court last night of secreting five bonds which were part of the \$500,000 worth of securities stolen from a mail wagon upon which they were being brought from Communipaw, N. J., to this city, Feb. 26.

The jury recommended mercy for Benson and Windler on the ground that they were merely the tools of Edward J. Guilgey, the government's chief witness against them, who pleaded guilty to the theft before the trial started.

## NOMINATE STATE TICKET

Indiana Progressives Refuse to Consider Resolution to Stay Out of Race—Bord Quits Party

INDIANAPOLIS, July 21.—The Indiana progressive party in convention here yesterday adopted a platform and nominated a complete state ticket after Jackson Boyd, former state chairman and chairman of the resolutions committee, has resigned his membership in the party because the convention refused to consider a resolution opposing the nomination of a state ticket.

After the convention had ratified the nomination of James B. Wilson of Bloomington for the United States senate long term, made at the March primary, the following candidates were chosen by acclamation: United States senate, short term, Clifford F. Jackson, Indianapolis; Governor, Thomas A. Daly, Indianapolis; Lieutenant governor, M. J. Bowman, Valparaiso.

## CAPTURED BY BRITISH

GERMAN SUBMARINE HAD LAID OVER 200 MINES ALONG BRITISH COAST

LONDON, July 21.—The German submarine mine layer of the U-35 class, one of the latest prizes of the British navy, was visited by an Associated Press representative today prior to its being placed on public exhibition in the Thames.

The prize, flying the German naval ensign, surmounted by the British ensign, lay in a naval dockyard on the east coast. The vessel is designed purely for mine-laying. The entire forward part is composed of wells, six in number, each containing two powerful mines which can be released by levers. The ship has no torpedo tubes or other armament except small arms for the crew, and is only 100 feet in length.

Thirteen bluejackets and five officers comprise the crew of the submarine. According to one of the seamen, she made, prior to her capture, 19 trips from her base in Germany to the British coast and laid over 200 mines in the area frequented by merchant vessels. She was on her 20th trip when she was captured by the British patrol boat.

The sailors said that when the submarine was sighted and chased by a patrol boat the crew tried to get rid of her remaining mines but had not sufficient time. Seeing that capture was inevitable the officers ordered the abandonment of the ship, destroyed the log and other records and virtually demolished the six-cylinder Diesel engine of approximately 250 horsepower. All of the crew and officers were taken prisoners.

The hull of the submarine is in good condition but shows a number of dents where it struck obstacles in its under-water voyages. The craft shows signs of rapidity in construction, but appears well fitted for short trips across the North Sea. British naval officers pointed out that the mines carried no apparatus for rendering them harmless if they broke loose from their moorings, as required by the Hague convention.

## TO PROTEST BLACKLIST

ALL FIRMS INVITED TO CONFER-ENCE TO CONSIDER THE FORMAL PROTEST

NEW YORK, July 21.—All of the 82 firms blacklisted by Great Britain under the trading of the enemy act were invited to send representatives to a meeting here today for the purpose of considering a formal protest.

The meeting was called by Edward Tegenman, Jr., president of the firm of Rensch &amp; Rothenstein, forwarding agents.

Shippers said today that orders from south American countries for large quantities of foodstuffs, farming instruments, household articles and other goods have been held up by the action of the British government. American firms with no German connections fear they will be banned from doing business with Great Britain or be colonies unless they refuse to have dealings with those on the blacklist.

## TROOP TRAIN DERAILED

SECOND SECTION OF SECOND BATTALION, NEW HAMPSHIRE INFANTRY REACHES LAUREL, TEX.

LAUREL, Tex., July 21.—The Third Battalion and second section of the Second Battalion, New Hampshire Infantry, arrived here yesterday at noon, ending a railroad journey of six days' duration. Derailment of the train carrying the Third Battalion, commanded by Major O. L. Cole, at a point 30 miles north of Austin, on a trestle, was the chief incident of interest on the journey, according to officers.

The entire train was derailed by a sun kink. Slight injuries were sustained by the railroad crew, who jumped from the train. None of the troops were hurt.

The first section of the first battalion is yet to arrive. In this section comes Col. Michael P. Healy, commanding the New Hampshire unit. The two sections have been pitched camp in the northern part of the city at a point east of Camp Maine.

The new camp presented a spectacle of feverish activity all afternoon. In spite of the high temperature prevailing officers with details of men hurried to and fro in an effort to bring water to the camp. Water had been piped to the camp for bathing purposes, arranged in shower groups. The local chapter of the Red Cross is to furnish drinking water to the New Hampshire troops, as they have to the other guardsmen on arriving here, until arrangements are made by commanders to provide the distilled water required by army orders.

Officers arriving with the third battalion were effusive in their praise of treatment accorded in San Antonio, where their train passed through. There about 40 members of chapter 3, Eastern Star, who had been in waiting at the station 20 hours, served ice cream and sandwiches to the boys at 4 o'clock p. m. this morning. The number of enlisted men to arrive today from New Hampshire was 550 men and 31 officers. This is the number starting. There was no sickness en route.

## SOCIAL AND FRATERNAL

The regular meeting of Elgin lodge, No. 155, N.E.O.P., was held last night in Veritas hall, Branch street. Deputy Grand Warden Elizabeth Gahn and suite of Cambridge made an official visit to the lodge. Her suite consisted of Mr. and Mrs. Mayhew and Mrs. Estelle Evans. A social hour followed the meeting and ice cream and cake were served.

On Tuesday evening Mrs. H. A. Bur-

## WOMAN A PHYSICAL WRECK

Tells in Following Letter How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Milwaukee, Wis.—"Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a fair trial, and it gave me relief from bearing down pains which had been so bad that I would have to lie down. I also used the Senative Wash and it has done me a great deal of good, and I am not troubled with a weakness any more."—Mrs. P. L. BRILL, 1299 Booth Street, Milwaukee, Wis.

The most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. It has stood the test for forty years, which would be impossible if it did not have genuine merit.

Let us send you a copy of Elbert Hubbard's last book—"The Life of Lydia E. Pinkham." Address The Lydia E. Pinkham Medicine Co., Lynn, Mass.

rows of Elgin lodge, deputy grand warden over the lodge in Leominster, visited there, accompanied by Miss A. C. Burrows, Mr. and Mrs. O. B. Bemer, Mrs. Leda Simpson and Mrs. Dora Chase, all of Elgin lodge. The trip was made by automobile and was thoroughly enjoyed.

## Industry Council

Industry council, Royal Arcanum, met Wednesday night at Odd Fellows hall in Middlesex street, Regent George L. Stafford presiding. Orator John McKinley reported that the entertainment committee had completed arrangements for the outing, which is to be held at Nahant next week.

Under the good of the order remarks were made by Past Regent A. E. Rountree, Harvey J. Chase, George H. Desrochers, Thomas H. Wilson and John McKinley.

After the meeting cigars were passed and a general good time was enjoyed by all present.

## Lowell Nest of Owls

The regular meeting of the Lowell Nest of Owls was held in Elks hall last night. President Richard J. Flynn presiding. A letter from John W. Talbot, supreme president of the order, was read showing the growth of the order, the prosperous condition it is in at the present time and the good work that is being accomplished. Vice president, Edwin J. Libby, chairman of the board of auditors, presented a report on the financial condition of the nest. Past President John E. MacCallum, chairman of the entertainment committee, reported for the whilst party that was run by the local nest recently. The report showed that the affair was not only a big success socially, but financially as well.

A motion was made and passed that all members of the local nest who are now serving in the militia or the U. S. army will be entitled to their full benefits if they should become disabled or lose their lives in the government service.

## CAUGHT AFTER CHASE

TWO GUNMEN ARRESTED ON CHARGE OF ASSAULTING BOSTON LAUNDRYMAN

BOSTON, July 21.—After an exciting chase by the police and a large crowd for more than a mile through South End streets, and a two-hour hunt when one escaped, two gunmen were arrested yesterday afternoon on a charge of holding up and assaulting Charles Wong in his laundry at 389 Shawmut avenue. The alleged assault and chase occurred late yesterday afternoon. The men were frightened off before any plunder could be secured.

The men arrested gave the names of William C. Thompson of 129 Shawmut avenue and Frank McNulty of 13 Andrews street. Thompson was arrested on the attic stairs of a four-story block on Paul street, near Castle square, and McNulty two hours later, on Harrison avenue, near Malden street. Each had an empty revolver, and, according to the police, confessed it was the weapon used to beat the laundryman down.

Thompson offered an excuse for the act that he and his "pal" were hungry and wanted money to buy bread. According to Captain John E. Driscoll, however, there is a warrant calling for Thompson's arrest on another recent charge of assault and battery.

BERTHA JOHNSON HONORED A miscellaneous shower was given Miss Bertha Johnson Thursday evening by her friends of the box-making department of the Shaw hostlers, at 119 B street, the pretty home of Mr. and Mrs. J. B. Freeman, which was hospitably thrown open for the occasion.

After the gifts, consisting of articles both ornamental and useful and not a few jokes, had been unwrapped and displayed by the bride-to-be, she was led to the dining room and instructed to cut and distribute to the guests a "mystery" cake which occupied the center of the table. The rumpus, told to Miss Jennie Wright and the button (sign of spinsterhood), to Miss Elizabeth Firth.

Fruit punch, ice cream and cakes were served on the piazza, which was lighted by Chinese lanterns. There was a musical program to which Miss Ruth McFadden contributed several vocal solos, with Miss Mildred Keane at the piano. The guest of honor, her maid-to-be and her gifts were escorted home by the bridegroom-to-be, amid a shower of rice, confetti and good wishes. The pleasant affair was originated by Miss Blanche Freeman and Miss Mildred McQuesten.

## OVATION FOR PRESIDENT

PHILOSOPHY OF HIS POLITICAL FAITH, "SERVICE AND UNSELFISHNESS"

WASHINGTON, July 21.—The philosophy of his political faith, which he termed "service and unselfishness," was delineated by President Wilson last night in an address to about 700 postmasters, virtually all his own appointees, at the annual banquet of the National Association of Presidential postmasters. He also touched upon the subject of peace, but only to say that "in no other country are the processes of peace so free to move."

Introduced by Postmaster Selph of St. Louis, presiding, as "the protector of American citizenship," the president was given an ovation lasting more than five minutes. In prefacing his remarks, he said he understood his auditors were virtually all democrats and that, therefore, he was more free to say certain things than he might otherwise have been.

"As I look about upon you," the president said, "I gather many of the impressions of the last three years. Because many serious things have occurred and the thing I have been most interested in is organizing this government for the service of the country."

"Most of you, I am told, if not all of you, hear commissions from the present administration. That sets me free to say some things that I might not say otherwise."

When he started a sentence a moment later with "If you're all democrats," he was drowned out by cries of "We are! We are!"

"There is only one way of holding the confidence of the American public," the president resumed, "and that is by describing it, and I know by my intercourse with the postmaster general his single object has been to make the postoffice of more service to the people of the United States than it has ever been before."

"I have no interest in the political party, except as an instrument of achievement. I cannot imagine how a man can be interested in a party that hasn't aspirations and a program to be worked out. I inherited my democracy. But it wouldn't stay in my blood long if the red corporations did not have something to do. And if the democratic party will beat all in efforts to understand the United States and serve it, it will be continued in power so long as it practices that devotion."

Declaring that selfishness was the antithesis of public service, because it separates men into camps, Mr. Wilson said that the United States is now "one of the few countries in which lines of hostility are not drawn."

The president declared that in every community the postoffice is "the conspicuous gauge and standard of what the government is doing for the people."

"The administration will be judged by you—the whole spirit of public service judged by you," he told the postmasters, "so you gentlemen are custodians of honor and distinction, not only of the party you represent, but the government you serve. You are good democrats in that proportion that you love the government more than you do yourselves."

"The word 'nobles' we never apply to a man who thinks first of himself. It ought to be the spirit of government, of government service. How many men can sleep at night whose conscience is not clear as to the purposes for which he uses public office, I cannot say."

"The message I would bring tonight is: Let us give ourselves together and let us give to the people of the United States that we understand what they want and are ready to do it better than anybody else they can find."

## MRS. MOHR AT MEETING

Creditors of Murdered Physician's Estate File More Than 90 Claims With Special Commissioner

PROVIDENCE, July 21.—Ex-Chief Justice Charles Matteson, commissioner to pass upon the claims against the estate of Dr. Charles F. Mohr, which have been disallowed by the administrators, held the first meeting of creditors yesterday. It was decided to hear the proofs of claims two days a week. There are more than 90 claims to be considered.

Mrs. Elizabeth F. Mohr, widow of the murdered physician, was at the meeting.

If you want help at home or in your business, try The Sun "Want" column.

## LOCAL NAVAL CRUISE

LAST CHANCE FOR LOWELL MEN TO ENROLL ON WEDNESDAY, JULY 26

Owing to the many applications for enlistment that have been made since the date of closing, enrollment for the volunteer naval training cruise for civilians has been extended until August 1. About 1800 have made application to date and the naval department is confident of getting 2000 or over. Eighteen have enrolled at the Lowell recruiting station and three local young men have enrolled in Boston.

The local office has been notified that the recruiting officer and medical examiner will visit Lowell on Wednesday, July 26, for the purpose of making enrollments, and this is the last chance to enroll in Lowell. It is expected that several will join the cruise at this time, owing to the great interest which is manifested locally in all relating to it.

## FITCHBURG TAX RATE DROPS

FITCHBURG, July 21.—The tax rate for this year was announced yesterday afternoon as \$29.40, a reduction of 40 cents from that of last year. The fact that a reduction was possible is remarkable in view of the fact that the town has the largest fixed charges in its history this year.

The assessors announced the total valuation at \$1,956,033, an increase of \$2,683,563.50 over last year. The reorganization of three of the largest manufacturing concerns in the town has taken some \$500,000 worth of taxable stock which was available in past years. The increase in real estate valuation amounts to about \$1,500,000 and the increase in personal property to \$1,160,175.

## NEWBURYPORT TAX \$19.20

NEWBURYPORT, July 21.—The assessors yesterday announced the tax rate for the year to be \$19.20 on a thousand. This is a decrease of \$1.50 from last year, when it was \$20.70. The decrease is explained by the reduction of the state tax by about \$500 and the county tax by about \$600, while there has been a net increase of valuation of \$71,743. The valuation for 1916 shows personal property of \$4,071,310, real estate of \$2,211,150 and resident household effects of \$303,174. The number of polls assessed is 4232, a gain of 101.

## VALUABLE COW DROWNED

GARDNER, July 21.—A very unusual method by which a cow was drowned in its stall was reported yesterday by C. H. Smith of West Rindge, N. H., a dairy owner, who sells milk to local dealers.

Wednesday night after the cows had been milked Mr. Smith said that he turned on the water entirely, causing the water in the stall to rise. In some manner one of the best animals in his herd got its head caught so that the nostrils were submerged in the drinking cup.

Fifteen minutes later when he went to turn the animals out to feed he found the animal dead in the stall, with the water entirely covering the mouth and nostrils. The cow was a valuable one and had recently been bought by him for the sum of \$165.

## AMUSEMENT NOTES

## B. F. KEITH'S THEATRE

Mae Marsh, a wistful heroine, plays the title part of "Hoodoo Ann," a five-part Triangle-Fine Arts production which will be seen at the B. F. Keith theatre the final days of this week. She is supported by Robert Harron, an excellent actor, and a wholly competent cast. The title might indicate a comedy, but it is far from that type in fact. It borders very strong on the tragic at times.

As a drudge at an orphan asylum, the oldest girl there gets the name of "Hoodoo Ann." When a fire breaks out and the head of the institution and all the inmates flee for their lives, "Hoodoo Ann" returns to rescue a little girl who has been left behind. Eventually, this young heroine is adopted by a kind family named Knapp. Near the Knapps lives a youngster named "Jimmie Vance" and he strikes up an acquaintance with "Ann." He takes her to dances and motion picture shows, and finally to a wild west performance. This latter thrills her through and through, and she seeks to emulate some of the deeds there in the attic at her home.

Shedding an old revenge, she cripples a cat. Later, seeing a man enter the door of her home, she believes she has shot and killed him. The man then by some strange means disappears and "Ann" goes to the police with a confession that she has killed him. The skein of circumstantial evidence is tightened about her. But, just in the nick of time, the supposed dead man returns, and saves "Ann" from going to prison. And the whole

play ends with "Ann" getting the name of "Sunshine" and marrying "Jimmie Vance."

"He did and He didn't" is the name of the Triangle-Keystone two-part picture with Roscoe Arbuckle and Mabel Normand featured in it, and it's rattling funny affair.

The second part of this picture plays the part of the fat doctor, who grows to be very jealous of his wife, who entertains an old school friend. As a result of a dinner of lobster, the doctor and the old school friend both have very bad dreams, in which they picture themselves doing unusual things. The second part of this picture races along at a speedy pace.

"The Hearst-International Pictorial" is right up to date. The merchant submarine, Deutschland, which landed at Norfolk a few days ago, is pictured with her crew and the redoubtable Captain in command. The Oregon national guard and Squadron A of New York are also shown responding to the call for troops for the border. Infantile paralysis is also discussed, as is the case of the doctor who does not allow children to do if they are to avoid the dread disease are demonstrated. And then there are a lot of wonderful pictures, such as the prettiest mannikins in New York. Mutt and Jeff are shown in a new animated cartoon, called "The Red Cross" and as an educational picture there are scenes taken in and around the asbestos mines in the province of Quebec. And last, but not least, is a very delicate short play called "The Girl Across the Way." This is a varied bill.

## ROYAL THEATRE

A varied program, comprising an episode of "The Mysteries of Elvira," one from the "Who's Gilty?" series, and a number of other fine attractions is the program offered for the weekend at the cool Royal theatre. Stars such as Tom Horton, Howard Brook, Jean Sothern and Anna Nilsson will be seen in these attractions. Sunday's feature is "The Fairy and the Wolf," featuring Mary Miles Minter. Beginning Monday and Tuesday, "The Grip of Evil," the new Pathe serial, which follows "The Iron Claw," will begin its fourteen chapters. Roland Bottomly and Jackie Saunders are co-stars in this. Pathe continued photo-play. These stars and the makers will continue a winning combination. Watch for them.

## OWL THEATRE

One of the most remarkable photodramas ever presented to lovers of the screened play is "The Woman in 47," which is coming to the Owl theatre today and tomorrow as the next release on the Equitable program. It tells the story of a young Italian girl

who, to escape the tyranny of a cruel uncle, and to marry her lover, comes to America, becomes a victim of the intrigues and punctions of some unscrupulous men, but finally wins happiness and peace. Alice Brady, heroine of the piece, is one of the most widely and best known of American screen stars, her appearance in "The Rack" and other film successes giving the assurance of a forceful and convincing handling of the extremely difficult role which falls to her lot in "The Woman in 47." The scenes range from a little roadside tavern in Italy, through the great city, a luxuriously appointed home, where everything that wealth can ask for is granted, a fashionable shop, one of New York's prominent hotels, and other interesting places, to the final happy ending, where Viola and her lover are married. The dramatic interest is intense throughout and compels the closest attention to every detail that is flashed on the screen. The complications which follow with the repulse of the heroine of a man who attempts to assault her make a combination which cannot fail to hold those who see it spellbound by its gripping force.

Never before has Canobie Lake Park theatre presented an attraction that has made such a decided hit as the present musty comedy company, Nat O. Fields, presented by Weber & Fields is a thoroughly fine comedian, one of the latter day sort of fellows that has gone along with the times and besides having the ability to please, seems to know his audience and works with the endeavor to please and every one of them. "The Girl Behind the Counter" is a very fetching comedy, one of the latest of the Broadway song dances, with beauty of face, voice and figure. Aside from the comedy the rest of the piece is attractive, with never a lagging moment, there being something doing all the time. Selections of hit and most popular songs has tended greatly to make the piece one that is far above the ordinary. Very few comedies have ever

## MERRIMACK SQUARE THEATRE

Yesterday's audiences were most assuredly pleased as well as thrilled with the remarkable production "Davy Crockett," featuring Dustin Farnum. One of the stirring scenes in this new play is Mr. Farnum's tussle with the red wolves. These big gray timber wolves leap the full height of the door in throwing their weight against it, the only bolt being Mr. Farnum's strong arm which at times is fastened by giving way.

In the story "Davy" loved the daughter of a wealthy neighbor, but being a bashful fellow, he was unable to win her. His rival to do the courting. Suspicion is aroused in the girl's mind, and many interesting scenes ensue in which true love and true drama is displayed. "Davy" has an opportunity to forget his timidity. Do not miss this and another play which held all in pleasing excitement. Frances Wilson and Arthur Ashley played their best in a love and mystery play. It will be better enjoyed by the patrons of today and tomorrow as it was yesterday if it is left to them to solve the mystery, in which a poor young girl turns the tables on a clever crook.

Comedy, Pathé News and many other interesting films are added to this list which is only here for today and tomorrow.

## CANOBIE LAKE THEATRE

Never before has Canobie Lake Park theatre presented an attraction that has made such a decided hit as the present musty comedy company, Nat O. Fields, presented by Weber & Fields is a thoroughly fine comedian, one of the latter day sort of fellows that has gone along with the times and besides having the ability to please, seems to know his audience and works with the endeavor to please and every one of them. ## Eczema on Scalp

—Awful Irritation

Resinol Soon Healed It Entirely

March 28: "I had a severe case of eczema on my head. My scalp itched and burned and was full of scabs and when I scratched that would course pus out of the scabs and I was very sore. The irritation was something awful. I could not keep my hands out of my head. My hair became very dry and harsh and did not feel like there was any life in it. The first application of Resinol Ointment and Resinol Soap healed the scalp wonderfully, and after using one jar of Resinol Ointment and three cakes of Resinol Soap my head is entirely cured—can rest peacefully and there is no more itching. My temples were a most clean of hair and now they are covered thickly. I must say Resinol is simply wonderful for almost all kind of skin trouble. It does all you say and more." (Signed) Mrs. Jenn E. Wheeler, 120 Woodridge Place, Leona, N. J.

All druggists sell Resinol Ointment and Resinol Soap. For free samples write to Dept. 1-S, Resinol, Baltimore.

## WILLIAM HUGHES

Colonial Statesman Be-  
comes a Leader Al-  
most Over Night

LONDON, July.—(Correspondence of the Associated Press.)—Seldom in the recent history of English-speaking peoples, and perhaps never in the memory of Britain, has any politician almost unknown to the general public made so swift a conquest of the imagination and the enthusiasm of the masses as William Morris Hughes, the prime minister of Australia. Only the sudden achievement of William J. Bryan after his "Crown of Thorns" and Cross of Gold" speech before the Chi-

cago convention, 20 years ago gives a parallel in America. Last year Hughes was known to the United Kingdom as a colonial premier, one of a list of over-seas statesmen, or politicians, with Borden, Fisher, Laurier, and Ward, men whose names are familiar to Englishmen, whose personalities are merely vague shadows in the public mind. These colonial leaders always were treated with formal respect when they visited the mother country. A few public dinners and receptions, perhaps a knighthood, a decoration and a university degree were given them. But outside the official world of England's "little wars," or an explorer who had written some new names across the map, was more of a personage.

Now the story of Hughes is the story of the most interesting civilian of the year in England. The self-made Yankee-like Welshman, the self-schooled workman, protectionist, labor unionist, socialist, is now leaving the old country after a visit of four

months, and is leaving a popular following comparable only to that commanded by another self-made Welsh politician, Lloyd George. The only reason Hughes has not made more public speeches, attended more banquets arranged to do his honor, given more newspaper interviews, received the freedom of more cities, addressed more chambers of commerce and accepted degrees from more universities, has been that his time was crowded to the utmost with such functions, and that his voice and his frail body succumbed at an early stage of the ordeal and compelled him to retire for some weeks to a sanatorium.

The oratorical output of the Australian prime minister has compared favorably with the efforts of an American presidential candidate of the most heroic stuff. The number of addresses, large and small, which the newspapers have reported stretch well over a hundred. At Liverpool, Manchester, Edinburgh and other great provincial cities, such crowds have welcomed his arrival as few public men in civil life

have seen since the famous electioneering tours of Gladstone during his most popular years. He has made speeches before every type of public and private organization from municipal bodies through the various strata of scholastic and charitable societies. In the same week, he has responded to the bestowal of the freedom of a conservative municipality (handed to him in a gold basket), greeted societies of Welshmen, received a degree from a university, stirred to enthusiasm a meeting of dock laborers on the Thames, and gained kid-gloved applause from a committee of peeresses engaged in war work.

The Hughes platform, roughly put, has been this: "War to the hilt against the Germans, both on the battlefield, and in the field of trade. Commercial union within the British empire, and closer union, with a share for the colonies of making decisions on imperial questions that concern them."

The reason a colonial statesman could become a leader almost overnight in the mother country was that

there were currents of thought, and agitations, which were waiting for leadership. They wanted only a spokesman. They had advocates in the newspapers, but not among the weighty men in parliament, or in public outside Westminster. While the war has enormously changed and focused the work of the government, and rallied and brought together much of the latent power in a slow-moving people, it has not changed the tone of statesmanship, nor the conservatism with which the heavy guns of the coalition cabinet cling to what they deem the high traditions of British public life. They have denounced the present enemies of the country, but have denounced them with dignity, and with care to avoid what they would consider exaggeration.

## CHANCE FOR A JOB

Special to The Sun.  
STATE HOUSE, Boston, July 21.—Any pharmacist registered with the Massachusetts board of pharmacy, and who has been a citizen of this state

for at least one year, has an opportunity to obtain a position as agent of the state board, at a salary of \$1,120 per year.  
On Monday, August 7, the civil service commission will conduct a competitive examination for the place. It will include the following subjects:—A sworn statement of training and experience; arithmetic; the writing of a letter or report; handwriting and accuracy test; questions aimed to test out the applicant's knowledge of the laws relating to pharmacy and the making out of and serving of complaints and summonses; also to test out his ability to perform such inspection work as is incidental to the position.

Blank applications for the right to take the examination may be obtained at the office of the civil service commission, 151 State House, Boston; applications must be filed on or before July 31, at 5 p. m.

## AUTO LICENSE SUSPENDED

Special to The Sun.

STATE HOUSE, Boston, July 21.—Upon receipt of a certified copy of a record of the Methuen trial justice court, indicating that Jacob C. Brown of Raymont, N. H., paid a fine of twenty dollars on the thirtieth day of June after being convicted on a charge of operating an automobile while under the influence of liquor, the highway commissioners announced today that Brown's operator's license has been suspended.

Brown, should on the thirtieth day of June, the commission was committed the day before the new law went into effect. Had he waited one day longer, the commission would have been required to revoke his license, and he would have been unable to get it back within a year; as it is, the commission may return the license at its discretion, after the expiration of sixty days.

# REDMOND'S ULTIMATUM

## THREATENS END OF AGREEMENT IF FAITH IS BROKEN—AGAINST CHANGE IN BILL

LONDON, July 21.—John Redmond, the nationalist leader, made public yesterday a memorandum which he sent to Premier Asquith and David Lloyd George, the secretary of war, on Tuesday, in which he declared that the delay in making public the text of the Irish bill and the irritation caused by Lord Lansdowne's recent speech had created a very serious situation in Ireland. He added:

"In my opinion, any further delay whatever in producing and proceeding with the bill will make a settlement on the lines laid down in the terms submitted by Mr. Lloyd George quite impossible. When these terms were originally submitted to us we were strongly urged to use all possible dispatch in consulting our supporters in Ireland. It was pressed upon us that the matter was one of extreme urgency; that, from all points of view, it was vitally important that the settlement should be pushed through quickly, and we were told that not only Irish, but great imperial interests were at stake, which five weeks ago was so urgent, now hangs fire."

"I therefore feel it my duty to urge upon the government that further delay will be fatal, and to place on record my conviction that any proposal to depart from the terms agreed upon, especially in respect to the strictly temporary provisional character of all the sections of the bill, will compel us to declare that the agreement, on the faith of which we obtained the assent of our supporters in Ireland,

has been departed from and is at an end."

A meeting of the Irish party has been summoned for Saturday when the situation will be taken under consideration.

## PLAN TO DIVIDE BELGIUM

### "FREE FLANDERS" SESSION HELD IN BRUSSELS—VALLOONS TO FORM OTHER STATE

BRUSSELS, via Berlin to London, July 21.—The so-called Flemish movement has assumed new importance through the revival of the Flemish people's party and the promulgation of its platform, which demands the reconstruction of Belgium as a federal union of two states—one Flemish and one Walloon—after a model of Austria-Hungary and Switzerland.

At a recent meeting here a constitution for a new Belgium was formulated. It is based upon complete self-government of each state, leaving only the foreign policy, customs, currency, legislation, railway posts, telegraphs, telephones, the army and navy and national finances to the federal power. Under the constitution Flemish is to be the language of the Flemish state and French that of the Walloon.

"We want to be neither German nor French," said the chairman of the meeting at which the constitution was formulated. "We demand a free Flanders. A free Belgium, a centralized system is only possible under the maintenance of both languages. Belgium must not emerge from the war as she was before the war. Hence we must begin the struggle now and conduct it until we secure our rights."

## KILLED BY RUNAWAY

### JOHN E. MATTHEWS, HERO OF GREAT BOSTON FIRE IN 1872, MET HIS DEATH

BOSTON, July 21.—John E. Matthews, who saved the lives of C. F. Hoey & Co. at the great Boston fire in 1872, and who was employed for nearly 53 years by that firm, was instantly killed by a runaway horse of the Davis Ice Cream company of Cambridge on Broadway, Somerville, near Walnut street, yesterday morning. The driver was Richard J. Dixon.

Mr. Matthews was 72 years of age and is survived by a daughter, Mrs. Leander D. Sutherland of 182 Walnut street, Somerville, with whom he lived. He was returning from Broadway park, where he enjoyed a smoke every morning, when he met his death.

### BABY SHOW AT CANOBIE

Annual Children's Carnival in Charge of "King of Babyland"—The Features

The annual baby show and children's carnival is announced. The street railway company will make this season's affair the finest it has ever held at Canobie Lake park. The "King of Babyland," in the person of Mr. L. H. Rich, will be in town and will take full charge of the big event of the mothers and children. This is pleasing news, for all those who remember this gentleman and the way he handled the baby show and parade will feel assured that nothing will go amiss. Mr. Rich has presented the biggest baby shows in the country and in the fall goes to Europe, where his fame as a manager of these events has preceded him, to take charge of some big baby carnivals. To see Rich handle babies is a whole show in itself, and the park management is very glad to be able to secure his personal services from the Babyland Amusement Co. this season.

There will be babies of every kind and description, and they will enjoy the occasion which is being held in their honor. You never saw such sweet, happy and satisfied children as they are. Some smiling and laughing in high glee, others cooing and talking in their own winning way. All are happy and contented.

The awarding of the prizes and the judging of the babies is arranged by Mr. Rich. He is assisted by three local judges, and this part of the affair is handled in a most capable manner. Mr. Rich has a method of judging which would be hard to improve upon. He first selects the classes for which the babies are qualified. He then looks over the qualifications of each baby in that class and the best in this group are given a white ribbon. They then are carefully looked over for the third time and the best in this group given a blue ribbon. By this time the number of contestants is narrowed down to a small few and from these the judges pick the prize winners.

Prizes will be awarded to the most beautiful babies, the finest twin babies, the fattest babies, the smallest babies, the most strenuous babies, the prettiest doll babies, the most beautifully decorated baby carriage, the most beautifully decorated go-cart, the most beau-

tifully decorated doll cart and a special prize for triplets. If entered just as soon as the winners are picked from the various classes they will be seated upon the stage, and it is a most beautiful sight at the finish to see them all grouped upon the stage in the midst of the many handsome presents which are awarded.

The decorated baby carriage parade is another beautiful sight, and thousands of people will throng the route of the parade which will be all through the park walks and then to the theatre. Hundreds of handsomely decorated carriages and novelties will be in line. The procession will be headed by a band and presents a most beautiful and imposing spectacle as it winds its way through the shady walks of the park.

In all \$500 will be given away in prizes and there will be a doll for each baby, whether a prize winner or not. Special baby carriages will travel over the company's lines and pick up decorated carriages and novelties intended for the parade and no charge will be made for this service. Extra cars will be in plenty for the thousands who will want to see the great exhibit.

A special baby show information bureau is to be found at the park which is in charge of Mrs. Joy. She will be glad to impart all particulars to mothers and fathers who wish to make entry in any of the classes of the show or parade. All little girls may enter the White Dress Floral parade, which is the second day's event of the big carnival. All entries are free and in fact there is no charge for anything in connection with the affair. Simply bring your baby and little girl to the park on "baby day"—that's all.

## BLOCKS STRIKE PLANS

### INJUNCTION ISSUED AGAINST UNION MEN BY JUDGE LAWTON OF SUPERIOR COURT

BOSTON, July 21.—James A. Howlett, business agent, and other officers and members of Boston Carpenters' District council and the Allied Building Trades, have been enjoined by Judge Lawton of the superior court from taking any action to compel Irving & Casson, the A. H. Davenport company and 17 other firms engaged in the manufacture of interior finish to employ union workmen.

Testimony was offered before Judge Lawton yesterday in the motion for an injunction of the superior court to the effect that in two instances since the stipulation was entered into, carpenters had been called off work where the interior finish was being installed by some of the firms who brought the proceedings.

Howlett denied that he had given authority to any person to instruct carpenters to leave work that they were engaged upon, and declared that the calling out of men was related in court was the result of a mistake for which the unions were not responsible.

### ANGEL GUARDIAN SOCIETY

The result of yesterday's sporting program conducted at the annual outing of the members of the Angel Guardian society of St. Joseph's parish was as follows: Altar boys vs. Choir boys, 7 to 6 in favor of the former; Gull-bault vs. A. G. Cadets, 15 to 4 in favor of former. 100-yard dash (boys 15 to 18)—won by Charles E. Rondeau; second, E. Conit; and Arthur Decelles, third; 100-yard dash (boys 13 to 15) won by L. Lavallee; second, Alphonse Desrosiers, third; 100-yard dash (boys 10 to 13) won by A. Laurent; L. Lavallee, second; 100-yard dash for members of Co. E. A. G. Cadets, won by W. Mettler; E. Jean, second; 100-yard dash for St. Jean Baptiste church altar boys, won by Louis Tessier; Henry Lehoucq, second; A. Decelles, third; three-legged race, won by Theophile Roy and Philippe Breton; bag race, won by Alfred Marcotte; Theophile Roy, second; shoe race, won by A. Laflamme and Theophile Roy was second; potato race, won by A. Laflamme; Romeo L'Heureux, second; mile run (seniors) won by Albert Cloutier; Rosalie Asselin, second; relay race between Companies C and D won by Co. D; quarter mile run, won by A. Laurent; Albert Decelles, second.

The sporting events were in charge of L. Lamontagne, L. Lessard, C. Asselin, J. Bergeron and W. Chapais. The general committee was as follows: Chairman, Joseph Bergeron; treasurer, Rev. Joseph Dele, O.M.I.; Emilie Morin, Wildie Chaput, Laurent Lessard, Arthur Salvas, Romeo Lozau, George Paquette, Emilien Asselin, George Baribault, Leo Blodreau and others.

### Off For The Woods?

Don't forget your bottle of Minard's Ointment for tired, aching muscles, sore hands or sore feet. Being an antiseptic and germicide, it removes the poisonous germ from insect stings and mosquito bites. For cuts, sprains and bruises it is positively necessary.

# DRACUT ITEMS

## Some Things That Happened During the Week—Excuse Age

One of the most successful events in Dracut for a long time was the annual lawn party under the auspices of the Ladies' Benevolent society of the Centre Congregational church, which was held on the church grounds Wednesday evening. The affair was largely attended and the receipts of the evening were very substantial. The grounds had been handsomely decorated for the occasion while numerous electric lights supplied light. Booths and sales tables, which did a thriving business, had been placed here and there about the place, and all in all the affair reflected much credit upon the organizers.

One of the guests of honor during the evening was the pastor, Rev. Ernest C. Bartlett, who at the close of the affair warmly congratulated those in charge for the brilliant success obtained. During the evening an excellent musical program was given by the church orchestra. Mr. and Mrs. Albert Fox were in charge of the arrangements and they were ably assisted by Mr. and Mrs. Asa Stickney. Those in charge of the sales tables were as follows: Mr. and Mrs. Alton Bryant and Mrs. Asa Stickney, ice cream; Alfred Fox and Thomas Varum, tonic; Misses Doris Fox and Evelyn Dutton, lemonade; Mrs. Harry Fox and Mrs. Jessie Currier, apron table; Mrs. Joseph Carpenter, Misses Orpha Coburn and Hazel Cluff, candy; Mrs. Donna Cluff and Mr. and Mrs. Conant Udeil, frankforts.

Grange Meeting  
An interesting meeting of the members of the Dracut Grange was held Monday night at Grange hall, Centre village. The attendance was large and considerable business was transacted including election and installation of officers for the ensuing six months. The election of officers resulted as follows: Samuel Pillsbury, overseer; Ethel Wiggins, pomona; Asa Stickney, cere; George Mosley, outside gatekeeper; Mr. Crosby, inside gatekeeper. During the evening a musical and literary program was given by Mr. Howlett of this city and Mrs. Belle Harrington Hall.

Want Church  
The Catholic families of Elsmere, Kenwood, Brookside and Belle Grove have started a movement for the establishment of a Catholic chapel in their district and it is probable that within a short time Rev. J. B. Labors, pastor of St. Louis church will be presented a request to establish a school chapel in Kenwood. A census of the district was recently made and it was found that there are 75 Catholic families in the locality, representing five different nationalities, Polish, French, German, Belgian and Irish.

Last spring Rev. L. C. Bedard, assistant pastor of St. Louis church conducted special school sessions in the district for the purpose of educating the children preparatory to making the first communion. At that time he had a class composed of 30 children of various nationalities. The sessions were conducted at the home of Mr. Rivet in Percy street, and a few months later all the children received their first communion at St. Louis church. The residents of the district claim they can support a school chapel in their district and they are willing to lay aside the question of nationality and unite in supporting a chapel.

Struck by Automobile  
A black and tan dog owned by Octave Daignault of Nassau street, Kenwood, was struck and run over by a large touring car on the state highway Wednesday evening, and was only slightly injured. It is said that this is the third time this small dog has been run over by automobiles and it is still alive. Marvelous!

Assignment of Teachers  
At a recent meeting of the town school board the following teachers' assignments were made: Dracut Centre school, Mrs. Ethel Gordon, graduate of Lowell Normal school and residing at Falm, N. H.; Miss Florence Winslow, transferred from Broadway to Centre. Broadway, Miss Elizabeth Dowler, graduate of Lowell Normal school and residing in North Tewksbury; Kenwood, Henry C. Baldwin, principal, residing in Hyannis, Col.; Mrs. Miss Terine Gould, Lowell; Miss Mary Gordon, Lowell and Miss Bertha Reid, North Reading; the principalship is vacant.

Collinsville School  
Work on the four-room addition to the Collinsville school which is being done by the Burton H. Wiggins Co. of this city, is progressing rapidly but the members of the school committee fear that the extra four rooms will not be ready for the opening of the fall term. The foundation is completed and part of the basement is finished. The wood work will be started within a few days.

Officer Resigned  
William Davis of Elsmere, who has held the position of police officer for the Kenwood district for the past two years, has resigned his office on account of other business matters. He will be succeeded by Thomas McManus, who is employed at McManus' nursery.

Blueberries  
The blueberry season is on and this fact is very noticeable in the Belle Grove district, for hundreds of men, women and children—many coming from the city—are seen daily going over the old Methuen road with pails and baskets, their destination being Old Nickel mine. Another place well frequented is Blueberry hill on the state highway, but it is said that in both places there are more pickers

## FRECKLES

Now is the Time to Get Rid of These Ugly Spots  
There's no longer the slightest need of fearing ashamed of your freckles, for the prescription, Colman's double strength, is guaranteed to remove these homely spots.  
Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.  
Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

than berries, for the fruit crop this year is very small.

Personal Mention  
Reinold Rhombert has purchased a handsome pair of work horses for which he paid \$800.

Octave Daignault is erecting an addition to his home in Nassau street.

Henry W. Peabody has finished a new cottage in Arlington street.

Oliver Coburn is finishing a cottage in Bridge street.

Miss Julia Fox of the Centre is spending the week in Salem, Mass.

Miss Doris Fox of the Centre village is the guest of relatives at Intervale, N. H.

Mr. and Mrs. Everett Fox of Marsh hill are rejoicing over the birth of a son.

George Hague is completing a home opposite the Centre school.

Despite the fact that the farmers are offering higher wages than they have ever paid for common farm labor, they are having considerable trouble in getting men. This year's crop is fine, but it is feared that a lot of it will be ruined on account of the scarcity of help. Some of the farmers are making up for the deficiency by machinery, but even at that able bodied men would find work at good wages in Dracut.

## TO MEET IN SPRINGFIELD

### DEMOCRATIC STATE CONVENTION LIKELY TO BE HELD THERE

BOSTON, July 21.—The democratic state convention will in all probability be held in Springfield this fall.

Chairman O'Leary favors holding the convention in that city, and it is understood that a majority of the members of the state committee are agreeable.

The convention bureau of the board of trade will contribute \$200 toward the expense of this convention. The democratic convention was last held in Springfield nine years ago.

## CITIES AND TOWNS SLOW

### FAIL TO CO-OPERATE AND DELAY WORK OF VOLUNTEER AID ASSOCIATION

BOSTON, July 21.—The lack of co-operation on the part of the municipal authorities of various cities and towns throughout the state is proving a great inconvenience to the work of the Massachusetts Volunteer Aid association.

To give a concrete illustration of this lack of or delay in co-operation, Early this month an old man, living in Boston, but dependent upon a son who worked in Worcester and was called to the Mexican border with his regiment, applied to the association for financial assistance. The immediate needs of the old man were cared for by the association and the mayor's office at Worcester was requested on July 5 to investigate the facts concerning the son and report to the association as soon as possible.

On July 13, according to F. W. Morrey, assistant superintendent of the headquarters of the association, a second request for information was made and finally a third request was dispatched yesterday to the office of the mayor of Worcester. Mr. Morrey declared that no reply of any sort had been received and that aid has meanwhile been furnished to the old man on the assumption that his story was genuine in all respects.

But for this waiting of the customary red tape Mr. Morrey explained, the old man in question, who is typical of a large number of persons similarly situated, might have starved to death while the authorities at the other end of the line were taking their time over the desired investigation.

Numerous other instances of the sort, though none quite so glaring, have been encountered, the superintendent explained, and the result has been a distinct handicap to the association, which is forced to give persons the benefit of the doubt until some definite information can be secured.

Twenty applications for aid came in to the headquarters at 70 Kilby street yesterday, 12 in person and eight through the mails. None of the cases was urgent, but all require immediate investigation.

## "DRY" MOVE TO BE MADE

### LIQUOR CONSUMPTION IN BRITAIN UNDIMINISHED—TO ASK PARLIAMENT FOR PROHIBITION

LONDON, July 21.—There is accumulating evidence that the consumption of alcohol, despite the efforts of the board of liquor control, has diminished little, if at all, and that it is still seriously affecting national efficiency, both in war work and in other vital industries.

As a result there has been a greatly increased demand for prohibition. The most striking manifestation in this respect has been the formation of the "Strength of Britain" movement, organized by business men who heretofore have not been connected with temperance work. They will soon present to parliament a memorial demanding a suspension of the liquor traffic during the war.

The signatories to the memorial include representatives of the Order of the Privy Council, parliament, the army and navy, universities, great shipbuilding companies, munition workers and large business firms, men eminent in science and art and other leading citizens in all parts of the country.

### FAIRBURN'S MARKET OUTING

On Wednesday Fairbourn's market was closed all day so that the employees might enjoy their annual outing, in which about 25 participated. They went to Revere beach in a special trolley which left the square at 8 o'clock in the morning. The entire day was spent seeing the sights and taking in many of the attractions along the boulevard. At noon the party had a real shore dinner at the Metropolitan hotel, which appealed to them to the extent that they went back for supper. After this was well digested during the course of a little more excitement, all started for Lowell, which was reached about 11 o'clock. Much credit is due to Leo Gendron, who had charge of the day's arrangements.

### PLAN TO AID MILITARIAN

Women's Patriotic League is Formed at City Club Meeting With 32 Members  
BOSTON, July 21.—The Women's Patriotic league was formally launched at a tea given at the Women's City club yesterday afternoon to the mem-

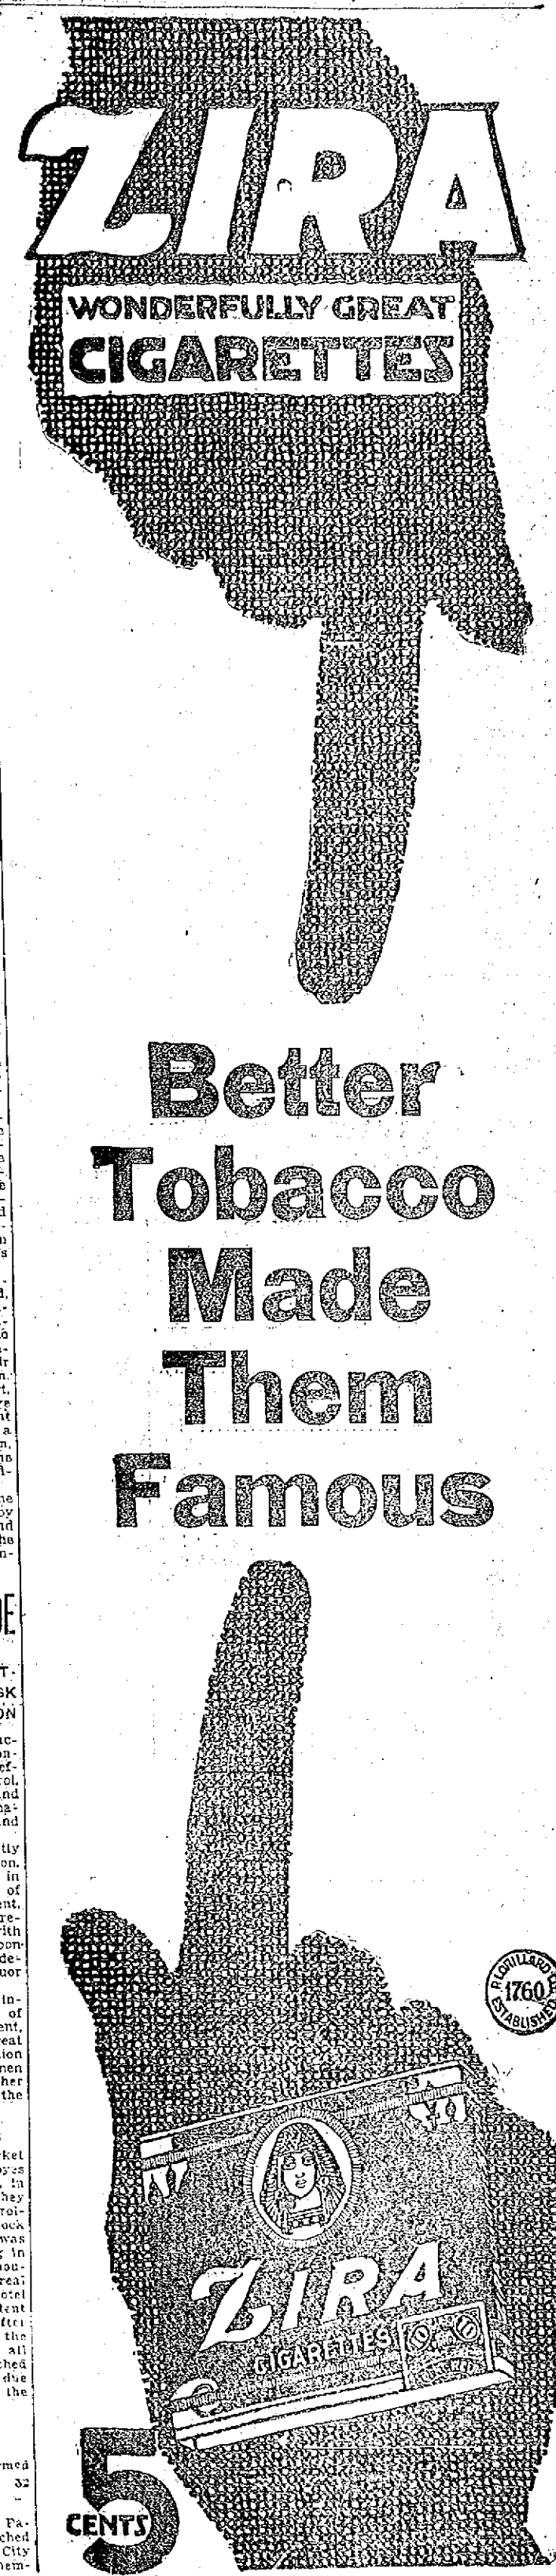

bers who have relatives at the border of who are interested in the Massachusetts militiamen serving with the colors.

Mrs. Henry D. Cormier, Mrs. David, Mrs. James J. Storrow, president, she explained that it was proposed that the women band together to keep in touch with our Massachusetts troops and to help them in every possible way.

After the addresses the society was organized and 32 members joined. A

committee was appointed, including Mrs. Storrow, Mrs. Charles A. Brown, Mrs. Henry D. Cormier, Mrs. David, Mrs. James J. Storrow, president, to bring in names for a board of officers or an executive committee at the next meeting, which will be held in the Club garden Thursday, Aug. 10.

# NEWS FROM CAMP COTTON

## Lowell Boys at El Paso—Lieut. Christian Meets With Painful Accident

Camp Cotton,  
El Paso, Texas,  
July 18, 1916.

The second contingent of Massachusetts troops arrived about 11 a. m. today loaded down with their new packs and the accumulations of a five day trip to the border. They were under the direction of officers of the Sixth regiment and the coast artillery. They also had the pleasure of traveling in "sleepers" while we were obliged to make ourselves as comfortable as we could in ordinary coaches. But we were more than glad to see them and gave them a most welcome. The whole regiment lined up on the parade grounds while the rookies passed in review, each company giving its new members three cheers and a tiger when they arrived opposite them. Company M had about the greatest number of all and I think we shall be obliged to change about ten of our men to another company in order to equalize the companies. They pitched their tents in the afternoon and they had the use of our cots during the night time for we were ordered to "stock yards" for outpost duty at six o'clock where we remained until 6 p. m. the following evening. This has been our second detail to outpost duty in a week so that we have not had very much time to ourselves. The "stock yards" are right on the banks of the river and at a point which is fordable and is therefore considered a very responsible post. Our orders are to allow no one to cross from either side so as to prevent the smuggling of ammunition. The Mexicans have their outposts right opposite us about 150 yards, but they keep pretty well out of sight in the heavy underbrush along the bank. Occasionally you catch a glimpse of one of them with their two white handkerchiefs of cartridges over their shoulders and a revolver, rifle, and bayonet. They look like walking arsenals. But they did not trouble us and of course we did nothing more harmful to them than to stare at them through a pair of field glasses. There is one thing, however, that deserves special mention. It is the beautiful scene presented by the Rio Grande, on a moonlight night. Last night there was a full moon and the memory of the beautiful picture is one of the things that will remain with us in the days to come.

During the week we were very busy between drilling, "hiking," inspections and visits to the hospital for some other new inoculation or vaccination. If everybody in Lowell would only visit El Paso for a couple of weeks there would be no need of a contagious hospital at home. We ought to be absolutely germ-proof when we get back. Our first "hike" was interesting as well as instructive. We marched from the camp through El Paso. This was the first time many of us had a chance to see the city itself, to Fort Bliss and back, a distance of about eight miles in all. El Paso is certainly a beautiful city. Its business section is equal to that of any of twice its population in the east and its residential section is far superior. The residences are practically all of the "bungalow" type, being built of red or white brick and of every conceivable design. Each has its little lawn, its flower beds, hanging vines and shade trees, and they spell "comfort" in capital letters. After returning from the "hike" there was a remarkable for the showers (we have our own now) and the only thing that could induce us to leave them was "mess" call. The inoculations left many of us with sore arms and sore heads but we are getting so used to them now that we take them as part of the regular routine.

Lieut. Christian had a very painful accident last Friday, which came very near resulting in losing the sight of one of his eyes. We received a few bottles of ammonia for cleaning the rifles and Lieut. Christian was opening one of them when it blew right up in his face and eyes with the result that he has since been confined to his quarters with bandaged eyes. The reason for the accident is attributed to the fact that the ammonia is bottled in a much cooler temperature and the heat caused gases to form with the above result. The other company commanders were immediately notified to place the bottles on ice before opening.

Camp Cotton Notes

Muselman Fred Callahan was probably the most welcome man in the whole contingent. Fred has been a member of the company for 15 years and is a bugler of unusual ability and

## GRAY OR FADED HAIR DARKENED

permanently with perfect ease and safety. Wet your hair all over with Q-Ban, the only guaranteed hair color restorer, every day and expose it to the sun and air—then your hair will gradually and evenly change to its original uniform dark shade. Absolutely not a trace of gray hair will be left and nobody can ever tell how it happened. Just think of that! Furthermore, your hair will be much more glossy, lustrous, soft and fluffier than ever before—and fascinating to behold.

The secret of this wonderful change in the color of your hair is mainly brought about by a process of oxidation (oxygen in the air) which results from drying your hair in the sun and air after Q-Ban has been applied. Sun and air are Nature's own medicines and a very important part of the Q-Ban process. Only in this way with Q-Ban and the aid of sun and air can the color be permanently and safely restored to your hair. Make no mistake about this—all preparations claiming to instantly restore the color to your hair are fakes or treacherous dyes.

Q-Ban is made from a scientific formula of glycerine, swofel, alcohol, ethyle and perfume discovered after years of laboratory study and approved by the greatest chemical experts in the world, including Prof. Von Huber. Everybody uses Q-Ban nowadays, because it is safe and sane and the only guaranteed liquid hair color restorer that is absolutely free from dangerous, dirty, sticky dyes and paints and we want you to know the facts.

Beware of imitations. Give Q-Ban a trial today—you can't do anything until you try—get it from Riker-Jaynes-Sigette Drug Stores—see a bottle or write Hestig-Elis Drug Co., Memphis, Tenn. Money refunded if not more than told. The famous Q-Ban super-fine hair tonic—Q-Ban Soap for shampoo or toilet are also made by us. Write for authoritative booklet on hair culture—free.—(Adv.)

as the regiment is badly in need of musicians Fred's arrival was very timely.

The company received several "sunshine packages" from Westford, containing many useful articles, such as soap, towels, handkerchiefs, writing material, stamps, tobacco, etc., for which the boys feel very grateful. There is one member of the company from Westford, Priv. Haywood.

Lieut. Paul Kittredge is overloaded with work now that Lieut. Christian is on the sick list. The company is of the opinion, however, that he will be promoted very soon now that the whole company is here, and is needless to say that the boys feel that he deserves it.

Privat Sergt. Kirk takes his inoculations the most "effectively" of any man in the company.

Sergis. Smith and Spillane are getting used to their duties as mess sergeant and Q. M. sergeant, respectively.

Sergis. Brennan, Wallace and Harley take turns at "locking" up the tents every night.

Corp. Kenney has been appointed "sanitary corporal" and there isn't anything getting by the corp. in his line.

Corps. Thyme and Conway are putting on weight in spite of all the hard work.

The two new corporals, Thomas McDermott and Taylor are taking to their duties like old timers.

The new arrivals met with the same kind of a reception that was accorded us along the route and Springfield, Mo., didn't forget them, even though it was 6 o'clock in the morning when they arrived there.

Privates Gillis, Hatch and Myron have been seen together very much lately.

Sergt. Smith has received that letter at last.

The boys are glad to see George Wayne. He will keep things alive on the "deadest" days.

Private Mangan still entertains with his tenor solos.

The Knights of Columbus of El Paso held "open night" for all the National Guard last Thursday evening and the rooms were packed to the doors. Everybody had a good time and were invited to attend the "smokers" that are to be held weekly.

Corp. Francis Haggerty.

## HOLLAND IMPORTANT CENTRE

ROTTERDAM, Netherlands, July.—Besides being the medium through which the war news of the belligerents and much else is exchanged, Holland is apparently the principal centre whence the respective espionage organizations send out their agents into the enemy's country and, moreover, an important spy recruiting ground. Many Dutch citizens, even members of the nobility, have, according to a contributor to the Nieuw Rotterdam Courant, entered this dangerous and lucrative service and not a few are now in the day in foreign captivity, not to mention those who have paid the penalty of their lives. There are, it appears, two known espionage quarters in Rotterdam, directed by men commanding extensive staffs. Even an innocent visit to such offices may have the most unpleasant, if not dangerous consequences, for the eyes of the cameras of the opposing party are even on the watch and several Rotterdam men have long been incarcerated in foreign prisons merely on such a ground.

Significant in this connection is the recent dismissal from the police service of two detectives on the staff of the chief police bureau of Amsterdam, for having entered into well paid clandestine relations with the German secret service. Their "slide line" included, among other jobs, the watching of persons of different nationalities, who had applied for passports to enter Germany, but concerning whom the investigations are now afoot to ascertain whether other police officials in the chief cities of Holland may not have yielded to German temptations.

## NOVEL SITUATION

TOKIO, July 21.—Foreigners witnessed an unusual and beautiful scene last month when 10,000 fireflies were released at night by schoolchildren before the imperial palace in salutation of the emperor. The children gathered the insects in one of the suburbs, enclosed them in tiny wooden cages and marched to the palace. At a signal the luminous insects were set free, flying like a cloud of scintillating spots of light. From the ancient palace rampart a court official acknowledged the tribute by waving a paper lantern, bearing the imperial crest.

A Wonderful Food—

Not only delicious—but there's "life" in

# Grape-Nuts

Try this experiment yourself. Take some Grape-Nuts direct from the package. Hold the granules in the palm of your hand under sunlight or an electric bulb. You will notice tiny shining particles of light on the granules—the starch of the grains transformed.

Then do the same with some other prepared food—any other prepared food. You don't see these glistening particles.

"There's a Reason"

The wonderful taste—the wonderful nourishment in this great food is due to the fact that in addition to the sweetness of the whole wheat is combined the delicate flavor and food value of malted barley.

This gives Grape-Nuts two great factors that no mere wheat food can possess. The delicious zest of malted barley imparts a savor that is universally liked; and beyond that, the barley contains a digestive (not in wheat) which, with long baking, transforms the starch of these full grains into a form of sugar which shows on the golden-brown granules.

If you haven't tried Grape-Nuts food you have a treat in store. It not only appeals to the appetite but is a powerful builder for body and brain.

Sold By Grocers

and defense as follows:

Cruiser may fight cruiser at sea and the one capture the other, dreadnought may fight dreadnought at sea and the one capture the other. But in the air there is no capture! One aeroplane cannot tow another, that has been put out of action, through the air.

Notwithstanding this fact there is the greatest similarity between naval and aerial combat, and no doubt can be entertained that the future fleets of dirigibles and aeroplanes will be handled in precisely the same fashion as a fleet at sea. Taking orders from the leader of the line, the flagship, they will follow out the same evolutions and the same movements as those now in use in the navy.

Closing into conflict, the primary idea of the pilot of each craft is to obtain the best strategical position;

## CASTORIA

For Infants and Children

In Use For Over 30 Years

Always bears the Signature of

Chas. H. Hutchins

that is both the machines traveling

"down" wind and in the same direction.

The best strategical position is above the other machine, there to be able to take it with machine gun fire, if so needed, to drop bombs on it.

Having attained the strategical position the three qualities most required are initiative, speed and daring; initiative, because it is the unexpected move that always wins the aerial combat; speed, to be able to climb faster than the other machine; and daring, to accomplish that which the enemy fears to essay. Pilots in the stress and excitement of a hot fight repeatedly perform evolutions that they admit would be impossible to them in their saner moments, for the strain on the machine is enormous.

With the greater number of aeroplanes the machine gun fires through the blades of the propeller. This means that at least a few cent. of the bullets will be deflected. With only the pilot aboard it is a matter of extreme difficulty to maneuver the gun and the plane at one and the same time. With some types of machine it is impossible. Two men at least, a pilot and an observer, are required for any degree of safety; the former to get the aeroplane into position and to keep her there, the latter to work the gun.

The direction of the wind influences

the combat to a very large extent. Let us take as an example two aeroplanes, A and B, both with a speed of 50 miles per hour, approaching one another. A is flying down wind (with the wind) with a wind of 15 miles behind it. A therefore has an actual speed of 65 miles per hour. B, on the other hand, travelling against the same wind, has only a speed of 35 miles. Therefore A has an advantage in speed of 30 miles.

Before November, 1915, enemy armies were loth to give fight at any price. The Fokker, with its superior engine power, made its appearance and the German army became, not only willing, but anxious. With what result may be gleaned by the greatly increased number of flying men in the casualty lists.

The fighting aeroplane, or to give it its official title, the battleplane, is a machine of an entirely different type from those used for reconnaissance and "gun-spotting" work. Its main duty is to convey the bomb-droppers on raiding expeditions and to beat off any attacks that may be made upon them. It is essential that it shall be able to climb rapidly and that it has a powerful engine, in order that it be outmaneuvered it can get away by means of superior speed.

The preferable types of machine for this class of work are those of the "pusher" (propeller behind) and "double" engine variety. By removing the propeller blades from the forepart of the fuselage (body), the gunner is given at least an 80 per cent wider field of fire.

When the firing is through the propeller the accuracy entirely depends on the skill of the pilot in maneuvering the machine into the required position—that is with the nose pointing directly toward the other machine. This it will be seen that with each movement of the attacked the attacker must immediately follow suit, and the probability is that if he be not wary enough he will be led into a trap over the enemy guns.

Another most important matter is a suitable mounting for the gun. This must allow the largest possible area of elevation and depression. The best direction in which to fire the gun depends on the type of machine. With some the best direction is backwards, upwards, or slightly to one side; with others, in front, backwards and upwards; with others, again, behind and below.

When giving chase to another machine the pilot should always aim to keep the enemy in view and his own

machine out of sight. Once he takes his eye off the enemy when traveling in mid-air it is an extremely difficult matter to find him again.

The pilot should further endeavor to keep his aeroplane between the enemy and the sun, to keep him on his gunner's left hand, and vice versa, to avoid placing himself on the left of the enemy unless by doing so he will put the sun in his eyes. If a turn is found to be necessary he should always turn toward the enemy and not away from him.

The observer's business, is to note the relative speeds of his own and his opponent's machine. If the advantage is with the latter he should reserve his gunfire until the most opportune moment and then fire as rapidly as possible.

And last but not least comes the real human element. There must be a mutual understanding between the observer and the pilot, or the craft will inevitably come to grief.—London Times.

## USING UP VITALITY

The struggle for success uses up vitality in America at a greater rate than anywhere else. Fighting to keep away from the poor-house we shorten the distance to the grave.

Especially in middle age, at forty or thereabouts, do we become impressed with the necessity of laying up a competence and with that feeling in time comes worry, nervous breakdown, neurasthenia. The entire system feels the result of the nervous strain. The digestion resents things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red.

When these things occur, whether you are fourteen or forty, you need a tonic. Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. They are useful for growing children and for men and women whose nervous energy has been overtaxed.

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for free booklet on the blood and nerves.

A QUARTER CENTURY AGO

When a short time ago, on the occasion of a visit to Lowell of Mr. George Parsons, a former Lowell boy, but now residing in Fresno, California, I stated that Mr. Parsons was the first ball player in Lowell who ever used a curve ball, I guess I started something among the fans and players, not of quarter of a century ago, but way back. At that time Mr. James Russell, of the U. S. Cartridge Co., an old-time fan, ventured the opinion that when Curry Foley played here in the 70's, he used the curve. Then others came along with varying opinions as to who might have used the elusive bender before my friend Parsons appeared on the diamond with it. For a time it looked as if the question would be mooted for all time, but at last all doubts have been set at rest, for the present at least, and you can set it down that the first Lowell ball player to produce a curve ball in this city was Frank McLaughlin, who played professional ball for a longer period of time than perhaps any other man hailing from Lowell.

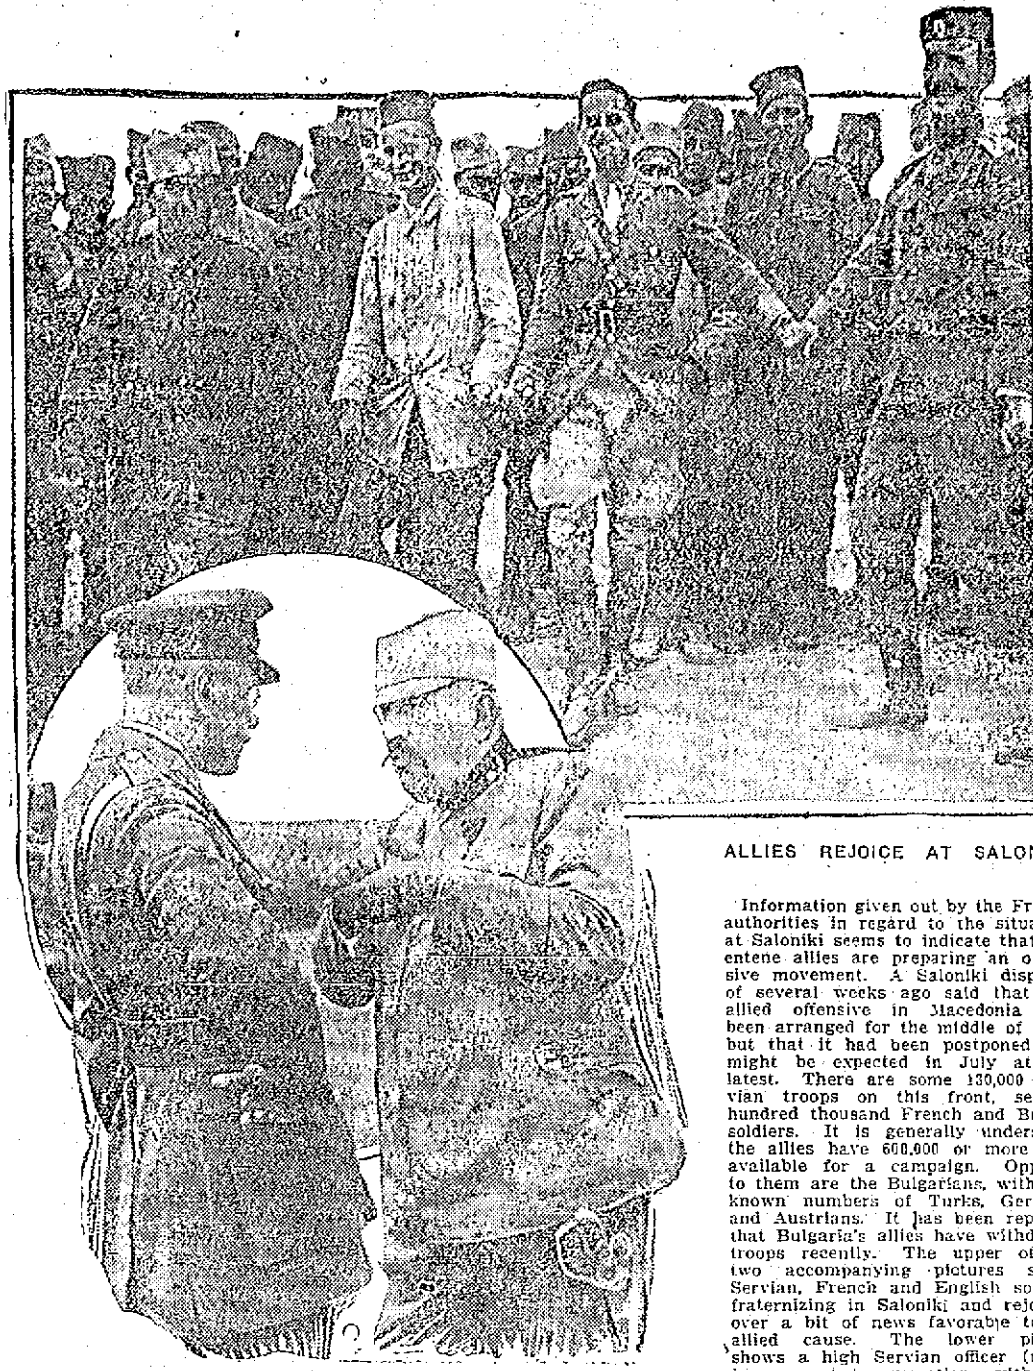

Frank modestly admitted that he was the first man to use a curve, to the extermination of the Excelsiors and the Gobbles, two naughty aggregations of ball tossers who controlled the South and the North commons, respectively. In 1875, and Frank doesn't want anyone to take his word for it, but to consult Elias A. McQuaid, Dan or Peter Donahue, or any of the old-time Middle streeters.

And here's how Frank discovered the knack of pitching a curve, as told to me by himself:

"The curve ball," says Frank, "was the invention of Arthur Cummin of Brooklyn, N. Y., and one of the first men to get on to it was Will White, a brother of Jim White, who with Barnes, May and Al Spaulding comprised the famous Big Four of the Boston team in 1875. In the summer of 1875 Will White came here with the Live Oaks of Lynn to play the Lowell team. Curry Foley then pitched a curve ball, but he didn't. Curry had an upshot and a change of pace that made him famous. Well, I was a bit of a pitcher in those days, and I got behind the bat to get a line on Will White's delivery. I discovered that he was throwing a ball that curved, and then I thought how we kids could curve a stone when throwing it into the river, so I thought that I would try and curve a ball. That night I got a yarn ball, because I couldn't get any thing better, and I went down behind the police station and started to experiment. It wasn't long before I discovered by holding the ball a certain way and twisting the wrist that it was possible to make it bend. I kept at it until I had it down fine and then we went looking for the big fellows.

That year the Excelsiors ran the South common and the Gobbles, the North common, while we were the Middle streeters; you had to belong in Middle street to play on the team. The Middle Streeters consisted of 'Glant' O'Neill, who afterward went to New York and became known as 'King of the Bawlers,' catcher; your truly was pitcher; my brother, Jim McLaughlin, the old Texas Ranger, played first; Elias A. McQuaid, the well known business man, was on second; Thomas McCorley played shortstop; my brother, Barney McLaughlin, afterward in the big show, was on third; Roddy Monahan, who is now connected with the health department, was in left field; Tom McCormick, now of the fire department, was in center, and Darby Coursey, now a painter, played right field. That was our team, believe me. We tackled the Excelsiors first. They consisted of the Convey brothers, Denny Connors, the cigar maker, Maundy Hayes, Mike O'Neill, Paddy O'Loughlin, now on the fire department, Jack Guthrie and some others whose names I can't recall. We walloped them with that new fangled curve of mine. Then we tackled the Gobbles of the Acre and cleaned them up. Dr. Jim Sullivan and Rev. Fr. Fitzgerald were the catchers for the Gobbles, but I can't think of the rest of the team. That was when the

ALLIES AT SALONIKI REJOICE OVER WAR NEWS; PREPARE FOR AN ADVANCE

GENERAL MILNE AND SERBIAN OFFICIAL

Information given out by the French authorities in regard to the situation at Saloniki seems to indicate that the entente allies are preparing an offensive movement. A Saloniki dispatch of several weeks ago said that an allied offensive in Macedonia had been arranged for the middle of May, but that it had been postponed and might be expected in July at the latest. There are some 130,000 Serbian troops on this front, several hundred thousand French and British soldiers. It is generally understood the allies have 500,000 or more men available for a campaign. Opposed to them are the Bulgarians, with unknown numbers of Turks, Germans and Austrians. It has been reported that Bulgaria's allies have withdrawn troops recently. The upper of the two accompanying pictures shows Serbian, French and English soldiers fraternizing in Saloniki and rejoicing over a bit of news favorable to the allied cause. The lower picture shows a high Serbian officer (right) in earnest conversation with the British General Milne.

RUSSIA AND JAPAN  
TOKIO, July.—Charles Miller, a Russian financial agent, has arrived in Japan to arrange for the payment of war munitions purchased here and to investigate and study the commercial and industrial conditions with a view to 'promoting' Russo-Japanese trade. Mr. Miller predicts a steady increase in commerce between the two countries when the war is concluded. He said that the abolishment of the sale of vodka, while sacrificing a revenue of over 500 million rubles, has brought about an important improvement in the economic condition of the Russian people and had greatly increased their purchasing power.

If you want help at home or in your business, try The Sun "Want" column.

TO CLOSE CAMP WHITNEY CENSORSHIP OF WAR NEWS

ADJUTANT GENERAL COLE GETS ORDERS TO CLOSE CAMP AT FRAMINGHAM  
BOSTON, July 20.—Adj. Gen. Chas. H. Cole announced today that orders to close the state mobilization camp at Framingham, probably within a week had been received from Maj. Gen. Leonard Wood, commanding the department of the east. Rifles will be issued this week to the 500 men now in camp and it is expected they will be sent to the border to join Massachusetts regiments. Recruits hereafter will be sent to one of the forts in Boston harbor for training while a score of new recruiting stations will be opened throughout the state.

63 CIGAR MEN PUNISHED  
Serve Day's Imprisonment and Pay Government Nearly \$2,000,000 Back Revenue Tax  
NEW YORK, July 20.—Fifty-three cigar, cigarette and tobacco dealers, after pleading guilty here to charges preferred by internal revenue officials, of having failed to keep their sales books properly, or to attach revenue stamps to packages containing their product, were sentenced by Federal Judge Howe to a day's imprisonment. They served their sentences in the courtroom and were discharged at 4 yesterday afternoon. Fines running from \$10 to \$150 were imposed on 45 of the number.

An arrangement between the government and counsel for the Independent Tobacco Manufacturers' association, of which the sum of \$1,955,000 was paid to the government as settlement money in addition to the individual fines.

RATE OF EXPENDITURE

LONDON, July 20.—Explaining the increase in the government rate of expenditure to \$6,000,000 daily, Reginald McKenna, chancellor of the exchequer, said in the house of commons today that the figure related to the total outgoings and not only to war expenditures.

The unforeseen and unforeseeable causes which had raised the rate of expenditure, added the chancellor, were mainly the rate at which American securities had been sold to the government for the purpose of regulating American exchange and the rate at which advances made to allies and dominions of Great Britain were drawn upon. The concurrence of these two causes had led to the exhaustion of his borrowing powers earlier than was anticipated.

DAUGHTERS IN LOWELL

ROCHESTER, July 20.—Terrence J. Hickey, whose life has been hanging by a thread for a week, passed away Monday at his home on Hickey street, East Rochester, aged 71 years. He was a native of Ireland, the son of John and Sarah (Carney) Hickey, and had lived in East Rochester thirty-eight years. For many years he held a position in the spinning department of the Cocheco Woolen mills and was a good workman. The Hickey family is the oldest Irish family in East Rochester and its members are pioneers of St. Mary's church, Rochester. Terrence J. is survived by a wife, four sons and three daughters. James Hickey of Hartland, Vt., Charles Hickey of Winock, Vt., Thomas Hickey and John Hickey of East Rochester, Mrs. Agnes Zimmerman and Mrs. Sadie Preston of Lowell, Mass., and Mrs. Margaret Miller of Rochester.

INJURIES RESULT FATALITY

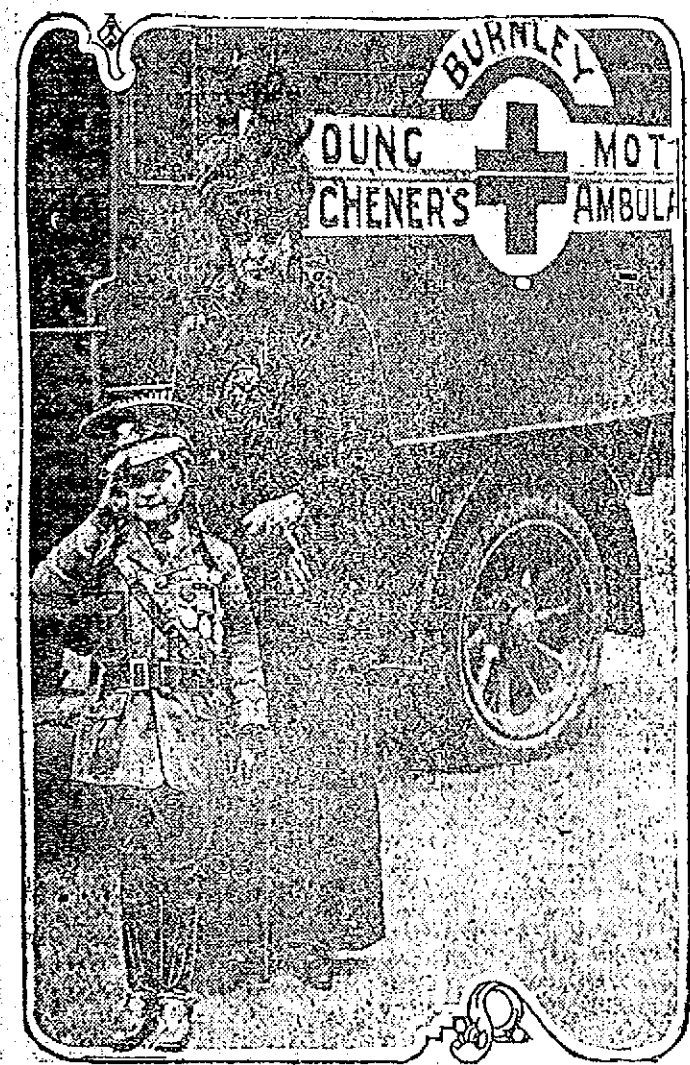

NEEDHAM, July 20.—Albert Neale, 45 years, who lost both legs under the wheels of a train at Needham Junction last night, died at the Needham hospital at 2 this morning.

Neale, who was a diamond cutter employed by the firm of Bigelow & Kennard of Boston, came out from Boston on the train which arrived at Needham Junction at 11:45. It is thought that he fell asleep, but awoke when the train was about to pull out and hurried to get off. He missed his footing and slid beneath the wheels. Neale was a native of Birmingham, Eng., had been in this country eight years, and for just one year had made his home on Highland avenue, Needham Heights. His wife and daughter, Gertrude, survive him.

QUEEN MOTHER ALEXANDRA PAYS HONOR TO LITTLE GIRL FOR WAR RELIEF

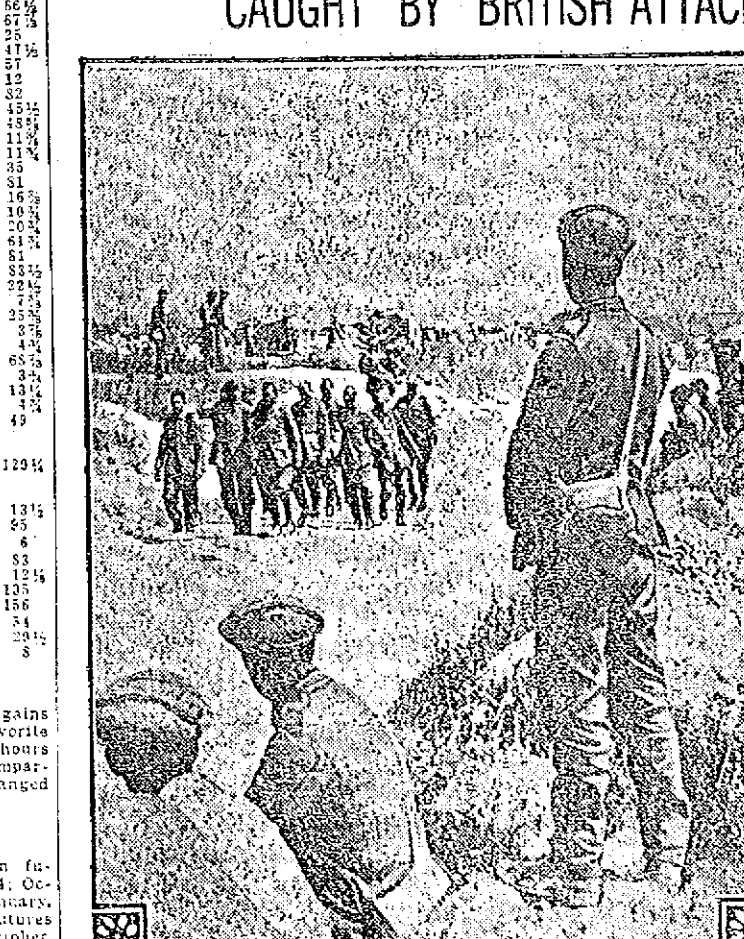

Little Miss Jennie Jackson, the daughter of a miner of Burnley, England, has collected during the past twelve months \$5500 in coppers in the streets of Burnley in aid of the war funds. For \$2500 a motor ambulance called the "Young Kitchen's" ambulance was purchased, and the remainder of the money was handed over for the purpose of purchasing comforts for the troops. The child was introduced to Queen Mother Alexandra at Marlborough House, where her majesty shook hands with the girl, congratulated her upon her successful efforts and was photographed with her. Her elder brother was killed at Loos, and two others are now serving in the army, one of whom has been awarded the D. C. M. Little Miss Jackson is seen wearing medals awarded to her uncle during the South African war.

FIRST BATCH OF CAPTIVES CAUGHT BY BRITISH ATTACK

Among the first photographs of the British attack on the German lines in France received here was the picture reproduced, showing the first group of German prisoners being taken to the rear. Note especially how some of the men need support by their comrades. The soldiers in the foreground are Britishers watching the march of the

# COPS WORKING

Patrolmen on Leave of Absence Engage in Actual Labor

A great many people believe that the policeman's job is a cinch, but there are policemen who would much prefer to do something else if they could earn as much pay, and two, at least, of Lowell's finest have gone to work elsewhere for the time being.

The sturdy, sunburned young man in charge of the crew of street pavers employed as a mending job in Central street near Market street is none other than Patrolman James P. Garrity. Mr. Garrity was given leave of absence several months ago. His leave of absence expired last week and he had it renewed. He is an expert paver and he loves his work. He is young and strong, and he says it agrees with him. Charles J. Morse, commissioner of streets and highways, says there is no better paver in the country than "Jim" Garrity, and Charlie knows all of the good ones. Mr. Garrity receives \$4 or \$4.25 a day as a paver and that, of course, is more than he receives as a patrolman. He will undoubtedly go back to the police department but the chances are that he will not connect himself permanently with it.

Matthew J. McCann, the recognized athlete of the police department, is another who sought change of employment some time ago and who is earning more money than he received as patrolman. Mr. McCann is a machinist by trade and he is working nights at the Cartridge shop. He is a first class machinist and is earning considerable more than was paid him for doing police scout duty on a motorcycle. The United States Cartridge Co. has taken men from other industries and that was to be expected as the Cartridge company was paying better wages than the average, but to lure a policeman away from his job is going some.

# "FAT" WAUGH IS DEAD

WELL KNOWN ASSOCIATED PRESS OPERATOR WAS A VICTIM OF PNEUMONIA

NEW YORK, July 21.—W. L. Waugh, known to telegraph operators throughout the country as "Fat" Waugh, died from pneumonia here last night. Mr. Waugh was born in Fulton, N. Y., in 1850, and began his telegraph career as a messenger boy at the age of 12. He graduated as an operator for the Western Union at the age of 14 and after a few years of varied employment entered the service of the Associated Press. Owing to ill health he was placed on the retired list of the Associated Press a few weeks ago.

Waugh's beautiful "Morse" is a tradition not only in the Associated Press service but among telegraphers everywhere. For many years he was the sending operator in New York on the first main trunk circuit between New York and Chicago and on all special occasions, such as national conventions. Was the sender on what is known as the "bullet wire." Ill health prevented his detail to the last national convention and for the first time in 20 years the Associated Press was without the services of one who, in the past, had flashed to the world the nomi-

# CARTRIDGE CO. OUTING

LARGEST CROWD EVER FROM LOWELL WILL OWN NANTASKET BEACH TOMORROW

The outing to be conducted by the U. S. Cartridge company tomorrow will probably be the largest ever held from Lowell, and the plans promise enjoyment in proportion to its size. Over 4000 employees are expected. The first train will leave the Middlesex street station at 8 a. m. and three other special will follow, the last leaving at 3.30. In Boston a parade will be formed which will march to Rowe's wharf where the chartered boats will be in readiness ready to transport the crowd to Nantasket. At the beach there will be a program of sports and many unusual events to say nothing of the shore repast and water enjoyments. On the return trip the boats will leave at 7.15, 10.30 and 11.30 p. m., but for those who may wish to leave earlier the tickets will be good after 3 p. m. The local committee on arrangements has been kept going attending to details, and it looked today as though the estimated 4000 is below the mark. The U. S. Cartridge company has made a reputation for doing things in a big way, and tomorrow will afford another proof of it.

# PLAINS OF HUNGARY MENACED BY RUSSIAN ADVANCE IN CARPATHIANS

WHERE RUSSIANS MENACE HUNGARY

Hungary was seriously menaced by the Russian advance against the Carpathians, according to recent advices. In the north the Russians secured two important eastern passes in the Carpathians, Jablonitz and Kibbaba, while they also held command of the Delatyn-Budapest railway. Their cavalry moved in the rear of General Pflanzer's forces, near Kimpolung, and apparently the invasion of Hungary had begun. According to one report, a Russian force entered Hungary, threatening the Austrian rear in the mountains. The arrows in the accompanying map indicate the direction of the Russian advance toward the Carpathians since the capture of Czernowitz on June 17. The broken line at the left is the Austro-Hungarian-Russian battle line.

# TO MAKE 2,000,000 SHOES

Brockton Firms Receive Italian War Orders Which Will Keep 2000 Workers Going Two Months

BROCKTON, July 21.—Contracts for army shoe work, said to involve the making of 1,000,000 pairs of climbers for the Italian armies, were signed in New York and announced yesterday by the Charles A. Eaton company and the Fred F. Feld company. Both concerns have been making army shoes for nearly a year, except for the past two weeks.

Work on the new work will be started Monday at both plants. Nearly 2000 operatives will be given steady work for two months at very high wages, the army shoe work being far more profitable to the workers than domestic grades. Anticipating these contracts, the two concerns are plentifully supplied with upper and sole leather, as well as other materials. The average output will be 20,000 pairs per day.

# SHELLAC PLANT BURNED

Bay State Company Factory in Fall River Destroyed With Loss of From \$15,000 to \$20,000

FALL RIVER, July 21.—The big plant of the Bay State Shellac company was completely destroyed by fire last night. During the progress of the fire a heavy rainstorm struck the city and the electric system was put out of commission entirely. The blaze was of such a threatening nature that Chief William C. Davel had the second alarm sounded a few minutes after the arrival of the first detachment of apparatus.

The shellac company's buildings were situated near a congested tenement district and there were fears entertained that the fire might spread to the surrounding buildings. The terrific downpour saved this section of the city from a possible conflagration. The Bay State Shellac company was the same concern of which Arthur E. Parks, the treasurer, and his fiancée, Miss Anna Cushing of Middleboro, were killed in a railroad accident at Plainfield, Conn., this week. The loss last night was estimated at from \$15,000 to \$20,000. The cause of the fire is unknown.

# BRATTLEBORO BOY DROWNS

BRATTLEBORO, Vt., July 21.—John Fleming, aged 16, was drowned in a swimming hole in the canal beside Whetstone brook yesterday afternoon. He was bathing with three younger boys, was unable to swim, and got beyond his depth.

# HEARING ON CENT WILL

BOSTON, July 21.—A hearing on the will of Anna K. Gilman, whose will claims more than a million dollars and shuts off her legal heirs with one cent each, is assigned for today in the probate court at East Cambridge before Judge Lawton.

# POLISH SCHOOL SOCIETY

WARSAW, July.—The German military administration has allowed the revival of the Polish school society, which the Russians had prohibited in the year 1907. The society will now organize branches in all the chief towns and will open primary, intermediate, and high schools at many places. Libraries will be established, lecture courses for educational purposes will be instituted, and pedagogical and other scientific periodicals will be published by the society.

# KNIGHTS OF COLUMBUS

WILL ASSIST IN MAKING THINGS PLEASANT FOR THE LOWELL BOYS IN TEXAS

At a meeting of Lowell council, Knights of Columbus, held last night, it was voted to give some recognition to the members of Company M of the Ninth regiment who are now on duty on the Mexican border and a committee of five was appointed to arrange for the sending of a box of goods to the company's headquarters in Texas and to follow it up later by other boxes. It is the aim of the council to minimize as much as possible the wants of the soldiers while on duty.

Considerable routine business was transacted during the course of the meeting and it was voted to conduct a ladies' day at the summer camp in Tyngsboro in the near future. The arrangements were left with the grand knight and board of trustees.

# SISTER OF CHARITY

Lowell Young Woman Takes Final Vows—Will be Known as Religion as Sister Augusta

Miss Clara Mae Sullivan, a prominent young woman of this city, daughter of Mr. and Mrs. Thomas B. Sullivan of 83 Durant street, and sister of Henry F. Sullivan, the noted swimmer, has taken her final vows in the order of the Sisters of Charity, who are in charge of St. Peter's orphanage in this city and she will be known in religion as Sister Augusta.

Miss Sullivan is 20 years of age and a graduate of the Varnum school of this city. She entered the convent of the Sisters of Charity at Nazareth, Ky., last Jan. 15, and she took her vows last Wednesday. Present at the ceremony was the young woman's mother, Mrs. T. B. Sullivan. The parents hope the new nun will be assigned to duty somewhere in this state, where the order has several institutions of charity.

# MOSQUE TO MUSLIMS

LONDON, July 21.—To the many architectural beauties of London will be added after the war a grand mosque in memory of the Moslems who have fallen in the war on the side of the allies.

The work of raising funds for its erection is in the hands of Lord Headley, who embraced Mohammedanism three years ago and a devout member of the faith. He has raised even now a large sum toward his object, but perhaps will obtain twice the sum now available before the building will begin.

The records of the Mohammedan faith Lord Headley is described as "Salfurrahman Shalka Rahmahillahi Farooq," which is a title of highly complimentary nature. Lord Headley has always had a reputation as an enthusiast, and this he is maintaining in his new religion. He is a young man who was the best boxer at Cambridge, having won the middleweight and heavyweight honors. He is a civil engineer, a former editor and a large land owner in Ireland.

# MISS SMITH WINS CASE

HARTFORD TRUST CO. NAMED TO BE HER CONSERVATOR BY JUDGE L. P. WALDO MARVIN

HARTFORD, Ct., July 21.—The objection of Marion Pomeroy Smith of Hyannis, Mass., had to the appointment of her Massachusetts conservator, Charles C. Faine of Barnstable, as her conservator in Connecticut, was upheld by Judge L. P. Waldo Marvin of the probate court yesterday afternoon, when he named the Hartford Trust company to serve in that capacity.

The young woman has property of some value here.

A hearing on the capacity of Miss Smith to manage her property affairs, which are said to be considerable, had received the court's attention for several days.

# FEEDING THE BIRDS

The Lowell Fish and Game association has received a copy of the following letter of suggestions relative to winter feed for birds, from the chairman of the fish and game commission:

Boston, July 11, 1916.

We all understand the value of providing food for the birds in the winter and we know that this is the only solution to a large supply of quail. The birds suffer very greatly last winter through their failure to get food and grit.

One of the best ways to provide for them is to plant grain which will be permitted to stand during the winter. We believe the Silver Chaff buckwheat about the best grain, and if planted any time between now and Aug. 1 should yield a satisfactory crop. It should yield \$1.65 a bushel, and a bushel and a half should plant an acre.

We earnestly urge you to see that some of this grain is planted in your district, and if you cannot spare the time you should undoubtedly hire some farmer friend to do the work for you. It will be a nominal price to put it along his stone walls or in his pasture.

We cannot urge on you too strongly the necessity of quick action in this matter, and we should be pleased to have a report as to what you have done.

With best wishes for your continued prosperity, we are Very truly yours,

William C. Adams, Chairman.

# VOLUNTARY WAGE INCREASE

Rockland Trolley Company Gives from 10 to 15 Cents a Day More—Maximum \$2.25

ROCKLAND, Me., July 21.—The Rockland Trolley and Canden Street railway yesterday granted another increase of wages. First-year men are to receive \$1.50 a day, instead of \$1.50; second-year men are advanced from \$2 to \$2.10, and third-year men are advanced from \$2.10 to \$2.25. The raise was made voluntarily, as was the increase granted by the corporation last February.

# HIBERNIAN'S CONVENTION

PROTEST ON CASEMENT HANGING CABLED TO GREAT BRITAIN—BUSY SESSION

BOSTON, July 21.—A cablegram protesting on behalf of 250,000 members of the Ancient Order of Hibernians in America, the hanging of Sir Roger Casement, was sent by the national officers of the Hibernians last night to Premier Asquith, American

## FAIRBURN'S

12-14 MERRIMACK SQ. TEL 788-789

Ambassador Page at London, Lawrence Ginnell, house of parliament, Cardinal Logue of Dublin and Bishop O'Dwyer of Limerick.

The cable reads:

"Whereas, the National Convention of the Ancient Order of Hibernians in convention assembled at Boston, Massachusetts, U. S. A., 250,000 members representative of the Irish in the United States, do protest the hanging of Sir Roger Casement as an act of inhumanity that the Irish people can never forget and will never forgive.

"Further, the hanging of said Casement must be accepted by the Irish people as an act of hate and not of justice."

The cable is signed by Joseph McLaughlin, national president of the A.O.H.; Francis A. Campbell, John O'Dea, M. Delaney, John J. Cox, Philip J. Sullivan as members of the committee.

When the cablegram was read last night, just before it was sent, to the 500 delegates assembled in this city in convention at their banquet at the Copley-Plaza, it was greeted with tumultuous applause.

There were 1200 men and women in the grand ballroom and the renaissance room of the hotel. The handsome gowns of the women relieved the sombre black dress suits of the men. The green flag of Erin intertwined with Old Glory, with the exception of the warm, tender-hearted Irish inscription, "God Save the King," meaning "A Thousand Million Welcomes," were the only decorations.

Another feature of the evening, and it was full of features, was the presentation of a large emerald-shaped diamond pin to Mayor Curley by the officers of the Suffolk county divisions. The presentation speech was made by County President Frederick J. McLaughlin. The mayor responded eloquently.

All the forenoon and most of the afternoon was taken up by both the Ancient Order of Hibernians and the Ladies' Auxiliary with their routine business. The day started with the celebration of a solemn high mass of requiem in St. James' church, Harrison avenue, the Rev. Philip O'Donnell, rector. The mass was celebrated for deceased past national presidents of the order and for the Irish martyrs. Father O'Donnell was the celebrant. There was a big attendance of men and women delegates. Mr. P. J. Supple, administrator of St. John's

church, Roxbury, preached the sermon. Referring briefly to the Irish martyrs, Mr. Supple said that the men had given their lives for love of country.

The morning session of the A.O.H. was opened with prayer by the Rev. Patrick N. McDermott, of Massena, chairman of Irish history in that state. John F. Donnelly of Cambridge, state president of the A.O.H., handed in the names of those appointed on the different committees of the order in this state. During the afternoon the secretary's and treasurer's reports were read.

In the course of her address yesterday, Mrs. Jolly spoke of the work of erecting a memorial to the dead Irish who nursed the soldiers during the Civil war. A replica of the proposed monument was on the stage. It will cost \$50,000. This sum is already on hand, and all that the auxiliary is waiting for is the granting of a site in Arlington cemetery, Virginia, by the government.

# MANY AFFLICTED WITH NEURITIS

Expert Gives Simple Tests For Painful Disease Prevalent Here.

Have you a pain in the shoulder when you attempt to put on your coat? Is your arm sore and painful at night? If so you very likely have rheumatic neuritis, which has become so prevalent during the past six weeks, said W. A. Varney, the discoverer of Var-ne-sis.

W. A. VARNEY, Discoverer of Var-ne-sis.

"The shoulder and arm is very painful if raised above the head and the pain is usually severe at night so that sleep is impossible. If the condition is neglected it may extend to the hand and weaken the muscles so that it is almost impossible to lift a cup. A dragging heavy sensation is often complained of when the arm is allowed to swing at the side, this is relieved by using a sling. Exposure to the cold or wind tends to increase the trouble.

"A simple test is to hold the arm at right angles to the body and exert pressure on the elbow when pain will be felt in the shoulder or between the shoulder and the elbow. There is rarely any swelling and the main symptoms are pain and weakness of the muscles, with more or less numb-

ness and tingling sensation, although this may be absent in many cases. "Hundreds have been benefited by Var-ne-sis after suffering from this painful affliction and I want to warn the public that treatment of some sort should commence as soon as the disease appears, as neglect and the

ness and tingling sensation, although this may be absent in many cases. "Hundreds have been benefited by Var-ne-sis after suffering from this painful affliction and I want to warn the public that treatment of some sort should commence as soon as the disease appears, as neglect and the

ness and tingling sensation, although this may be absent in many cases. "Hundreds have been benefited by Var-ne-sis after suffering from this painful affliction and I want to warn the public that treatment of some sort should commence as soon as the disease appears, as neglect and the

hope that it will wear itself away has resulted in much needless suffering and an almost useless arm.

"Var-ne-sis has been unusually successful in the treatment of this condition and the results are quite rapid when the disease is taken in time, many have told me that two and three bottles have been sufficient to entirely remove every sign of the disease, but in the old chronic cases it requires much medicine and proper instructions as to the use of the afflicted member."

A newspaper devoted to rheumatism will be mailed to all who address W. A. Varney, Lynn, Mass., and every rheumatic should have one—it's free.

Get Var-ne-sis now, today. For sale at all reliable druggists.—Adv.

## STRONG TRADE FIGHT

During the war the belligerent nations have been fighting with all of the important neutral powers as well as with each other. Sometimes the controversy has been over the death of neutral citizens, as in the long misunderstanding with Germany, and again it had reference to the loss of trade as in the blockade issues raised with England. The rights of American persons and property have often been menaced, but for the most part a settlement followed the exchange of diplomatic opinions. No satisfaction was given us for many of our grievances and some have been left over until the end of the war for final adjustment.

What promises to be the most important trade controversy of all is now taking shape at Washington in protest against the recent action of England in placing American firms on its blacklist. England, being stung to anger over the successful trip of the submarine Deutschland, which in principle threatens her blockade, has resorted to an illegal form of retaliation which menaces American trade to a considerable extent. The British Government has affirmed that it has "blacklisted" almost 100 firms and individuals "domiciled" in the United States and with these firms and persons British subjects are forbidden to trade. Since we are to a great extent dependent on England for our transportation facilities, the possible effects of this order can be understood, and business men say that it would endanger American trade with South America and the Orient.

In resorting to this policy, which is against international law, England is going too far, and the state department has called a conference of heads of the boycotted firms so that action may be taken. She is making the same mistake that Germany made in regard to the submarine controversy and if she persists she will arouse a feeling in this country that may demand strong measures of retaliation. Luckily the president and congress have the whip hand and if England persists in putting American citizens doing business in this country on her blacklist, we have only to talk about a retaliatory embargo to make John Bull see that while he may control the ocean he is dealing with an independent Uncle Sam. England is in no position to arouse American trade hostility—and her wiser men will soon realize it.

perous, or to any lack of interest in mountain, seashore or lake, but rather is it because of the changeable weather of the past few months which has made people unduly cautious. So many intended trips have been postponed or spoiled that many are not inclined to take chances.

It would be a pity if anything should interfere with that annual institution, the excursion. For a great many years signs telling of the wonders of Old Orchard, or Revere, or Winnetoesaukee have aroused eager anticipation in the hearts of our city dwellers, and large crowds have taken in the pleasures of these trips at reduced prices. Your more fortunate vacationist who can revel in the delights of shore or country for a week or two may be skeptical, but there is a vast army of one-day vacationists who do not scorn the excursion and who can pack more real pleasure into one day than others can into ten.

These are excursion days, but one need not necessarily wait for the more advertised events. A dime spent in car fare will take the dweller in dusty roads and smelly tenements out into God's pure air, and the mother of the family cannot do better than to throw all domestic cares to the winds for one day and seek the delights of the out-of-doors. It is fatal to enjoyment to get into the rut of passing each day like the day preceding, and those who think of the great excursions of the past cannot help planning for another in the near future. Now that the weather has become steady and seasonable, the railroads will soon find that the appeal of the excursion is as strong and general as ever.

## IMPROVED SHIPPING

Republican papers are beginning to realize that the administration shipping bill is sure of going through congress and in characteristic fashion they begin to tell of its good points. They did likewise at the time of the federal reserve act, which was opposed until the eleventh hour and was most enthusiastically supported when its prospects of success looked good.

One of the clever by-plays of the partisan press is to call the attention of the country to the great improvement in shipping, but they do not say that the administration bill had any influence in bringing better conditions about. Even so, it is well that the dolorous predictions of a year ago have been shown to be wholly false. When the Pacific Mail Steamship Company, after the passage of the seamen's law gave up its Pacific shipping, it was freely said that the La Follette law and the prospect of the administration shipping bill had driven it out of business. The company has just bought three new steamers with every expectation of a prosperous future—under the administration shipping law, to boot.

If private ownership should develop in the next few months to such an extent that the government aid would be superfluous, nobody will be more glad of the change than President Wilson. Let it not be forgotten that this administration urged the shipping bill from the first as only a temporary measure and only to make up for the deficiency in private ownership. The following tabulation of building activity from the Boston Herald will serve to show that private shipping firms have little dread of the much-mooted "government competition," which, of course, is not competition in any sense of the word, but co-operation:

"Our shipyards have all that they can do. According to an official statement of the bureau of navigation, on July 1 they had under construction or contract 353 steel merchant vessels, aggregating 1,255,724 gross tonnage. That is about four times the tonnage recorded a year ago. It does not fall so very far short of the building in the British shipyards, where the steel merchant ships under actual construction are 423 of 1,425,335 tons. The cause of the exceptional activity by American shipbuilders and shipbuilders is admittedly the larger profit that this business reaps from the unusually high freight rates. We may expect lower rates when the great war is brought to an end."

EXCURSION DAYS

The steam and electric roads are at a loss to understand the apparent lack of interest this year among the people relative to summer excursions. The usual trips of the season have been announced and in some cases held but the patronage has not been up to the usual. This is not due to any lack of money as the people are rarely pros-

perous, or to any lack of interest in mountain, seashore or lake, but rather is it because of the changeable weather of the past few months which has made people unduly cautious. So many intended trips have been postponed or spoiled that many are not inclined to take chances.

It would be a pity if anything should interfere with that annual institution, the excursion. For a great many years signs telling of the wonders of Old Orchard, or Revere, or Winnetoesaukee have aroused eager anticipation in the hearts of our city dwellers, and large crowds have taken in the pleasures of these trips at reduced prices. Your more fortunate vacationist who can revel in the delights of shore or country for a week or two may be skeptical, but there is a vast army of one-day vacationists who do not scorn the excursion and who can pack more real pleasure into one day than others can into ten.

These are excursion days, but one need not necessarily wait for the more advertised events. A dime spent in car fare will take the dweller in dusty roads and smelly tenements out into God's pure air, and the mother of the family cannot do better than to throw all domestic cares to the winds for one day and seek the delights of the out-of-doors. It is fatal to enjoyment to get into the rut of passing each day like the day preceding, and those who think of the great excursions of the past cannot help planning for another in the near future. Now that the weather has become steady and seasonable, the railroads will soon find that the appeal of the excursion is as strong and general as ever.

AGAINST TRICK FLYING

If all of the interests working for aeronautic development in this country had the same idea as the Aero club of New England, there would speedily be an end to the dangerous and foolish spectacular stunts that have killed so many promising aviators in this country. The club has just sent to the Massachusetts house of representatives a resolution condemning trick flying such as loop-the-loop, perpendicular diving, etc., alleging as the reason that so many have died through it and moreover that the country needs the efficient service of all the aviators whom it can muster. The club requests a statute forbidding this form of public exhibition and urges the fining of any person or persons who promote trick aeronautics as a public display.

The Sun has frequently condemned this variety of suicide for show, for such it proves in almost all cases. Those taking part may escape death a hundred times but eventually they miscalculate or the machine gives out and they shank some multitude by plunging to the earth. It is well that chances should be taken by individuals to promote the interests of science, but the foolish flying that is protested against here does no good and does a great deal of harm. If we should call our young aviators to the war service of the country, it is not by turning aerial somersaults, etc., that they will give good service, but by following the conservative lead of all great nations.

THE CAMPAIGN

In an editorial "Hughes vs. Wilson," Collier's has this to say of the campaign:

"The coming campaign is likely to prove, in substance, if not in form, a joint debate between the two candidates. For this debate Mr. Hughes is better equipped and in better shape. Physically he is in the pink of condition, and mentally he is at the highest point of development of his remarkable powers. Not only by temperament and condition is Mr. Hughes adapted to the aggressive, but by the advantage of position he will have the same role. Mr. Wilson will be on the defensive. The administration's record during the last four years will be a chief part of the issues of the campaign. Mr. Wilson will be on guard, Mr. Hughes attacking."

It is substantially correct, only no mention is made of another personality that will have quite a part in the controversial side of the campaign. Mr. Hughes may attack but he is expected to attack fairly. President Wilson will be on the defensive, but he will be backed by his record. Theodore Roosevelt is expected to be the rampant practical politician of the time, saying and doing the things that Mr. Hughes is considered too dignified to do, and making charges that President Wilson cannot answer in the same spirit. It will be an interesting campaign but since the republican candidate is to take the aggressive the country is waiting for the first blow.

FIXING THE ROADS

A statement apparently made on good authority has it that the usual amount of road work in this state has not been done this year for two reasons: First, labor has been scarce—and we know that from our own city experience—and second, the cost of road building is so heavy this year

MILL AND FACTORY EMPLOYES

Have your eyes examined and glasses made at the

**Caswell Optical Co.**

38 MERRIMACK ST.  
Lowell's Leading Opticians. Est. 1923.

that it has proved prohibitive.

There is another reason which is apparent to anybody who takes auto trips in the surrounding country. The state is making a special effort to keep roads already constructed in good shape, and it does not take kindly to plans for new roads in territories where existing roads need attention. The constant complaints of motorists have aroused Massachusetts to action, and our network of state roads is being referred to as a model for other parts of the country. The tendency is for the state to take over a still larger number of county roads and the demands of modern traffic are such that before long either state or nation will take over the roads of the entire country.

The improvements in roads in all directions around Lowell is typical of general conditions, and no matter how strongly we need new roads here or there it is a good thing to bring our present roads into condition before starting out on new construction.

TAKING IT EASY

One does not often hear of such gross neglect of public duty as that instance in New York which resulted in the dismissal of a health department surgeon and the censuring of a police officer from an ambulance which was busy in transporting victims of infantile paralysis to the hospitals. These two worthies left the ambulance with its patients in the broiling sun for 25 minutes while they regaled themselves in a nearby saloon. The excuse offered was that they had entered the saloon for the purpose of using the telephone, but it was unavailing, as was proper. Whatever may be said of municipal shortcomings in this city it is certain that no one connected with our ambulance department would show such a disregard for right and duty. Wherever promptness and fidelity are needed, they are needed in this service of mercy.

SEEN AND HEARD

Swat the fly!

Why is it that a young man who has sprained his ankle playing tennis seems to the girls so much more entitled to romantic sympathy than the young man

If Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET AND REDUCE YOUR WEIGHT. TAKE OIL OF KOREIN.

Lack of fresh air is said to weaken the body, carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and it is not assisted in throwing it off a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air. Breathe deeply, and get from A. W. Dows & Co., of any drugist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep your treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.

Washington Savings Institution

Verification of Pass Books

Complying with the statute requiring the Savings Banks in Massachusetts to request depositors to present their books for verification during the year 1916, this Bank requests its depositors to present their books at any time during banking hours in the months of July and August.

who has got his finger jammed in the lawn mower?

Old Mother Gauder

Mohart Brewer, a farmer near Center Point, Ind., has a gander that believes the duties of the housewife should be shared. When a goose was set on a number of eggs the gander made it evident that he also desired to sit, so he was provided with nest of eggs. The gander stuck faithfully to his task and hatched out a number of little ones.

Looked Like Frog

The conditions in the trenches were dreary in the extreme after the drenching and long continued rainfall, but the irrepressible spirits of the "Pals" were not yet entirely quenched when the order came to leave the trenches.

"Hurry up out of this, my gallant soldiers," was the cheery call of the sergeant to his waist-deep and rain-soaked men.

"Soldiers!" came the derisive answer from one of them. "I'm not a soldier; I'm a bulrush!"

Plowing at Night

Plowing at night by artificial light is so innovation on the farm of the Lansdale Mushroom company at Lansdale, Pa. The late spring made it necessary to devise some means to catch up in the work, and the plowing by night idea was hit upon. The plow was done by a tractor engine equipped with an acetylene gas tank and powerful searchlight. Three shift worked continuously for forty-eight hours. Ten acres of land were plowed in twenty-four hours.

So Are the Tips

"Waiter, waiter, I've swallowed a bone!"

The waiter hurried forward, loosened the diner's collar and buffeted him lustily on the back.

"Feel better, sir?" he inquired sympathetically.

"Yes, thanks," replied the diner. "But why the deuce don't you take the bones out of my confounded meat? Bring me my bill."

The waiter apologized and departed. But when he returned with the bill he was charged me a dollar too much.

"I beg your pardon, sir," replied the waiter deferentially. "But chicken's extra."

Not Calling Her Dear

Destructive of buying a camera a certain fair young woman inspected the stock of a local shopkeeper.

"Is this a good one?" she asked as she gazed at a tiny little machine.

"What is it called?"

"That's the 'Belvedere,'" said the handsome young shopman politely.

"There was a chilly silence. Then the young woman drew herself coldly erect, fixed him with an icy stare and asked again:

"Can you recommend the 'Belvedere'?"—Kansas City Star.

In a warning against pickpockets, Supt. Crowley of the Boston police department gives the following "don'ts."

Don't

Show any roll of money in railroad stations, ferry houses, steamship piers or other places where there are crowds.

Carry money in either hip pockets or any of the outside pockets of the clothing.

Go into crowds unless it is absolutely necessary.

Talk with strangers, and partien-larly where there are two or more in company.

Be too generous with information to strangers. Refer them to a police officer.

Sold crowds about fainting men or women.

Dear Have Menace

Little Jennie had the measles and her little brother Bob had the measles, too, so Jennie knew all about them. There was a precocious four-year-old Jennie in a precocious four-year-old and she went to Port Hill park the other day to see the deer. When she returned she told grandma all about her trip.

"I saw the deer, grandma, and did you know that one of them died?"

"Yes I read about it in the papers," "Yes I saw your grandma."

"Yes I was very sorry."

"Well I was sorry too, because it was the mama deer that died and now the baby deer have the measles."

"Oh, no, Jennie dear, deer don't have measles."

"Oh yes they do, grandma, and the baby deer have them because I saw the big white blotches."

At the Drug Store

A thirsty citizen stopped in front of a drug store. No, it wasn't in Brockton. He very much wanted something to drink. Entering he said to the youthful looking clerk in charge, "Give us a half-pint of whiskey."

"Can't do it, sir," the clerk replied. "Not without a prescription."

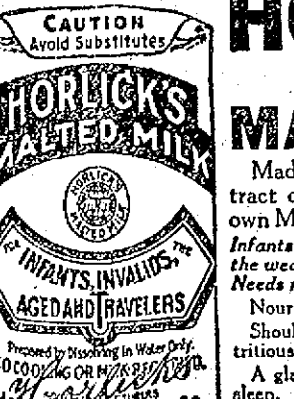

"I have something very queer in my stomach," the thirsty one continued. "I can't afford to go to a doctor about it, but I thought if you could give me out some spirit it would help me."

"What are you symptoms?" the clerk

queried rather pathetically it seemed.

"O, every little white something seems to rise up and settle back and by and by it rises again."

"My good man," said the clerk, so-facetiously, "you haven't gone to work and swallowed a submarine have you?"

It sufficed. The thirsty one continued on his way.—Brockton Enterprise.

Thanks For a Favor

It was after dark and the French baker was about to close his shop when the telephone bell rang.

"Mr. Owens?"

"Yes, ma'am."

"This is Mrs. Jimley of Hickorynut street."

"Yes, Mrs. Jimley."

"I am giving a supper tonight and I discover that I need half a dozen more rolls. Could I trouble you to send them over?"

"I'm sorry, ma'am, but I haven't a roll left in the store nor even a loaf of bread. We are sold clear out tonight."

This is very provoking," said Mrs. Jimley. "Are you sure you haven't anything that would do?"

"There isn't a thing in the place that I would care to sell you ma'am. Hold on, though. There's a half dozen fresh rolls on my own supper table right now. I could let you have those. If you think they would do. My kids can eat crackers instead. They'd rather, anyway."

"Those will do very nicely, Mr. Owens. Will you send them over soon, please?"

"Right away, ma'am. The boy has gone for the night, but I'll take them to you myself."

In a minute or two he stood on her front steps ringing the bell and feeling well pleased with himself that he could do some one a kindness.

Mrs. Jimley opened the door and took the packages from his hands. Then she said in icy tones:

"The next time you bring any goods here, Mr. Owens, I wish you would remember to ring the basement bell. I can't have tradesmen coming to the front door."—Newark News.

Love's Grace

Out of life's folly to fly to love's grace—  
The sweet smile of Molly, the tears on her face,  
The depth of her true heart, the light of her eyes—  
Out of life's shadows to love's tender skies.

To a ringing and music,  
And sweetness, and light;  
To love from the labor,  
The storm and the night!

Out of cares' mocking to speed to love's dream—  
The dear lips of Molly, her cheeks with their gleam;  
The touch of her soft hand, the scent of her hair—  
Out of life's sorrow, its struggle and care.

Out of its tempting,  
Its light and its lure,  
To the hope of love's blessing,  
A breath that is pure!

Out of life's combat to flee to love's smile  
The breath of its trust for the world and its guile;  
The cheer of its beauty, the charm of its worth,  
Outweighing all else that there is on this earth!

Outweighing all sorrow,  
All fashion, all show—  
The loved lips awaiting,  
The lips that they know!

Out of strife's guerdon to fly to love's breast,  
The true love that outlives forever the rest—  
The sweet smile of Molly, her arms and her song,  
To save us from sadness and help us grow strong!

Strong in high manhood,  
In honor and truth,  
With love leading onward,  
To love's dream of youth!

—Folger McKinsey.

INSANE MAN SHOT FOUR

INVENTOR THEN SET FIRE TO HIS CLOTHING AND HE WAS BURNED TO DEATH

NEWARK, N. J., July 21.—Four passers-by in the street opposite his locksmith shop were shot and seriously wounded here last night by Salvatore Gastronova, 55 years old, an inventor, who had gone suddenly insane before he set fire to his clothing and burned to death.

ALLIES IN CONFERENCE

PARIS, July (Correspondence of the Associated Press).—The series of international conferences between the allies are to be continued according to the present program with a discussion at the next session of the following subjects:

1. "Prohibition of commerce with the enemy."
2. "Execution of contracts."
3. "Collection of debts in enemies' territory."
4. "Sequestration of enemies' goods."
5. "Patents and trade marks."
6. "Prohibitions of importations and exportations."
7. "Organization of the economic struggle after the war, involving customs' agreements between allies, supervision of naturalization, and so forth."

This next conference is to be inter-parliamentary, the delegates being from the parliaments of the different countries.

In addition to this continuation of inter-parliamentary discussion, a maritime conference with delegates from each of the entente powers will be held in Paris in December to discuss the basis of an understanding between the allies on questions concerning the merchant marine.

**SAW HUSBAND PERISH**

WOMAN AND FIVE CHILDREN WITNESS DROWNING ACCIDENT—SUFFERED FROM HEART DISEASE

WESTBORO, July 21.—Harry N. McIntyre, 31 years old of Hopkinton, was drowned in Lake Chauncy yesterday afternoon in sight of his wife and five young children. He was stricken with an attack of heart disease.

Mrs. McIntyre and the five children, whose ages range from six months to 2 years, were seated on the landing, watching Mr. McIntyre diving from a raft some distance out in the lake. They were shocked when, after taking a dive into the water, McIntyre failed to reappear.

Other bathers hastened to the spot where McIntyre disappeared and quickly recovered the body.

**GOT THREE YEARS**

Allison Convicted of Distributing Birth Control Leaflets

BOSTON, July 21.—Van Kleeck Allison, charged with distributing "birth control" literature, which was characterized as obscene, filthy and of a nature which could have but one result, the corruption of the public morals, was sentenced yesterday by Judge Murray of the municipal court to three years in the house of correction, a year on each of three separate complaints. He appealed, and was required to furnish sureties in the sum of \$2000 for his appearance before the superior court.

The trial lasted five hours. Dist. Atty. Pelletier himself conducted the prosecution because of the illness of John P. McNamara, the police counsel. George E. Roemer, Jr., appeared for Allison.

The corridors were crowded from an early hour, hundreds cheerfully per-spiring for hours to hold places of vantage about the entrance.

Most of Crowd Banned

Just before noon Allison was called to the bar and then followed a flutter

and a crush for places within the court. There were many men there from the very opening of the court, but they were outnumbered by the women.

Most of them were disappointed, however, for the court ruled that only those directly connected with the trial could be allowed to remain. Court Officer Abbott and his associates quickly cleared the courtroom of all others.

Among those who remained were persons well known to be of socialistic tendencies predominated among both sexes. When Dist. Atty. Pelletier called upon the women present, who were in favor of having such things brought into their homes for the education of their sons and daughters, to stand up and be counted, at least a half dozen women responded.

Later, perhaps a half a dozen others, encouraged by the action of their more fearless sisters, scribbled their names on slips of paper and passed them up to the district attorney for his enlightenment. The latter, after a hasty glance through the slips, threw them away, remarking that they meant nothing as the names were so written as to be illegible.

## AUSTRIA SEEKS DETAILS

## Requests Additional Facts Regarding Attack by Submarine on Steamer Petrolite

WASHINGTON, July 21.—The state department today received from Austria-Hungary through Ambassador Penfield at Vienna a request for additional details regarding the attack by an Austrian submarine upon the American tank steamer Petrolite. Mr. Penfield's despatch gave no indication as to when the Vienna government intends to comply with the American demands for an apology, punishment of the submarine commander and reparation for the damage done by the submarine's shell fire.

Officials of the department declined to divulge the nature of the information sought on the ground that negotiations at this time were confidential. A reply will go forward shortly.

The Austrian claim has been that the submarine commander fired on the Petrolite by mistake and that later the master of the tanker voluntarily furnished the submarine with provisions. The Petrolite's captain swears, however, that he was shelled without provocation and compelled over vigorous protest to surrender a part of his supplies which were sufficient only to take him to port.

## LAUNCHED SUBMARINE THE REDISTRICTING PLAN

LARGEST UNDERSEA FIGHTER IN EXISTENCE WAS LAUNCHED AT QUINCY NAVY YARD YESTERDAY

BOSTON, July 21.—The largest submarine ever constructed for either the United States or a foreign government was launched yesterday at the yards of the Fore River Shipbuilding company at Quincy.

This new underwater craft was the Isère Peral, built for the Spanish government, and was the first ship ever built in the United States for that government.

## Pierced Mexican Craft

The christening ceremonies were witnessed by a large and distinguished assembly, including representatives of the Spanish government. A new feature was introduced into the event as a religious service was held, in accordance with the custom of the Spanish government. The new ship was blessed by the Rev. John J. Casey of St. John's church, Quincy, before she took her maiden dip.

The boat was decked from stem to stern with the American and Spanish flags, besides that of the international signal code and the builder's flag.

The Isère Peral was released from her ways at 5 o'clock; the event being delayed on account of the non-arrival of the sponsor and her party from Newport, owing to a derailment outside that city. When they reached the yard, at 2:50, they were met by President Joseph W. Powell of the Fore River Shipbuilding company, and escorted to the launching platform.

The sponsors were Senora de Riano, wife of Dr. Juan de Riano, the Spanish ambassador to this country. In the party were Military Attaché Col. Aldeguer, Senora Urcuqui, Mr. Carlos, secretary to the ambassador; Comissary General L. Carranza, Lt. Cortijo, Senora Cortijo, Lt. Guimera, Lt. Diaz, Spanish United States consul-general at San Juan, P.R., and the Spanish field artillery and Senora Garriga.

As the new underwater craft was released from her ways Senora de Riano broke a bottle of champagne over her head, exclaiming, "To te bautizo, Isère Peral." After the craft had taken the water tugs came and towed her to the company's dock, where she will be completed.

Following the ceremony, Senora de Riano was presented by President Powell with a diamond set platinum ring. She also was given the box that contained the fragments of the christening bottle.

Last evening the launching party was entertained at the Algonquin club in Boston.

## YOUR BOYS AND GIRLS

This diet from the eighteenth month to the end of the second year may help some inexperienced mothers. 6.30 to 7 a. m.—10 ounces warm milk; 2 a. m.—orange, peach or prune juice, two or three ounces in one ounce water; 10 a. m.—rolled oats cooked three hours, two or three tablespoons, served with thin cream. Toast or zwieback and a cup of warm milk; 2 p. m.—rice thoroughly boiled, with two ounces beef juice and one slice dry toast. For dessert the pulp of the prune may be given, cooked without sugar until very soft. Steam to remove skins; one tablespoon at first, later two tablespoons, one-half cup of milk.

Another day—Chicken or mutton broth, with boiled rice and some bits of soft meat, very finely cut up, may be allowed. Place on dry wheat or rye bread or 24 hours old zwieback. Dessert, soft part of baked apple, without seeds.

was scheduled to be held on the lawn adjoining the home of George W. Trull but on account of the rain the program was carried out indoors. The attendance was large, representatives of the grange coming from Lowell and surrounding towns and despite the fact that everything was under cover, a most pleasant day was spent.

The event opened at 9 o'clock this morning, automobiles conveying the guests from the electric cars to the church. A brief reception was held and there were addresses, those taking part being Edward B. Chapman of Ludlow, master of the state grange; W. C. Jewett of Worcester and Past Master Gardner. During the day the Titania Ladies' orchestra supplied musical entertainment.

The officers of the Middlesex North Pomona grange are as follows: Warden A. Sherburne, Tyngsboro, master; Bert A. Cluff, Dracut, overseer; George W. Trull, Tewksbury, lecturer; Frank A. Haines, Tewksbury, steward; Harward, Mrs. Alice Colburn, assistant steward; Norman L. Peavoy, Dracut, chaplain; Mrs. Lulu M. Hutchins, Billerica, secretary; C. B. Tuttle, Billerica, gatekeeper; Mrs. C. B. Wright, Westford, Ceres; Mrs. W. A. Sherburne, Tyngsboro, Pomona; Mrs. F. A. Buck, Wilmington, Flora; Mrs. Caroline Sarre, Lowell, lady assistant steward.

## THE FRENCH MAID SAYS

## THE BASEMENT DINING ROOM

"Oh, dear," sighed Marjorie, "it is so hot in our dining room father nor I can hardly eat anything and yet really I have a good appetite, if it only wasn't so hot."

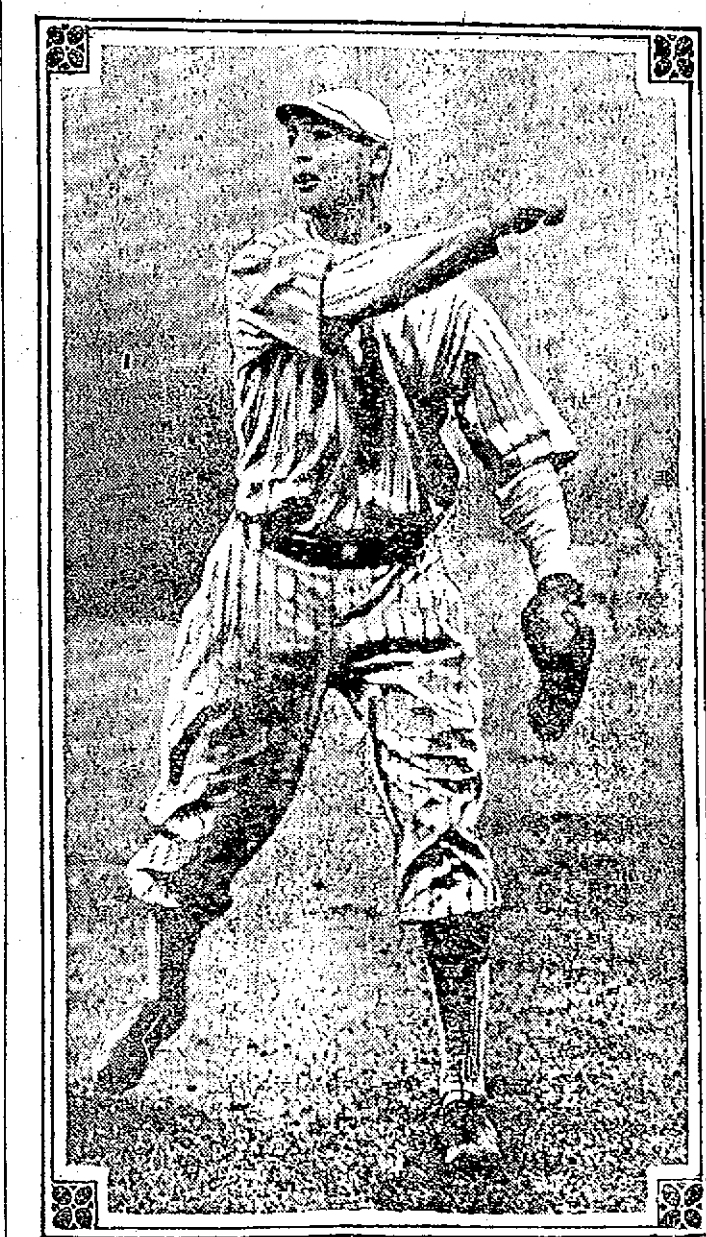

"If I were you," replied Marie, "I should certainly take advantage of that large cool back basement of yours. I know a lady who serves all her meals during the hot weather in such a basement. You can scarcely imagine how cool and comfortable and attractive this little basement dining room is."

"Her house, though one of the medium size, has a big basement divided into various compartments. One room has nothing in it but the table which is used for various purposes. This was transformed into a dining table, curtains of dainty white Swiss were put up to the windows and the whole

turned into the most comfortable, cosy dining room imaginable. The cool doors of cement were thoroughly scrubbed and cleaned, and here and there a rug was laid or a cushion placed. The laundry had in it a hot plate used for heating radiators, and most of the cooking was done by the fireless method, and all in the cool, clean basement. Dishes were washed there and placed in a small cupboard pressed into service for the summer months.

"Not to mention the economy of work which it afforded there was the comfort which came from cooking, and serving and eating in a place cool and restful, where the boiling sun did not enter. Everything was conveniently arranged and the change was most effective."

## MILLER OF CARDINALS ONE OF HARDEST WORKERS IN GAME

ST. LOUIS, July 21.—"Jack Miller of the St. Louis Nationals is one of the hardest working players in the game today," said a veteran ball player recently. "From the start of the season until the end Jack is always on the job giving his best. While Miller is not the greatest first baseman in the business he is a corking good man in the position. In addition to being able to handle the initial station Miller can also fill the bill nicely at second or short, which he has been forced to do many times during the past season. I consider him one of the most valuable ball players in the game," adds the veteran. Picture shows Miller pegging from first.

## Mid-Summer Mark Down Sale OF Fashionable Millinery

The early part of this summer was wet and disagreeable and the milliners all suffered by it, and the result is that we are obliged to let the balance of our stock of pattern hats, sport hats, and in fact everything in our stock go at prices that will seem like our giving them away. All we ask is that you call and see for yourself. A dollar will purchase more at our store for the next ten days than ever before. We must dispose of our summer stock to make room for our fall and winter goods, and our loss is your gain. To attempt to quote prices would be foolish as we intend to let the hats go at from one-half to a quarter of the regular prices, and we have hats for old and young people. Remember this is to be a banner mark-down sale.

## ROSE JORDAN HARTFORD

135 MERRIMACK STREET

## MAN HAD QUEER TASTE

ERNEST BARBER BIT A POLICE OFFICER WHO ATTEMPTED TO ARREST HIM

Ernest Barber, residing in Moody street, bit Special Officer Joseph Fulton of the Merrimack Mfg. Co. on the hand when the latter tried to place him under arrest last night. A man who went to the assistance of the officer was also bitten. Barber was under the influence of liquor and was arrested while on the mill property in Worthen street. Although he was booked for drunkenness he did not appear in court this morning as it was deemed advisable to keep him under observation.

## SUN BREVITIES

Best printing; Tobin's, Asso. Bldg. Auto supplies, Beharrell, 23 Middle street. Interest begins Saturday, Aug. 5, at the Central Savings bank.

Joe M. Dingen, cameras, photo supplies, with R. E. Jochim, 41 Merrimack street. A daughter has arrived at the home of Mr. and Mrs. George A. Gagnon of 531 Moody street.

Herve Cole, foreman at Holington's shop, and family, have gone on a three-weeks' trip to Canada.

A son was born yesterday at the Lowell hospital to Mr. and Mrs. Oscar Perrault of 51 Brookings street.

William J. Queenan of 53 Mt. Vernon street, has accepted a responsible position with the Chalmers Motor Car Co., of Detroit.

Sumner Holington and family are spending a couple of weeks at Derby, N. H. It is understood that Mr. Holington has taken his fishing tackle along with him.

Mr. and Mrs. Charles Cordeau of Moody street, Pawtucketville, are rejoicing over the birth of their first child, a boy. Mr. Cordeau is manager of the prescription department at Liggett's drug store.

A new gasoline tank, with a capacity of 550 gallons, has been installed at the store of Harry Pitts in Hurd street. Mr. Pitts will use the new tank in addition to a 350 gallon one which he has had for some time.

It was announced this afternoon that the American band, Joseph Linhard, leader, will give the band concert on the North common Sunday afternoon from 3 to 5 p. m., weather permitting. The program has not yet been arranged.

An inquest into the death of Edward Duprey, aged 7 years and living at 270 Thorne street, was held before Judge Pickman in the Market street building this morning. The boy was accidentally shot by his sister on the night of Sunday, July 2.

Michael McAndrews, of Holyoke, is visiting Mr. and Mrs. Sidney Wilcott of 114 Pleasant street. McAndrews is a former baseball player, having been one of the pitcher's shining lights with the Holyoke team of the Connecticut league several years ago.

Frances Capuano, of 11 Garnet st., who was seriously injured in an automobile accident in Middlesex street, Wednesday morning, is still on the dangerous list at St. John's hospital. She regained consciousness early yesterday afternoon but this afternoon is in a semi-conscious condition.

John P. Kenney of the U. S. Cartledge Co., has returned from Dixmont, Me. John went to Dixmont for a rest and got it but he ran into some pretty rough weather on the boat up from Bangor last night and it kind of took the polish off his good time.

An automobile owned by the Manchester & Concord Express Co. was

stolen from Lakeview park last night, but was later recovered in Colonial avenue in this city by Patrolman O'Sullivan. The police are of the opinion that the machine was stolen by boys who after having a joy ride abandoned it.

Today was a big day for the men who come from the state highway commission weekly to examine young men desirous of procuring chauffeur's licenses. Thirty Lowellites appeared at city hall this morning with automobiles and demonstrated their knowledge of driving to the three examiners, Messrs. Bourzani, Hubbell, and McGonigle.

A meeting of the members of the Lowell Socialist club was held last evening at their quarters, 36 Central street. It was voted to have Joseph Caldwell speak at Jackson and Central streets on the evening of Aug. 1, and next Monday evening Joseph Murphy and Albert Carrier will speak at the same place. The next meeting of the organization will be held July 27.

Quite a novelty is on display in the window of J. E. Lyle's jewelry store on Central street. As they are local representatives for the Watling Watch Co., the factory has loaned them a model locomotive complete with tender, attached to the wheels with headlight, bell, and whistle, and in the cabin is everything, even to the oil cans. This engine is set on a truck in such a way that the wheels can go around at quite a speed. The entire setting is crated automatically, and when started the wheels go spinning around, the bell rings, the whistle blows, and all has the appearance of a midnight flyer making a record trip. This will be on exhibition for ten days or so, and all are welcome to visit the store to view this most novel sight.

## TO RETURN TO MEXICO

TWELVE MINING MEN WHO FLED JUNE 21 TO TAKE ANOTHER CHANCE

SAN FRANCISCO, Calif., July 21.—Twelve mining men who fled out of Mexico on June 21 are today preparing to return.

The men applied by telegraph to the state department for passports to Mexico and last night received the following reply:

"Passports will be issued if you do not hold the United States responsible for your safety."

The men will accept passports on the stipulated conditions. Their ultimate destination is the district of San Domingas in the state of Durango.

PRES. WILSON PRAISED

WASHINGTON, July 21.—Resolutions commending the national administration for efficiency and economy in postal management, recommending specific reforms and praising President Wilson for maintaining the United States in peace were presented to this National Association of Postmasters at its final session today.

CARD OF THANKS

We, the undersigned, desire to express our sincere thanks to our many relatives, neighbors, and friends, who by their acts of kindness, expressions of sympathy and beautiful floral tributes lightened our burden of sorrow at the death of our beloved husband and brother, John J. McVey. We will ever hold them, one and all in loving and grateful remembrance.

Mrs. John J. McVey.  
Mr. William McVey and family.

FUNERAL OF DR. ADAMS

Rev. Charles T. Billings, former pastor of the First Unitarian church in this city, officiated at the funeral services of Dr. Cella Adams, victim of the triangular love affair now puzzling the Boston police.

## GRAND CIRCUIT RACES

### Grand Chimes Beats Classy Field at North Randall—Cox's Busy Lassie Second

NORTH RANDALL, O., July 21.—Grand Chimes, a handsome stallion from Louisiana, was the trotting hero at North Randall yesterday, beating a classy field in the \$2000 "Steele" making a new record of 2:06 1/4 in the second heat.

It was a hard battle throughout. Busy Lassie from the Cox stable being the main contender, and in the final heat she nipped the Chimes horse right at the wire in 2:06 1/4.

Tom Murphy won two of the four events on the card, showing up a very high class trotter in Azora Axworthy, with which he won the 2:18 trot. Aside from the Tavern event the racing was not closely contested.

The betting public was wise to the good thing in the Tavern. Grand Chimes, fresh from a string of victories on the half-mile track, selling for \$100 in the auction, Brisk, bringing \$10, Busy Lassie and Early Don, \$25 each, Leonor McKinney \$15 and the field \$20.

The first heat found the favorite in front all the way in 2:09 1/4, with Early Don second. The clip was faster in the second, Grand Chimes leading all the way. Cox brought Busy Lassie with a great rush in the stretch and Grand Chimes was all out to win in 2:06 1/4, a new record for the stake. In the final heat Cox used the favorite for a wind-up to the stretch. At the distance stand he found an opening next to the rail, came through and won the heat in a hair raising finish in 2:06 1/4.

Grand Chimes is owned by the Black Horse stock farm of Jonesville, La., of which a brother of Cardinal Gibbons is the principal owner.

Azora Axworthy was favorite for the 2:16 trot and she made good. The race was very easy for her, although the California mare, the Lark, made her trot the final heat in 2:06 1/4 to win.

The sweepstakes event for 3-year-olds brought out only three starters, two from the Murphy stable. Maple Tree won in the first heat, but broke in the second, and her companion, Peter Mount, won from Adele Block. In the final Maple Tree led all the way, breaking and running the last 50 yards, but was given the decision.

His heat, Dick, last season for "Pop" Guss, started favorite for the 2:15 pace, but McLaughlin having the horse in the enforced absence of the veteran driver. The first heat was easy for him, but in the second a break put him out of it and Admiral Dewey, second, got the benefit of closer action from Trumpet, in the final heat won on a pace all the way and had no trouble in winning.

2:15 Class, Trotting, Three Heats, Purse, \$1200.

SHORT SHIP CIRCUIT

WESTFIELD, July 21.—The 2:15 class pacing event furnished the only excitement yesterday in the Short Ship Circuit card at Woronoco park. Baron Miriam, with Bolduc driving, took first money, and in the second heat made his best time of the afternoon, 2:12 1/4. Major Byers, a local gelding, owned by Joseph C. McClure, won second money.

Grozier drove him into first place in the first heat, hard pressed by Queen Hal. Major Byers had to give way to Baron Miriam in the second heat, and in the third heat seemed to tire. The final heat with four horses competing, was a real race, and Peter Piper was on Baron Miriam's heels the first half. Major Byers came into second position at the half, and at the last turn tried to get into the stretch beside Baron Miriam.

Striking one foot against the forward sulky threw Major Byers off his stride and it looked for a moment as though he would fall. He came under the wire a bad fourth. Pitman made a great try against Peter Piper, but the chestnut failed to show, staying quiet.

In the 2:18 trotting event Evan Williams had an easy time and 2:15-1 was the best time made. Princess Nelda in this race was just by her erratic actions.

There were four starters in the 2:21 pacing event and Derby Isle, driven by Chickering, showed his heels, to the others in straight heats. Davenport Joe took second place in all three heats.

Hubert Brown, in Saturday's entries in the tree-for-all, slipped out of the park attached to his sulky and ran four miles down to the railroad station.

OHIO RACING CIRCUIT

FINDLAY, O., July 21.—It took Adion Guy five heats to win the Phoenix Hotel \$2000 stake in the 2:11 pace yesterday on the fourth day's meeting of the Ohio racing circuit. Peter Oakley had his own way in the 2:25 pace, taking the race in straight heats. There was nothing to the 2:16 trot except Billy Mohel. The summary:

2:25 pace, purse \$500—Peter Oakley, br, by Peter the Great (Stokes) won; Laura Dean (Mott), second; Teddy McEwen (Abrams), third. Best time, 2:13-1-4.

2:11 pace, Phoenix Hotel stake, \$2000—Adion Guy, chg by Guy Dillon (Gray) won; Billy Fair (Mallow), second; Tommy Diefert (Crooks), third. Best time, 2:08-1-4.

2:16 trot, purse \$500—Billy Mohel, br, by Mohel (Abrams), won; Victor Gray (Erskine), second; F. A. L. (Gosnell), third. Best time, 2:15-1-4.

MARY PETER WINNER

CORTLAND, N. Y., July 21.—The third day of the circuit meeting at Cortland closed with Mary Peter winner of the 2:17 pace in straight heats. The 2:19 trot was won by Legat v. four heats being necessary. Leonard took the 2-year-old trot. The summary:

2:19 class, trotting, Purse \$500—Legat v. br, by Legat Parole (Wood), won; Toniko (Trotten), second; Lord Sweet Apple (Stout), third. Best time, 2:15-1-4.

2:17 class, pacing, Purse \$1000—Mary Peter, br, by Peter the Great (Crummer), won; Fred Hal (Nat Ray), second; Peter S (Tingley), third. Best time, 2:10-1-4.

Two-year-old trotting—Leonard, br, by J. Malcom Forbes (Grossman), won; A. Northern Girl (McDowell), second; Fred Briel (Widmer), third. Best time, 2:34-1-4.

### Weak, Nervous, Sick Discouraged Men

COME TO ME

You Will Receive the Personal Attention of a HARVARD GRADUATE SPECIALIST Until Cured. During My 20 Years Practice in Boston as a Specialist

In the diseases of the Blood, Nerves, Skin and Kidneys, I have restored to full health, strength and vigor and permanently cured hundreds of men whose cases had become chronic after months of treatment with ordinary physicians and "self-styled" specialists.

Only the latest and most approved methods of treatment are used.

A guarantee given in every case accepted.

Pay me as you are able.

606 Prof. Ehrlich's Genuine Salvarsan

Positively Cures Blood Poison

"In Salvarsan we have a specific remedy which destroys the parasites (germs) in the human body."—Bulletin Mass. State Dept. of Health, Vol. II, No. 8.

Given intravenously, without pain or loss of time from occupation. Results are immediate, all symptoms disappearing within a few days.

On account of the European war this remedy could not be bought in the U. S. for a number of months past. Fraudulent substitutes, many of which are dangerous to life and health have appeared and are used instead of Salvarsan.

See that you get genuine Ehrlich's Salvarsan (606). I have it. It costs no more than unreliable substitutes. Call or write for booklet.

## RALLY IN NINTH

### Lowell Lost Three Run Lead—Ten Innings to a Tie

After playing good ball for eight innings, the Lowell Police baseball team blew up in the ninth inning of their game with the bluecoats of Manchester at Spalding park yesterday afternoon, permitting the visitors to score three runs and tie the score. An attempt to break the tie was made in one extra inning after which it was agreed to call the game off as the Manchester men could get back to work. The score was 4 to 1.

Nobody was late for the game. Everyone who intended to see the contest was present when the umpire announced the batter for it was advertised to start at 11 sharp but, like all police games, there was a delay of about two hours and 15 minutes. A young man named Jones of Lawrence was the decision maker and while he quit twice owing to the strenuous objections of the players nobody else would perform the work and he was reinstated.

Both Sharkey and Flanagan pitched well ball. The Manchester guardians secured eight hits while Lowell knocked out seven. The strikeouts were frequent. Lowell sluggers whiffed the breezes without connection, 13 times. Kenney and Drewett were the only ones who failed to fall before the plights of Flanagan. Sharkey forced eight of the visitors to fan.

Manchester made the first score of the game in the second inning. Flanagan was given a base on balls and went to third on a double to left by Scannell. Chester Young, a Lowell boy, brought in the run with a pretty sacrifice bunt.

Flanagan was invincible for three innings, not a man reaching first. In the third inning, the Manchester twirler struck out three men, making six strikeouts. Lowell started off in the fourth. Sharkey scratched a hit along the third base line, stole second, went in the third heat, stole second, and then Kenney hit with a sacrifice fly to Smith. Lynch stole second and after reaching third on a sacrifice pulled off a great stunt by stealing home.

Lowell added two more in the eighth while Sharkey held his opponents at bay. Manager Drewett, the first man up, stood at the bat like Frank Buck and poked the ball over the left field fence for a four-base hit. It said this is the first time the ball has been put over the fence at Spalding park in police circles. Two errors, a wild pitch and a passed ball allowed McNulty to score with a second run.

When Manchester came to bat in the ninth the score was 1 to 1 in Lowell's favor. The team went to pieces at the last moment, however, and three poor errors, two hits and a base on balls gave Manchester three runs, just enough to tie the score. The side was retired with men on second and third. Only three men faced each pitcher in the 10th.

The score: LOWELL

5 Games ahead of New York.  
5 1/2 Games ahead of Pittsburgh.  
6 Games ahead of Chicago.

## RED HOT BALL GAME

PONIES TO MEET OLD TIMERS

ON LAKEVIEW AVENUE GROUNDS SATURDAY

Sharks may come and U-boats may go, but baseball players go on forever. At least that is the opinion of the Centerville Vets, for during an argument relating to the merits of the ball tossers of 10 years back and the present day diamond warriors a challenge was given by the Veterans to the Ponies which was accepted by their manager and the game will be played Saturday afternoon on the Lakeview avenue grounds and no doubt the fans on that side of the river will see a red hot contest. The Vets have been putting in a week of practice and say they will show the youngsters something, but the boys of 1916 are saying: "It's not what you used to be, it's what you are today."

TENNIS TOURNAMENT

NARRAGANSETT PIER, R. I., July 21.—Craig Biddle of Philadelphia and G. Colket Caner of Harvard were to oppose Richard Harle and Watson M. Washburne, two Harvard players, in the final round of the doubles of the Point Judith tennis tournament today.

## MACK, MAN OF COURAGE

### CONNIE IS PATIENTLY DEVELOPING NEW TEAM UNDER ADVERSE CONDITIONS

PHILADELPHIA, July 21.—Few major league directing bosses have the courage of Connie Mack. He is gambling for high stakes. Instead of leading his team with seasoned players who are on the slide, but who probably could land his team fifth or sixth in the race, he is trying nobody but the rawest kind of rookies.

In the meantime, the Athletics are losing games in gross lots, yet the general is willing to sink or swim on his policies. After all, it is he and his associate stockholders who suffer most by steady defeat.

If he is doing some eccentric dancing he is paying the fiddler for it. While the Athletics have been strangers to victory Mack has made some tangible progress. In Wit he has a chap who looks like the coming infielder of the American League. Elmer Myers has already arrived. He won many games at the start and would have copped more had his support not failed him. A freak injury to his pitching hand has been a handicap to Nabors. Mack feels sure that Lawry will come through. Mittering, King, Carroll and Rowe are other possibilities.

The Athletics probably will be in last place in October, but they may look a whole lot better than they do now.

## MAY PAY \$1000 FINE

Charles Weeghman, president of the Chicago Cubs, probably will be made to pay a fine of \$1000 because Umpire Byron forfeited Tuesday's game in Chicago to Brooklyn. According to National league rules Weeghman must have a hearing before the board of directors some time before next Tuesday, but there's hardly a chance to escape the penalty. Manager Tinker of the Cubs also must pay a \$1000 fine, which cannot be remitted under any circumstances. Tinker is held responsible for the actions of his players on the field. He failed to compel them to obey the orders of the umpire. To forfeit a game is a serious offense. The umpires in both major leagues have been instructed to take plenty of time before handing a 9 to 0 game to a club.

## AMATEUR BASEBALL

The Lawrence Mfg. Co. team will clash with the strong Centipedes of Lawrence on Saturday, July 22, on the Allen street grounds and the game gives promise of being a battle royal. The Centipedes have defeated the South Ends and Kimball System and are out for the Merrimack valley championship. The battery for the Centipedes will be Herzog and O'Neil, while Rico and Edwards will work for the Law-

## YESTERDAY'S RESULTS

Eastern League  
Lowell 0, Bridgeport 0 (13 innings, called).  
Lynn 5, Hartford 1.  
Portland 4, New Haven 2.  
Springfield 5, Worcester 1 (first game).  
Worcester 2, Springfield 1 (second game).

American League  
Detroit 3, Boston 2 (13 innings).  
St. Louis 4, New York 2.  
Washington 4, Chicago 3 (first game 10 innings).  
Washington 2, Chicago 1 (second game).  
Cleveland 4, Philadelphia 2 (first game).  
Philadelphia 2, Cleveland 0 (second game).

National League  
St. Louis 5, Boston 2.  
Chicago 1, New York 0.  
Philadelphia 6, Cincinnati 0 (first game).  
Cincinnati 5, Philadelphia 3 (second game).  
Brooklyn-Pittsburgh—Wet grounds.

## PLAYED SCORELESS TIE

### Lowell and Bridgeport Battled for 13 Innings Without a Run—Green Pitched Great Game

BRIDGEPORT, Conn., July 21.—Paddy Green, who reported to Manager Kilhullen here yesterday after a brief leave of absence, pitched one of the best games of his career holding the Hustlers to six scattered hits in a 13 inning game that ended in a scoreless tie. Mulreanan, the Bridgeport twirler, while hit much harder than Green, was strong with men on bases and pitched himself out of many dangerous holes.

The game was called by Umpire Keady on account of darkness. Vice-President Dan O'Neill of the Eastern league, who was a spectator, scored soon claiming that it should have gone along for at least a half hour longer.

Two of Bridgeport's six hits were of the scratch variety. Green worked hard and in only one of the 13 innings was the home team danger. That was in the 12th when Warner went from first to third on Whalen's single. Not a ball was hit out of the infield in the rest of the inning, however.

Lowell had several chances to score. In the second Robinson and O'Connell singled and moved along on a sacrifice by Torphy. Robinson was caught at the plate in attempting to score on a grounder and O'Connell was out trying to steal home. Lowell filled the bases with two out in the fifth but no score resulted.

There were several feature plays in the game. Helfrich, Robinson, Kane and Parker made fast plays in the field, Parker making a spectacular catch of a fly to right. Torphy, Kilhullen, Helfrich and Robinson led at the bat with two hits each.

The score:

LOWELL	ab	r	h	po	a	e
Stimpson lf	5	0	0	2	0	0
Kane c	5	0	1	5	0	0
Parker rf	5	0	0	4	0	0
Helfrich 2b	5	0	2	0	3	0
Robinson 3b	5	0	2	6	5	0
O'Connell ss	5	0	1	4	1	1
Torphy 1b	5	0	2	10	1	0
Kilhullen p	4	0	1	7	1	0
Green p	5	0	0	0	2	0
Totals	46	0	10	59	13	1

BRIDGEPORT	ab	r	h	po	a	e
Blake lf	5	0	0	3	0	0
Duggan cf	5	0	0	4	0	0
Dehlinger 1b	5	0	1	7	1	0
Baker 2b	5	0	2	2	3	0
Warner 3b	5	0	1	5	3	1
Whalen rf	5	0	1	5	3	1
Mosher p	5	0	0	4	0	0
Fisher c	5	0	2	10	2	0
Mulreanan p	3	0	0	4	0	0
Totals	43	0	6	59	17	2

Two base hit: Torphy. Stolen bases: Parker, Torphy, Robinson, Whalen. Sacrifice hits: Torphy, Warner, Mulreanan. Left on bases: Lowell 14, Bridgeport 5. First base on errors: Lowell 2, Bridgeport 1. Bases on balls: Off Green 6, off Mulreanan 5. Hit by pitcher: Kane. Struck out: By Green 5; by Mulreanan 3. Wild pitch: Mulreanan. Umpire: Keady.

## GUNMEN MURDER TWO

OWNER OF NEW YORK RESTAURANT AND CLERK SHOT AND SLASHED

NEW YORK, July 21.—Joseph De Marco, owner of a restaurant in a section of the city known as the upper Tenderloin, and Charles Lombardi, a clerk, were murdered yesterday afternoon in an unoccupied flat in the tenement house at 34 James street by a band of gunmen who, the police believe, had a part in the Barnett Baff murder and several shootings in the "murder" stable on upper East Side.

Two minutes after the shots that ended the lives of the victims were

heard, the police entered the smoke-filled room. Twelve bats were all they found with the two bodies. The police estimate that at least 10 men took part in the double murder. The bodies of Marco and Lombardi bore evidence of many bullet wounds and were slashed repeatedly with stilettes. A score of bullets were imbedded in the walls of the room.

CRUTE BELIEVED DROWNED

CUSHING, Me., July 21.—Searching parties yesterday morning found at Wiles Point an overturned skiff and floating car, leading to the belief that Ernest Crute, aged 27, a lobster fisherman, has been drowned. He had been missing since Tuesday night, when he went out for lobster bait. Mr. Crute leaves a wife and child.

# MATTY SAYS HE IS WILLING TO MANAGE CINCINNATI REDS

NEW YORK, July 20.—Although the deal that is to send Christy Mathewson to Cincinnati as manager of the Reds has not been completed, "the old master" has signified his willingness to try his hand at running Garry Herrmann's team. "I shall naturally miss New York," says Big Six, "but I am willing and, I might say, even anxious to manage a team. If everything goes through satisfactorily I will be glad to take charge of Cincinnati."

# WAMBSGANNSS OF CLEVELAND IS ONE OF SEASON SURPRISES

CLEVELAND, O., July 20.—Manager Leo Fohl says that Wambsgann, the Indians' crack infielder, is the surprise of the 1916 season. Last year by a number of them as an impossible player on and set down as a player who was to be discarded. Fohl, however, in fact, he was so disheartened and dispirited by adverse criticism that he was on the verge of quitting the game. Fohl advised him and told him he had the makings of a great player and when the opportunity popped up he would give Wambsgann a chance to show. When Chapman, the Indians' shortstop, was injured early in the season, Wambsgann was given the chance and made good from the start and is now one of the best players in the American league. Picture shows Wambsgann batting.

## EASTERN LEAGUE COMMENT

Paddy Green's comeback was a good one. The Lowell-Bridgeport game is a record for the Eastern League.

Robinson had 11 chances at second and made good on every one.

Fourteen Lowell men were left on the bases. Lowell had several chances to score but the hits were not produced.

Mulrennan, who pitched for Bridgeport, was with Providence earlier in the season.

Soldier Fuller of Lawrence has something on New London. He beat the Millionaires yesterday for the third time this season and brought them down to only a slight lead over Portland.

Gilmore, the young Southpaw who was recently released by Lawrence, has caught on with Lynn. Gilmore will be all right if he keeps away from the old base on balls.

Van Dyke is back in the game for Worcester after an attack of diphtheria. He won a pitching duel from big Bill Powers of Springfield yesterday.

Joe Sullivan of Lawrence is disappointed because he has not sold his ball club yet. Several Lawrence parties have considered purchasing it but

the sale has not yet been put through. There is no game scheduled to be played in Lawrence until next Wednesday so local fans will not have a chance to see a game down the river before that date.

Neal Ball is the third former big leaguer to be released as manager in the Eastern league. Heinie Wagner was first and he was followed by Harry Lord.

Discussing Burckett and Spies, the Springfield Union says: "Some of the stories told of the conflict of authority between the two at Hartford are laughable. It was no uncommon thing before games to have Burckett submit a batting order to the scorers and later have it substituted for an order made out by Spies. Burckett was supposed to be manager but Spies was doing all the managing he could at the same time."

The Lavigne-Spies trade did not go through. Lavigne refused to leave Lawrence until he was paid off. He showed no inclination to run to his old friend Burckett, while Hartford did not carry out its part of the agreement and send Spies here if the truth were known. James H. Clark, the owner of the Hartford club, most reluctantly refused to allow Spies to go. He probably stepped in and nullified Burckett's agreement.—Lawrence Tribune.

# JACK REIGER TRADED TRIBUTE TO MATHEWSON

FORMER MANCHESTER TWIRLER GOES TO LAWRENCE IN TRADE FOR WARNER AND FLAHERTY

BRIDGEPORT, Conn., July 21.—The Bridgeport and Lawrence clubs have put through a big deal by which pitcher Johnny Reiger joins Lawrence in exchange for Catcher Mike Flaherty and Infielder Jake Warner. It was also announced that former Manager Ball had been released. The trade came as a result of several conferences between Managers O'Donnell and Healy. Bridgeport needs and experienced catcher badly and Lawrence wanted a pitcher. Flaherty, who formerly played in Springfield, was with Lawrence last season, but declined to join the club this season. Instead he took a job in the Remington plant here. He has played with the Remington team in the industrial league and is in shape to get into the game regularly. Although a slow runner, Healy thinks the veteran will add hitting strength to the club.

Lawrence was willing to part with Warner because he belonged to a faction which had been causing trouble in the team. The departure of Ball was no surprise. He had been drawing a big salary and his hitting had fallen close to the 200 mark. Bridgeport had also signed Pitcher Tiltman, who was taken by the St. Louis Browns from the Colonial league last season. He has been with Houston, Tex., where he won a majority of his games. He said he could not stand the Texas climate. Lawrence has a deal in the works by which Lavigne will be traded for Spies, but the matter is still in the air, as Spies is reluctant about leaving Hartford.

Johnny Reiger, the pitcher who goes to Lawrence, was with Manchester last year and should have reported here at the opening of the season but refused to do so.

RACE AT WILLOW DALE

There is great interest in the roller skating race to take place at the Willow Dale rink tomorrow evening at 9:30 o'clock. The opponents are Miss Sophie Brown and Albert Kerr, two well known performers. The race will be of two miles, and Mr. Kerr will give his lady opponent the advantage of a half-lap handicap. Arrangements have been made to handle a large crowd, and indications point to an exciting race.

PRES. HEMPSTEAD HOPES HE WILL BE AS GOOD A MANAGER AS BALL PLAYER

CINCINNATI, July 21.—Christy Mathewson took over the management of the Reds today. Pres. Hempstead of the Giants made the following statement last night:

"I wish to announce the release of Christy Mathewson to the Cincinnati baseball club. My good wishes for his success are mingled with many regrets that he will leave the New York baseball club.

"His faithful service, his high regard for the organization, have placed him in our hearts as well as in our minds, and there was no thought of relinquishing his services under any circumstances until Mathewson earnestly requested this privilege, and feeling that it was due him for his past services, under these conditions I most reluctantly consented.

"I certainly wish him well in his new line of endeavor, and trust that his name will stand as high as a manager as it has as a ball player and as a citizen of the United States."

TWO RUN DOWN BY AUTO

Roxbury Men Knocked Down While Attempting to Cross Street—Both Taken to Hospital

BOSTON, July 21.—Two men were injured last night when they were struck and knocked down by an automobile driven by William Patton of 45 Hammond street, Boston. Both were taken to the City hospital. The accident occurred shortly before ten o'clock at the junction of Tremont and Lenox streets.

## TEUTONS DRIVEN BACK

Continued

the ambassadors of the United States and Spain that Russia will henceforth disregard the principles of The Hague convention so far as Turkish hospital ships are concerned.

The Russian hospital ship Portugal was sunk by a submarine in the Black sea last March. There were many wounded on board at the time and 115 lives were lost. It was at first stated that the ship had been sunk by a German submarine but Turkey later accepted the responsibility declaring that the ship did not fly the red cross flag and was mistaken for a transport.

On July 3 the Verpetole which took the place of the Portugal was torpedoed and sent to the bottom while on the way to Batum to embark wounded soldiers. The official report of the disaster made no mention of loss of lives or the nationality of the submarine.

FRENCH REJOICE OVER RESUMPTION OF BATTLE OF THE SOMME

PARIS, July 21.—The resumption of the battle of the Somme in the French sector has greatly enhanced the general confidence in the situation. The protracted halt of operations on more than a minor scale was beginning to make the public fear that the first results would have no morrow and that, as in the case of the Champagne offensive a year ago, there might be a reversion to the old trench warfare. Yesterday's bulletins effectively removed this impression.

A particularly fine piece of work from the French point of view was accomplished in the new sector attacked south of the river. East of the old French front, which ran from the east of the Herbeville to half way between that village and the Fouguescourt-Vermadon road, the Germans had constructed by months of patient toil an underground fortification in a star-shaped wood and on the slopes of a hill. There were ninety trenches in the wood, very deep, with two series of underground shelters in which the soldiers lay snug during the hottest battle.

The Germans here, as in the Barleux and Soyecourt region where their positions formed an inextinguishable maze of trenches, offered a stouter resistance than elsewhere on the long line of attack. But the French troops, carefully prepared for their work and skilfully led, not only won everywhere but held on to their gains and were preparing last night to attempt to still further extend them.

It now develops that yesterday's effort was due several days ago but that the artillery preparation was delayed by heavy weather. The French commander's report that the preliminary bombardment was so effective that the losses of the attackers were comparatively light. Contrary to expectations the Germans have made no attempts to follow up the smashing blow delivered against the northern Verdun defenses a week ago. A French counter attack, according to the official accounts are gradually winning back the ground gained by the Germans at heavy cost in the vicinity of Thiaumont and Fleury. This line, which is the part of the crown principle is interpreted by French military opinion as evidence that the Germans are finding increasing difficulty in concentrating troops at any one point on the front. The French officers say that each fresh assault on Verdun is requiring longer and longer time to prepare. They claim that the Germans took no less than 15 days in preparation for the attack of July 12.

BRITISH STEAMERS YZER AND GRANGEMOOR SUNK BY SUBMARINES

LONDON, July 21.—Lloyd's reports that the British steamship Yzer has been sunk.

The Yzer sailed June 15 from Portland, Me., for Cette, France. Her gross tonnage was about 3300.

## PORTLAND, Me., July 21.—Four

members of the crew of the British steamship Yzer, reported by Lloyd's as having been sunk while bound from Portland to Cette, France, were shipped here. Three are Americans. The four are: George Ives, aged 40, of Philadelphia, a cabin hand; Richard Nollan, 24, Glover place, Boston, a fireman; Davis, Rossmore, 36, Old town, galley hand; J. Coud, West Hartlepool, England, cook.

The Yzer left here June 15 in command of Capt. William McI. Hunter with a cargo of 237,730 bushels of oats.

ALGIERS, Algeria, July 21, via London.—The British steamship Grangemoor, 3198 tons gross and owned by the Moor line of Newcastle, has been sunk by a submarine. Her crew was landed.

DESTRUCTION OF TWO SUBMARINES IN ADRIATIC BY AUSTRONIANS

BERLIN, July 21. (By wireless to Sayville).—The destruction in the northern Adriatic on July 15 of two submarines, one of them Italian, by Austrian torpedo boats, is announced in a official communication received today from Vienna.

GERMANY THREATENS AIR RAIDS ON OPEN FRENCH TOWNS, AS MEASURES OF REPRISAL

BERLIN, July 21, via London.—Threats of air raids on open French towns, as measures of reprisal, are made in an official statement issued here today.

The statement says that the French airmen have bombed towns in the Black Forest which are outside the zone of field operations while the German air attacks had been up to now directed exclusively against fortresses or field works. In one of the French raids it is said that a woman and four children were killed.

"We shall now be forced," says the report, "to use our strong battle squadrons for the purpose of reprisal. A great number of peaceful French towns outside the zone of field operations are within the reach of our air squadrons."

ITALY BREAKS OFF RELATIONS WITH GERMANY BY MINISTERIAL DECREE

ROME, July 20, via Paris, July 21.—A ministerial decree was issued today placing the persons and property of Germans on the same footing of those of Austrians and Hungarians. The decree does not directly mention Germany but states that allies of Austria are to be treated as enemies and their subjects and goods are liable to sequestration.

Prior to the war, German property and interests in Italy were estimated to be worth \$250,000,000. Their value is now placed at about \$150,000,000. There are only a few German subjects now in Italy and these will be either placed in concentration camps or sent across the Swiss border.

Italy has been a strong agitation in Italy for some time for the breaking off of all relations with Germany. The curious situation caused by Italy being at war with Austria while nominally at peace with Germany was emphasized by an agreement between Rome and Berlin wherein all rights of the citizens of one country domiciled in the other were to be respected. On July 16 this agreement was denounced by Italy on the ground it was not being observed by Germany.

BRITISH LINE NORTH OF BAZEN-TIN AND LONGUEVAL PUSHED FORWARD

LONDON, July 21, 2:55 p. m.—The British line north of Bazentin and Longueval has been pushed forward to Fourreaux woods, the war office announced today. The British drove the

Germans from the wood but lost part of this position subsequently.

The statement follows: "The battle continues without intermission between the Leipzig redoubt on the west and the Delville wood on the east. North of the Bazentin-Longueval line the British advance has been pushed to Fourreaux woods, from which we drove the enemy."

"During the night the enemy counter-attacked, after an intense bombardment with gas shells and succeeded in effecting entry into the northern part of the wood, but failed to dislodge us from the southern half. "Elsewhere there is no change."

RETIREMENT OF RUSSIANS IN ONE SECTOR OF VOLHYNIA

BERLIN, July 21. (By wireless to Sayville).—A retirement of the Russians in one sector of the Volhynian battle front is reported in the Austro-Hungarian army headquarters report of July 20, which says: "In Volhynia the Germans pushed the enemy back west of Zulince (Svinitsky) lowlands toward the north. "In the Italian war theatre the situation is generally quiet."

GERMANS DRIVEN BACK WITH HEAVY LOSSES IN COEYNT-ER ATTACKS

PARIS, July 21, noon.—Positions captured yesterday by the French south of the Somme were subjected to a vigorous counter-attack during the night. The Germans charged the French lines south of Soyecourt, but the war office announced today, suffered heavy losses and were driven back in disorder.

A strong German detachment which advanced to the attack in the Chaulnes region was repulsed with the bayonet.

Between Soissons and Rheims the French penetrated a German trench, clearing it of its defenders.

On the Verdun front the artillery was active on both sides in the vicinity of Chantonnay and Fleury.

French aeroplanes successfully bombarded stations at Compiègne, Mars-la-Tour, Longueval and Bréteuil.

The statement follows: "South of the Somme the enemy yesterday evening delivered a counter-attack on our new positions to the south of Soyecourt. The battalion which led the assault was caught by our curtain of fire and by our machine guns and was thrown back in disorder after having suffered very great losses."

"At night was calm on the other side of the Somme. In the region of Chaulnes a strong detachment of the enemy which attempted to approach our lines south of Maucourt was repulsed with the bayonet. Between Soissons and Rheims, northeast of Verdun, a French reconnoitering detachment, assisted by the explosion of a mine, penetrated a trench of the enemy which was cleared out with grenades.

"On the Verdun front there was great activity of the artillery on both sides in the sectors of Chantonnay and Fleury."

"The Voages after a violent bombardment an attempt was made without success to storm our positions north of Wissembach.

"On the day of July 20 and during the night of July 20-21 our aeroplanes squadrons bombarded several important stations along the enemy's lines. The stations at Compiègne, Mars-la-Tour, Longueval and Bréteuil and the railway junction at Ham were bombarded with many projectiles of large calibre.

"The undefended villages of Baccart and Lunerville were again bombarded by aeroplanes on July 17, 18 and 19. Material damage was caused. These acts are accepted as meriting future reprisals."

REPORT AMERICAN SCHOONER WITH CARGO OF OIL CAPTURED BY GERMANS

LONDON, July 21.—The American schooner Prince Valdemar has been captured by a German submarine on its way from Philadelphia to Sweden with a cargo of oil, according to a despatch to the Exchange Telegraph Co., quoting the Copenhagen Politiken. The schooner was taken into Swinemunde.

The only American schooner of this name which is listed by the Bureau of George W. McNamee of San Francisco. The McNamee firm is one of those included in the recent British blacklist.

PHILADELPHIA, July 21.—There is no record here of an American schooner named Prince Valdemar, said to have sailed from this port for Sweden with a cargo of oil. No sailing vessels have left here recently for Europe with oil. Shipping records show a bark, Prince Valdemar, foreign built, but under American register, which left San Francisco on Feb. 24 for Tellberg, Sweden. She did not touch at Philadelphia.

TOWN OF GUMUSKHAN CAPTURED BY THE RUSSIAN FORCES

PETROGRAD, July 21, via London, 5:35 p. m.—The capture by Russian troops of the town of Gumuskhaneh, 45 miles southeast of Tiflis, in Georgia, was reported by the Petrograd war office on July 16. It is about 50 miles directly north of Erzerum, the objective of the Russian army which recently took Mamakhatun, 50 miles to the west.

The town, which has about three thousand inhabitants, is built up on both sides of a ravine and is noted for its fruit production.

NEW MILL STARTING UP GREAT PROSPECTS

WE WANT HELP NOW—LATER WE SHALL HAVE ALL WE CAN EMPLOY

WE WANT OUR OLD HELP BACK NOW OR NEVER!

Old employees who left us to work elsewhere in the past few months, there might be in old time service, pension etc., will be lost and pay will start anew.

On Aug. 1st we shall destroy all records of help not then employed.

## JOSEPH FRANCIS IS DEAD

EX-GOVERNOR OF PENOBSCOT  
TRIBE AT OLDTOWN—ONE OF  
FINEST TYPE OF MAINE INDIANS

OLDTOWN, Me., July 21.—Joseph Francis, ex-governor and former representative to the legislature from the Penobscot tribe of Indians, died at his home on Indian Island.

He was known all over the country as one of the finest types of the Maine Indians and contributed much to the history of the Penobscots.

He married the daughter of Sockabeson Swason, a famous chief of the tribe whom he succeeded as governor and for years was the controlling power in the tribe.

He was famous in his early days as a fearless riverman. As a guide and tramp proprietor, however, he was perhaps best known.

Some 12 years ago, while on a trip to the summit of Mt. Katahdin, with a portman, he was overtaken by night in the side of the mountain. Against an enormous rock he created a lean-to and built his campfire. During the night the giant boulder, heated by the campfire, split and fell onto the temporary structure and Francis was buried beneath the ruins. His chest was crushed and he never fully regained his health. He was about 70 years old. He leaves two daughters, Mrs. Joseph Dinnis and Mrs. John P. Anso of Indian Island, besides a number of grandchildren. Funeral services will be held in the church on the island Saturday morning.

## MERCY RECOMMENDED

enson and Windler Convicted in New York of Secreting Bonds Stolen From Mailbags

NEW YORK, July 21.—Thomas Benson and his brother-in-law, Louis Windler, were convicted by a jury in the United States district court last night of secreting five bonds which they stole from the mailbags of the New York Central Railroad. The bonds, valued at \$500,000, were taken from a mail wagon upon which they were being brought from Manhattan, N. Y., to this city, Feb.

The jury recommended mercy for Benson and Windler on the ground that they were merely the tools of Edward J. Quigley, the government's chief witness against them, who had gullied to the theft before the trial started.

## NOMINATE STATE TICKET

Indiana Progressives Refuse to Consider Resolution to Stay Out of Race—Boyd Quits Party

INDIANAPOLIS, July 21.—The Indiana progressive party in convention yesterday adopted a platform and nominated a complete state ticket at Jackson Boyd, former state chairman and chairman of the resolutions committee, has resigned his membership in the party because the convention refused to consider a resolution opposing the nomination of a state ticket.

After the convention had ratified the nomination of James B. Wilson of Longmont for the United States senate long term, made at the March 1915, the following candidates were chosen by acclamation: United States senate, short term, Clifford F. Egan, Huntington; Governor, Thomas A. Daly, Indianapolis; Lieutenant governor, M. J. Bowman, Val-

also.

## CAPTURED BY BRITISH

GERMAN SUBMARINE HAD LAID OVER 200 MINES ALONG BRITISH COAST

LONDON, July 21.—The German submarine mine layer of the U-35 class, of the latest prizes of the British navy, was visited by an Associated press representative today prior to its capture on public exhibition in Thames.

The prize, flying the German naval flag, surrounded by the British ensign, lay in a naval dockyard on the coast. The vessel is designed solely for mine-laying. The entire ward part is composed of wells, six in number, each containing two, three or four mines which can be released by remote control.

The ship has no torpedo tubes other armament except small arms for the crew, and is only 100 feet in length.

Thirteen bluejackets and five officers prize the crew of the submarine, bringing to one of the seamen, who carried no apparatus for releasing the mine, to the British base in Germany to the British coast and laid over 200 mines in the English Channel.

She was on her 20th trip when she was captured by the British patrol boat.

The sailors said that when the submarine was sighted and chased by the British patrol boat, the crew tried to get rid of the remaining mines but had not time. Seeing that capture was inevitable the officers destroyed the submarine and the other records and virtually obliterated the six-cylinder Diesel engine of approximately 250 horsepower.

After the crew and officers were taken aboard the submarine, the British patrol boat, in condition but shows a number of signs of damage where it struck obstacles in under-water voyages. The craft is signs of rapidity in construction and appears well fitted for short trips across the North Sea. British officers pointed out that the submarine carried no apparatus for releasing the mine, as they broke from their meetings, as required by the Hague convention.

## PROTEST BLACKLIST

FIRMS INVITED TO CONSIDER THE FORMAL PROTEST

NEW YORK, July 21.—All of the 32 firms blacklisted by Great Britain under the trading of the enemy act were today sent representatives to a big here today for the purpose of entering a formal protest.

A meeting was called by Edward J. Dinnis, Jr., president of the firm of J. & R. Rothenstein, forwarding letters today that orders from American countries for large quantities of foodstuffs, farming implements, household articles and other goods have been held up by the action of the British government in connection with no German or Austrian goods unless they refuse to have dealings with those on the blacklist.

## JAMES J. DOWD IS DEAD

BROCKTON LAWYER HAD HANDLED OVER \$1,000,000 WORTH OF DAMAGES FOR NEW HAVEN ROAD

BROCKTON, July 21.—James J. Dowd, aged 58, ex-alderman, ex-city solicitor and ex-representative, died yesterday afternoon at his home, 592 Main street, following an illness of several months. Mr. Dowd was one of the best known men in the city. As an attorney he was well known all over Plymouth county. He was a brother of Judge Thomas H. Dowd of the Boston Municipal court and Charles Dowd of the editorial department of the Boston Globe.

Mr. Dowd was born in Worcester, July 4, 1857. Following graduation from the high school there, he attended Holy Cross college and later St. Michael's college in Toronto, from which he was graduated in 1880. He studied law in the office of Bacon, Hopkins & Bacon in Worcester and was admitted to the bar October 26, 1882.

While practicing law in Worcester he became prominent in democratic politics and at one time was editor of a democratic newspaper there. He was considered one of the best public speakers in Worcester. In 1886, Mr. Dowd came to this city and opened a law office. In 1892 he was elected alderman from ward 4 and the following year was elected representative in the 10th district.

In 1904, Mr. Dowd was appointed city solicitor to fill out an unexpired term, and the following year was elected to the position by the city council. At that time he was a republican, having changed with many others because of Bryan's silver policy.

Later he was a candidate for the republican nomination for mayor, but was defeated. In 1909 he managed the campaign of Ex-Governor William L. Douglas for mayor, and it was from Mr. Dowd's office window that Mr. Douglas made his address to several thousand people on the night of election, after his victory was assured.

As a lawyer, Mr. Dowd was counsel for the New York, New Haven & Hartford railroad when the grade crossings were abolished in this city. Mr. Dowd handled more than 1100 separate cases involving land damages and settled all except four outside of

court. More than \$1,000,000 passed through his hands at that time. In the legislature he drew up a bill in the interests of the independent tobacco dealers, his bill being opposed by the tobacco trust, and, consequently, of nation-wide importance. The fight was carried to the supreme court and Mr. Dowd's bill was upheld. Because of a nervous disorder, Mr. Dowd had not been before the public for the past 10 years. His last public speech was at the dedication of a soldier's monument in West Bridgewater. He is survived by his wife, two daughters, Miss Agnes R. Dowd and Miss Frances E. Dowd, two brothers, his sister, Miss Theresa Dowd, instructor of languages at the Worcester High school, and his mother, Mrs. Mary Dowd, living in Worcester.

**GIRL FEEL THREE STORIES**  
BOSTON, July 21.—Falling three stories from a window at her home and escaping with slight cuts on the chin and cheek was the experience of six-year-old Alice Julian of 1218 Cambridge street, Cambridge, yesterday afternoon at 2 o'clock. The girl is at the Cambridge Relief hospital, however, being held for observation. Alice is the daughter of Mr. and Mrs. Frank E. Julian, Jr. She was enjoying herself on the window sill, blowing soap bubbles. In wasting one to the outside, she lost her balance and fell. She landed on fairly soft earth.

**GETS SHARK WITH SPEAR**  
BRISTOL DEPOT, R. I., July 21.—Two sharks were captured and killed in the waters off Portsmouth yesterday forenoon and brought here. Several other sharks were seen.

Captain Otis Bailey, an oyster bed watchman, found one of the sharks, six feet in length, in shoal water in Fox Island cove. He attacked and killed it with an eel spear.

Another shark, of 2 1/2 feet, was caught on a hook by Harry Bush.

**SIGHTED 15-FOOT SHARK**  
GREENWICH, Conn., July 21.—Commander E. C. Benedict, who, aboard his yacht Oneida, cast anchor at Indian Harbor on Tuesday, after a 10 days' fishing trip to Chesapeake bay, brought back an account of a huge shark sighted about 12 miles off Cape May city by some of his guests. The estimated that it measured about 15 feet in length.

## IN POLICE COURT FOR GOOD ROADS

Wong Sing and Frances L. Wong Get Jail Sentences

Owing to the number of offenders who appeared in the juvenile session of the police court this morning, which was presided over by Judge Enright, Judge John J. Pickman occupied the bench in the regular session of court. Although there were not many cases to be heard, one proved to be a long drawn out affair.

**Four Months In Jail**  
Wong Sing and Frances L. Wong were charged with adultery and through their counsel, J. Joseph O'Connor, pleas of not guilty were entered. The pair were arrested in a house in the vicinity of Merrimack square on complaint of George Wong, husband of the woman. Capt. Thomas Atkinson, Sergt. Bigelow and Patrolman McLannan made the arrests and testified as to the conditions they found. The court after considering the testimony found both defendants guilty and sentenced each to four months in jail. An appeal was taken.

**Assault and Battery**  
Albert K. Bolton, of Billerica, was charged with assault and battery on Hazel W. Crawford, but by agreement the case was continued until tomorrow morning.

**Neglected His Wife**  
John McDonough pleaded guilty to complaints charging him with drunkenness and failure to provide support for his wife, Mary. After the testimony had been offered the court found the man guilty and sentenced him to four months in the house of correction.

**Violated City Ordinance**  
Aaron Braverman was charged with violating a city ordinance. He is a junk collector and the complaints against him were that he did not have the proper sized letters on his wagon and his hat. He was found guilty and ordered to pay a fine of \$1.

**Drunken Offenders**  
John E. Archambault pleaded not guilty to drunkenness. It was brought out that the defendant raised ructions at his home in Denney place last night and as a result of a complaint Patrolman Bagley placed the man under arrest. Capt. Atkinson testified that the man was in an intoxicated condition when brought to the police station. Archambault said he had but one drink during the day but that he was bothered by some people in the house and got mad. He was given a suspended sentence of four months in jail.

Joseph H. McBride, who is on parole from the state farm, will be returned to that institution. Alice Merrill and George Bolivert were each sentenced to one month in jail. Jeremiah Mahoney was fined \$5.

## Government to Spend \$10,000,000 on Roads in National Forests

WASHINGTON, July 21.—One of the provisions of the federal aid road bill, which was signed by the president on July 11, appropriates \$10,000,000 a year for ten years to be spent by the secretary of agriculture for the construction and maintenance of roads and trails within or partly within the national forests.

The bill provides that, upon request of the proper officers of the states or counties, the money shall be used for building roads and trails which are necessary for the use and development of resources upon which communities within or near the national forests are dependent. The work is to be done in co-operation with the various states and counties. Not more than 10 per cent. of the value of the timber and forage resources of the national forests within the respective county or counties in which the roads or trails will be constructed may be spent. Provision is made for the return of the money to the treasury by apportioning 10 per cent. of the annual receipts of the national forests in the state or county until the amount advanced is covered.

Officers in charge say that the bill will make possible the construction of many roads which are greatly needed. Since 1912, ten per cent. of the receipts of the national forests have been used in road and trail building, but the funds have been inadequate to meet the needs. Many isolated communities within the national forests are entirely dependent on the government roads and trails. In some instances these settlements are said to be almost entirely without means of communication. According to forest service officials the money now made available will permit the construction of many roads necessary to open up inaccessible territory, and will greatly facilitate the development of large areas.

It is said that detailed plans covering the policy to be followed in building roads are now being made.

**CITY HALL NEWS**

be of reinforced concrete and it be of first class construction. The foundation will also be of concrete and will be 16 feet deep. The first and second story walls will be 25 inches thick and these will gradually decrease according to height to 15 feet. The roof will be flat and built of tar and gravel. It is planned to install concrete stairs throughout the nine stories. A thorough sprinkling system as a precaution against fire is to be installed.

As stated previously the new building will be used for stores, offices and manufacturing purposes. There are to be eight stores with frontage on Middlesex street. The manufacturing departments have not yet been divided.

The work of tearing down the old buildings on the site has been practi-

## WILLIAM HUGHES

Colonial Statesman Becomes a Leader Almost Over Night

LONDON, July.—(Correspondence of the Associated Press.)—Seldom in the recent history of English-speaking peoples, and perhaps never in the memory of Britain, has any politician almost unknown to the general public made so swift a conquest of the imagination and the enthusiasm of the masses as William Morris Hughes, the prime minister of Australia. Only the sudden achievement of William J. Bryan after his "Cross of Gold" speech before the Chi-

cago convention 20 years ago gives a parallel in America. Last year, Hughes was known to the United Kingdom as a colonial premier, one of a list of over-seas statesmen or politicians with Borden, Fisher, Laurier and Ward, men whose names are familiar to Englishmen, whose personalities are merely vague shadows in the public mind. These colonial leaders always were treated with formal respect when they visited the mother country. A few public dinners and receptions, perhaps a knighthood, a decoration and a university degree were given them. But outside the official world a general who had conducted one of England's "little wars," or an explorer who had written some new names across the map, was more of a personage.

Now the story of Hughes is the story of the most interesting civilian of the year in England. The self-made, Yankee-like Welshman, the self-schooled workman, protectionist, labor unionist, socialist, is now leaving the old country after a visit of four

months, and is leaving a popular following comparable only to that commanded by another self-made Welsh politician, Lloyd George. The only reason Hughes has not made more public speeches, attended more banquets arranged to do his honor, given more newspaper interviews, received the freedom of more cities, addressed more chambers of commerce and accepted degrees from more universities, has been that his time was crowded to the utmost with such functions, and that his voice and his frail body succumbed at an early stage of the ordeal and compelled him to retire for some weeks to a sanatorium.

The oratorical output of the Australian prime minister has compared favorably with the efforts of an American presidential candidate of the most heroic stuff. The number of addresses, large and small, which the newspapers have reported stretch well over a hundred. At Liverpool, Manchester, Edinburgh and other great provincial cities, such crowds have welcomed his arrival as few public men in civil life

have seen since the famous electioneering tours of Gladstone during his most popular years. He has made speeches before every type of public and private organization from municipal bodies through the various strata of scholastic and charitable societies. In the same week he has responded to the bestowal of the freedom of a conservative municipality (handed to him in a gold basket), greeted societies of Welshmen, received a degree from a university, stirred to enthusiasm a meeting of dock laborers on the Thames, and gained kid-gloved applause from a committee of peeresses engaged in war work.

The Hughes platform, roughly put, has been this: "War to the hilt against the Germans, both on the battlefield and in the field of trade. Commercial union within the British empire, and closer union, with a share for the colonies of making decisions on imperial questions that concern them." The reason a colonial statesman could become a leader almost overnight in the mother country was that

there were currents of thought, and aspirations, which were waiting for leadership. They wanted only a spokesman. They had advocates in the newspapers, but not among the weighty men in parliament, or in public life outside Westminster. While the war has enormously changed and refocused the work of the government, and rallied and brought together much of the latent power in a slow-moving people, it has not changed the tone of statesmanship, nor the conservatism with which the heavy guns of the coalition cabinet cling to what they deem the high traditions of British public life. They have denounced the present enemies of the country, but have denounced them with pliancy, and with care to avoid what they would consider exaggeration.

CHANCE FOR A JOB  
Special to The Sun.  
STATE HOUSE, Boston, July 21.—Any pharmacist registered with the Massachusetts board of pharmacy, and who has been a citizen of this state

for at least one year, has an opportunity to obtain a position as agent of the state board, at a salary of \$1,750 per year.

On Monday, August 7, the civil service commission will conduct a competitive examination for the place. It will include the following subjects: A sworn statement of training and experience; arithmetic; the writing of a letter or report; handwriting and accuracy test; questions aimed to test the applicant's knowledge of the laws relating to pharmacy and the making out of and serving of complaints and summonses; also to test out his ability to perform such inspection work as is incidental to the position.

Blank applications for the right to take the examination may be obtained at the office of the civil service commission, 151 State House, Boston, applications must be filed on or before July 31, at 5 p. m.

AUTO LICENSE SUSPENDED  
Special to The Sun.  
STATE HOUSE, Boston, July 21.—Upon receipt of a certified copy of a record of the Methuen trial justice court, indicating that Jacob C. Brown of Raymond, N. H., paid a fine of twenty dollars on the thirtieth day of June after being convicted on a charge of operating an automobile while under the influence of liquor, the highway commissioners announced today that Brown's operator's license has been suspended.

Brown should consider himself lucky, too, for his offense was committed the day before the new law went into effect. Had he waited one day longer, the commission would have been required to revoke his license, and he would have been unable to get it back within a year; as it is, the commission may return the license at its discretion, after the expiration of sixty days.

Female munition workers in France average \$1.15 in wages.

REDMOND'S ULTIMATUM

THREATENS END OF AGREEMENT IF FAITH IS BROKEN—AGAINST CHANGE IN BILL

LONDON, July 21.—John Redmond, the nationalist leader, made public yesterday a memorandum which he sent to Premier Asquith and David Lloyd George, the secretary of war, on Tuesday, in which he declared that the delay in making public the text of the Irish bill and the irritation caused by Lord Lansdowne's recent speech had created a very serious situation in Ireland. He adds: "In my opinion, any further delay whatever in producing and proceeding with the bill will make a settlement on the lines laid down in the terms submitted by Mr. Lloyd George quite impossible. When these terms were originally submitted to us we were strongly urged to use all possible delay in consulting our supporters in Ireland. It was pressed upon us that the matter was one of extreme urgency; that, from all points of view, it was vitally important that the settlement should be pushed through quickly, and we were told that not only Irish, but great imperial interests were at stake. "It is now more than three weeks since we did our part and obtained the assent of our friends in Ireland in the face of very great difficulty, as the proposed terms were far from popular. Since then little or no progress has been made, and for some mysterious reason the matter, which two weeks ago was so urgent, now hangs fire. "I therefore feel it my duty to urge upon the government that further delay will be fatal, and to place on record my conviction that any proposal to depart from the terms agreed upon, especially in respect to the strictly temporary provisional character of all the sections of the bill, will compel us to declare that the agreement, on the faith of which we obtained the assent of our supporters in Ireland, has been departed from and is at an end. "A meeting of the Irish party has been summoned for Saturday when the situation will be taken under consideration."

PLAN TO DIVIDE BELGIUM

"FREE FLANDERS" SESSION HELD IN BRUSSELS—WALLOONS TO FORM OTHER STATE

BRUSSELS, via Berlin to London, July 21.—The so-called Flemish movement through the revival of the Flemish people's party and the promulgation of its platform, which demands the reconstruction of Belgium as a federal union of two states—one Flemish and one Walloon—after a model of Austria-Hungary and Switzerland. At a recent meeting here a constitution for a new Belgium was formulated. It is based upon complete self-government of each state, leaving only the foreign policy, customs, currency, legislation, railway posts, telegraphs, telephones, the army and navy and national finances to the federal power. Under the constitution the Flemish is to be the language of the Flemish state and French that of the Walloon state. "We want to be neither German nor French," said the chairman of the meeting at which the constitution was formulated. "We demand a free Flanders. A free Belgium, a centralized system is only possible under the maintenance of both languages. Belgium must not emerge from the war as she was before the war. Hence we must begin the struggle now and conduct it until we secure our rights."

KILLED BY RUNAWAY

JOHN E. MATTHEWS, HERO OF GREAT BOSTON FIRE IN 1872, MET HIS DEATH

BOSTON, July 21.—John E. Matthews, who saved the books of C. F. May & Co. at the great Boston fire in 1872, and who was employed for nearly 53 years by that firm, was instantly killed by a runaway horse of the Davis Ice Cream company of Cambridge on Broadway, Somerville, near Walnut street, yesterday morning. The driver was Richard J. Dixon. Mr. Matthews was 72 years of age, and is survived by a daughter, Mrs. Loander D. Sutherland of 152 Walnut street, Somerville, with whom he lived. He was returning from Broadway park, where he enjoys a smoke every morning, when he met his death.

BABY SHOW AT CANOBIE

Annual Children's Carnival in Charge of "King of Babyland"—The Features

The annual baby show and children's carnival is announced. The street railway company will make this season's affair the finest it has ever held at Canobie Lake park. The "King of Babyland," in the person of Mr. H. H. Rich, will be in town and will take full charge of the big event of the mothers and children. This is pleasing news to all those who remember this gentleman and the way he handled the baby show and parade will feel assured that nothing will go amiss. Mr. Rich has presented the biggest baby show in the country and in the baby show of Europe, where his fame as a manager of these events has preceded him, to take charge of some big baby carnivals. To see Rich handle babies is a whole show in itself, and the park management is very glad to be able to secure his personal services from the Babyland Amusement Co. this season. There will be babies of every kind and description, and they will enjoy the occasion which is being held in their honor. You never saw such sweet, happy and satisfied children as they are. Some smiling and laughing in high glee, others cooing and talking in their own winning way. All are happy and contented. The awarding of the prizes and the judging of the babies is arranged by Mr. Rich. He is assisted by three local judges, and this part of the affair is handled in a most capable manner. Mr. Rich has a method of judging which would be hard to improve upon. He first selects the classes for which the babies are qualified. He then looks over the qualifications of each baby in that class and the best in this group are given a white ribbon. They then are carefully looked over for the third time and the best in this group given a blue ribbon. By this time the number of contestants is narrowed down to a small few and from these the judges pick the prize winners. Prizes will be awarded to the most beautiful babies, the finest twin babies, the fattest babies, the smallest babies, the most strenuous babies, the prettiest doll babies, the most beautifully decorated baby carriage, the most beautifully decorated go-cart, the most beau-

DRACUT ITEMS

Some Things That Happened During the Week—Excuse Age

One of the most successful events in Dracut for a long time was the annual lawn party under the auspices of the Ladies' Benevolent society of the Centre Congregational church, which was held on the church grounds Wednesday evening. The affair was largely attended and the receipts of the evening were very substantial. The grounds had been handsomely decorated for the occasion while numerous electric lights supplied light. Booths and sales tables were placed here and there about the place, and all in all the affair reflected much credit upon the organizers. One of the guests of honor during the evening was the pastor, Rev. Ernest C. Bartlett, who at the close of the affair warmly congratulated those in charge for the brilliant success obtained. During the evening an excellent musical program was given by Bamber's orchestra. Mr. and Mrs. Albert Fox were in charge of the arrangements and they were ably assisted by Mr. and Mrs. Asa Stickney. Those in charge of the sales tables were as follows: Mr. and Mrs. Alton Bryant and Mrs. Asa Stickney, ice cream; Alfred Fox and Thomas Varum, tonic; Misses Doris Fox and Evelyn Dutton, lemonade; Mrs. Harry Fox and Mrs. Jessie Currier, apron table; Mrs. Joseph Carpenter, Misses Orpha Coburn and Hazel Cluff, candy; Mrs. Dana Cluff and Mr. and Mrs. Conant Udell, frankforts. Grange Meeting An interesting meeting of the members of the Dracut Grange was held Monday night at Grange hall, Centre village. The attendance was large and considerable business was transacted including election and installation of officers for the ensuing six months. The election of officers resulted as follows: Samuel Pillsbury, overseer; Ethel Wiggin, pomona; Asa Stickney, cere; George Mosley, pot; side gatekeeper; Mr. Crosby, inside gatekeeper. During the evening a musical and literary program was given by Mrs. Howe of this city and Mrs. Belle Harrington Hall. Want Church The Catholic families of Elsmere, Kenwood, Brookside and Belle Grove have started a movement for the establishment of a Catholic chapel in their district and it is probable that within a short time Rev. J. E. Laborsiere, pastor of St. Louis' church will be presented a request to establish a school chapel in Kenwood. A consensus of the district was recently made and it was found that there are 75 Catholic families in the locality, representing five different nationalities, Polish, French, German, Belgian and Irish. Last spring Rev. L. C. Bedard, assistant pastor of St. Louis' church conducted a school session in the district for the purpose of educating the children preparatory to making their first communion. At that time he had a class composed of 30 children of various nationalities. The sessions were conducted at the home of Mr. Rivet in Perry street, and a few months later all the children received their first communion at St. Louis' church. The residents of the district claim they can support a school chapel in their district and they are willing to lay aside the question of nationality and unite in questioning a chapel.

BLOCKS STRIKE PLANS

INJUNCTION ISSUED AGAINST UNION MEN BY JUDGE LAWTON OF SUPERIOR COURT

BOSTON, July 21.—James A. Howlett, business agent, and other officers and members of Boston Carpenters' District council and the Allied Building Trades, have been enjoined by Judge Lawton of the superior court from taking any action to compel Irving & Casson, the A. H. Davenport company and 17 other firms engaged in the manufacture of interior finish to employ union workmen. Testimony was offered before Judge Lawton yesterday in the motion session of the superior court to the effect that in two instances the stipulation was entered into, carpenters had been called off work where the interior finish was being installed by some of the firms who brought the proceedings. Howlett denied that he had given authority to any person to instruct carpenters to leave work, that they were engaged upon, and declared that the calling out of men as related in court was the result of a mistake for which the unions were not responsible. ANGEL GUARDIAN SOLIDITY The result of yesterday's sporting program conducted at the annual outing of the members of the Angel Guardian sodality of St. Joseph's parish was as follows: Baseball: Altar boys vs. Choir boys, 7 to 6 in favor of the former; Gull-bault vs. A. G. Cadets, 16 to 4 in favor of former. 100-yard dash (boys 15 to 18)—won by Charles E. Arthur, second; R. Couty and Arthur Decelles, third. 100-yard dash (boys 13 to 15)—won by R. Lavallee; A. Laflamme, second; Alphonse Desrosiers, third. 100-yard dash (boys 10 to 13)—won by A. Laurent; L. Lavallee, second; 100-yard dash for members of Co. E, A. G. Cadets, won by W. Mettievier; E. Jean, second. 100-yard dash for St. Jean Baptiste church altar boys, won by Louis Tessier; Henry Ledoux, second. A Decelles, third. Three-legged race, won by Theophile Roy and Phillippe Breton; bag race, won by Alfred Marcotte; Theophile Roy, second; shoe race, won by A. Laflamme and Theophile Roy was second; potato race, won by A. Laflamme; L. Heures, second; mile run (seniors) won by Albert Gionet; R. Dolphus Asselin, second; relay race by Co. D, quarter mile run, won by A. Laurent; Albert Decelles, second. The sporting events were in charge of L. Lamoureux, L. Lessard, C. Asselin, J. Bergeron and W. Chaput. The general committee was as follows: Chairman, Joseph Bergeron; treasurer, Rev. Joseph Denis, O.M.I.; Emilie Morin, Wilda Chaput, Laurent Lessard, Arthur Salvas, Romeo Loezau, George Paquette, Emile Asselin, George Baribault, Leo Blouet and others.

Off For The Woods?

Don't forget your bottle of Minard's Liniment for tired, aching muscles, sore hands or sore feet. Being an antiseptic and germicide, it removes the poisonous germ from insect stings and mosquito bites. For cuts, sprains and bruises it is positively necessary.

Struck By Automobile

A black and tan dog owned by Octave Daignault of Nassau street, Kenwood, was struck and run over by a large touring car on the state highway Wednesday evening, and was only slightly injured. It is said that this is the third time this small dog has been run over by automobiles and it is still alive. Marvellous!

Assignment of Teachers

At a recent meeting of the town school board the following teachers' assignments were made: Dracut Centre school, Miss Ethel Gordon, graduate of Lowell Normal school and residing at Falm, N. H.; Miss Florence Winsby, transferred from Broadway to Centre. Broadway, Miss Elizabeth Dowler, graduate of Lowell Normal school and residing in North Tewksbury; Kenwood, Henry C. Baldwin, principal, residing in Hyannis, Colinsville, Miss Verine Gould, Lowell; Miss Mary Gordon, Lowell and Miss Bertha Reid, North Reading; the principalship is vacant. Collinsville School Work on the four-room addition to the Collinsville school which is being done by the Burton H. Wiggin Co. of this city, is progressing rapidly but the members of the school committee fear that the extra four rooms will not be ready for the opening of the fall term. The foundation is completed and part of the basement is finished. The wood work will be started within a few days.

Officer Resigned

William Davis of Elsmere, who has held the position of police officer for the Kenwood district for the past two years, has resigned his office on account of other business matters. He will be succeeded by Thomas McManus, who is employed at McLannan's nursery. Blueberries The blueberry season is on and this fact is very noticeable in the Belle Grove district, for hundreds of men, women and children, many coming from the city, are seen daily going over the old Methuen road with pails and baskets, their destination being Old Nickel mine. Another place well frequented in the blueberry business is the state highway, but it is said that in both places there are more pickers

# NEWS FROM CAMP COTTON

Lowell Boys at El Paso—Lieut. Christian Meets With Painful Accident

Camp Cotton,  
El Paso, Texas,  
July 15, 1916.

The second contingent of Massachusetts troops arrived about 11 a. m. today loaded down with their new packs and the accumulations of a five day trip to the border. They were under the direction of officers of the Sixth regiment and the coast artillery. They also had the pleasure of travelling in "sleepers" while we were obliged to make ourselves as comfortable as we could in ordinary coaches. But we were more than glad to see them and gave them a royal welcome. The whole regiment lined up on the parade grounds while the rookies passed in review, each company giving its new members three cheers and a tiger when they arrived opposite them. Company M had about the greatest number of all and I think we shall be obliged to change about ten of our men to another company in order to equalize the companies. They pitched their tents in the afternoon and they had the use of our cots during the night time for we were ordered to the "stock yards" for outpost duty at six o'clock where we remained until 6 p. m. the following evening. This has been our second detail to outpost duty in a week so that we have not had very much time to ourselves. The "stock yards" are right on the banks of the river and at a point which is fordable and is therefore considered a very responsible post. Our orders are to allow no one to cross from either side so as to prevent the smuggling of ammunition. The Mexicans have their outposts right opposite us about 150 yards, but they keep pretty well out of sight in the heavy underbrush along the bank. Occasionally you catch a glimpse of one of them with their two white bandoliers or cartridges over their shoulders and a revolver, rifle, and bayonet. They look like walking arsenals. But they did not trouble us and of course we did nothing more harmful to them than to stare at them through a pair of field glasses. There is one thing, however, that deserves special mention. It is the beautiful scene presented by Rio Grande, on a moonlight night. Last night there was a full moon and the memory of the beautiful picture is one of the things that will remain with us in the days to come.

During the week we were very busy between drilling, "hiking," inspections and visits to the hospital for some other new inoculation or vaccination. If everybody in Lowell would only visit El Paso for a couple of weeks there would be no need of a contagious hospital at home. We ought to be absolutely germ-proof when we get back. Our first "hike" was interesting as well as instructive. We marched from the camp through El Paso. This was the first time many of us had a chance to see the city itself, to Fort Bliss and back, a distance of about eight miles in all. El Paso is certainly a beautiful city. Its business section is equal to that of any of twice its population in the east and its residential section is far superior. The residences are practically all of the "bungalow" type, being built of red or white brick and of every conceivable design. Each has its little lawn, its flower beds, hanging vines and shade trees, and they spell "comfort" in capital letters. After returning from the "hike" there was a scramble for the showers (we have our own now) and the only thing that could induce us to leave there was "mess" call.

The inoculations left many of us with sore arms and sore heads but we are getting so used to them now that we take them as part of the regular routine. Lieut. Christian had a very painful accident last Friday, which came very near resulting in losing the sight of one of his eyes. We received a few bottles of ammonia for cleaning the rifles and Lieut. Christian was opening one of them when it blew right up in his face and eyes with the result that he has since been confined to his quarters with bandaged eyes. The reason for the accident is attributed to the fact that the ammonia is bottled in a much cooler temperature and the heat caused gases to form with the above result. The other company commanders were immediately notified to place the bottles on ice before opening.

#### Camp Cotton Notes

Musicalian Fred Callahan was probably the most welcome man in the whole contingent. Fred has been a member of the company for 15 years and is a bugler of unusual ability and

## GRAY OR FADED HAIR DARKENED

permanently with perfect ease and safety. Wet your hair all over with Q-Ban, the only guaranteed hair color restorer, every day and expose it to the sun and air—your hair will gradually and evenly change to its original uniform dark shade. Absolutely not a trace of gray hair will be left and nobody can ever tell how it happened. Just think of that! Furthermore, your hair will be much more glossy, lustrous, soft and fluffy than ever before—and fascinating to behold.

The secret of this wonderful change in the color of your hair is mainly brought about by a process of oxidation (oxygen in the air) which results from drying your hair in the sun and air after Q-Ban has been applied. Sun and air are Nature's own medicines and a very important part of the Q-Ban process. Only in this way with Q-Ban and the aid of sun and air can the color be permanently and safely restored to your hair. Make no mistake about this—all preparations claiming to instantly restore the color to your hair are fakes or treacherous dyes.

Q-Ban is made from a scientific formula of glycerine, alcohol, ethyle and perfume discovered after years of laboratory study and approved by the greatest chemical experts in the world, including Prof. Huber. Everybody uses Q-Ban nowadays, because it is safe and sane and the only guaranteed liquid hair color restorer that is absolutely free from dangerous, dirty, sticky dyes and paints and we want you to know the facts. Beware of imitations. Give Q-Ban a trial today—you can't do anything until you try—get it from Riker-Jaynes-Liggett Drug Stores—50c a bottle—or write Hestig-Ellis Drug Co., Memphis, Tenn. Money refunded if not more than delighted. The famous Q-Ban Soap for fine hair, Tonic, Q-Ban Soap for shampoo or toilet are also made by us. Write for authoritative booklet on hair culture—free.—(Adv.)

as the regiment is badly in need of musicians, Fred's arrival was very timely.

The company received several "sunshine packages" from Westford, containing many useful articles, such as soap, towels, handkerchiefs, writing material, stamps, cards, tobacco, etc., for which the boys feel very grateful. There is one member of the company from Westford, Triv. Haywood.

Lieut. Paul Kittredge is overloaded with work now that Lieut. Christian is on the sick list. The company is of the opinion, however, that he will be promoted very soon now that the whole company is here, and it is needless to say that the boys feel that he deserves it.

First Sergt. Kirk takes his inoculations the most "effectively" of any man in the company.

Sergt. Smith and Spillane are getting used to their duties as mess sergeant and Q. M. sergeant, respectively.

Sergt. Brennan, Wallace and Harley take turns at "locking" up the tents every night.

Corp. Kenney has been appointed "sanitary corporal" and there isn't anything getting by the corp. in his line.

Corps. Thyme and Conway are putting on weight in spite of all the hard work.

The two new corporals, Thomas McDermott and Taylor are taking to their duties like old timers.

The new arrivals met with the same kind of a reception that was accorded us along the route and Springfield, Mo. didn't forget them, even though it was 5 o'clock in the morning when they arrived there.

Privates Gillis, Hatch and Myron have been seen together very much lately.

Sergt. Smith has received that letter at last.

The boys are glad to see George Wayne. He will keep things alive on the "deadest" days.

Private Mungan still entertains with his tenor solos.

The Knights of Columbus of El Paso held "open night" for all the National Guard last Thursday evening and the rooms were packed to the doors. Everybody had a good time and were invited to attend the "smokers" that are to be held weekly.

Corp. Francis Haggerty.

#### HOLLAND IMPORTANT CENTRE

ROTTERDAM, Netherlands, July.—Besides being the medium through which the war news of the belligerents and much else, is exchanged, Holland is apparently the principal centre whence the respective espionage organizations send out their agents into the enemy's country and, moreover, an important spy recruiting ground. Many Dutch citizens, even members of the nobility, have, according to a contributor to the Nieuwe Rotterdam Courant, entered this dangerous but lucrative service and a few are now ruling the day in foreign countries, not to mention those who have paid the penalty of their lives. There are, it appears, two known espionage quarters in Rotterdam, directed by men commanding extensive staffs. Even an visit to such offices may have the most unpleasant, if not dangerous consequences, for the eyes and the cameras of the opposing party are ever on the watch and several Rotterdam men have long been incarcerated in foreign prisons merely on such a ground.

Significant in this connection is the recent dismissal from the police service of two detectives on the staff of the chief police bureau of Amsterdam, for having entered into a paid clandestine relations with the German secret service. Their "side line" included, among other jobs, the watching of persons of different nationalities, who had applied for passports to enter Germany, but concerning whom the German authorities entertained misgivings. Investigations are now afoot to ascertain whether other police officials in the chief cities of Holland may not have yielded to German temptations.

#### NOVEL SITUATION

TOKIO, July 21.—Foreigners witnessed an unusual and beautiful scene last month when 10,000 trees were released at night by schoolchildren before the imperial palace in salutation of the emperor. The children gathered the insects in one of the suburbs, enclosed them in tiny wooden cages and marched to the palace. At a signal the luminous insects were set free, flying over the palace—a cloud of scintillating spots of fire. From the ancient palace ramparts a court official acknowledged the tribute by waving a paper lantern, bearing the imperial crest.

A Wonderful Food—

Not only delicious—but there's "life" in

## Grape-Nuts

Try this experiment yourself. Take some Grape-Nuts direct from the package. Hold the granules in the palm of your hand under sunlight or an electric bulb. You will notice tiny shining particles of light on the granules—the starch of the grains transformed.

Then do the same with some other prepared food—any other prepared food. You don't see these glistening particles.

### "There's a Reason"

The wonderful taste—the wonderful nourishment in this great food is due to the fact that in addition to the sweetness of the whole wheat is combined the delicate flavor and food value of malted barley.

This gives Grape-Nuts two great factors that no mere wheat food can possess. The delicious zest of malted barley imparts a savor that is universally liked; and beyond that, the barley contains a digestive (not in wheat) which, with long baking, transforms the starch of these full grains into a form of sugar which shows on the golden-brown granules.

If you haven't tried Grape-Nuts food you have a treat in store. It not only appeals to the appetite but is a powerful re-builder for body and brain.

Sold By Grocers

and defense as follows:

Cruiser may fight cruiser at sea and the one capture the other. dreadnought may fight dreadnought at sea and the one capture the other. But in the air there is no capture! One aeroplane cannot tow another; that has been put out of action, through the air.

Notwithstanding this fact there is the greatest similarity between naval and aerial combat, and no doubt can be entertained that the future fleets of dirigibles and aeroplanes will be handled in precisely the same fashion as a fleet at sea. Taking orders from the leader of the line, the flagship, they will follow out the same evolutions and the same movements as those now in use in the navy.

Closing into conflict, the primary idea of the pilot of each craft is to obtain the best strategical position;

that is both the machines traveling "down" wind and in the same direction. The best strategical position is above the other machine, there to be able to rake it with machine gun fire if so needed, to drop bombs on it.

Having attained the strategical position the three qualities most required are initiative, speed and daring; initiative, because it is the unexpected move that always wins the aerial combat; speed, to be able to climb faster than the other machine; and daring, to accomplish that which the enemy fears to essay. Pilots in the stress and excitement of a hot fight repeatedly perform evolutions that they admit would be impossible to them in their saner moments, for the strain on the machine is enormous.

With the greater number of aeroplanes the machine gun fires through the blades of the propeller. This means that at least 5 per cent. of the bullets will be deflected. With only the pilot aboard it is a matter of expected move that always wins the aerial combat; speed, to be able to climb faster than the other machine; and daring, to accomplish that which the enemy fears to essay. Pilots in the stress and excitement of a hot fight repeatedly perform evolutions that they admit would be impossible to them in their saner moments, for the strain on the machine is enormous.

The direction of the wind influences

the combat to a very large extent. Let us take as an example two aeroplanes, A and B, both with a speed of 80 miles per hour, approaching one another. A is flying down wind (with the wind) with a wind of 15 miles behind it. A therefore has an actual speed of 95 miles per hour. B, on the other hand, travelling against the same wind, has only a speed of 65 miles. Therefore A has an advantage in speed of 30 miles.

Before November, 1915, enemy aeroplanes were loth to give fight at any price. The Fokker, with its superior engine power, made its appearance and the German airmen became, not only willing, but anxious. With what result may be gleaned by the greatly increased number of flying men in the casualty lists.

The fighting aeroplane, or, to give it its official title, the battleplane, is a machine of an entirely different type from those used for reconnaissance and "gun-spotting" work. Its main duty is to convey the bomb-droppers on raiding expeditions and to beat off any attacks that may be made upon them. It is essential that it shall be able to climb rapidly and that it has a powerful engine, in order that it may outmaneuver its opponent.

The preferable type of machine for this class of work are those of the "pusher" (propeller behind) and "double" engine variety. By removing the propeller blades from the forepart of the fuselage (body), the gunner is given at least an 80 per cent wider field of fire.

When the firing is through the propeller, the accuracy entirely depends on the skill of the pilot in maneuvering the machine into the required position—that is with the nose pointing directly toward the other machine. Thus it will be seen that with each movement of the attacked the attacker must immediately follow suit, and the probability is that if he is not wary enough he will be led into a trap over the enemy gun.

Another most important matter is a suitable mounting for the gun. This must allow the largest possible area of elevation and depression. The best direction in which to fire the gun depends on the type of machine. With some the best direction is backwards, upwards, or slightly to one side; with others, in front, backwards and upwards; with others, again, behind and below.

When giving chase to another machine the pilot should always aim to keep the enemy in view and his own

machine out of sight. Once he takes his eye off the enemy when traveling in mid-air it is an extremely difficult matter to find him again.

The pilot should further endeavor to keep his aeroplane between the enemy and the sun, to keep him on his gunner's left hand, and vice versa, to avoid placing himself on the left of the enemy unless by doing so he will put the sun in his eyes. If a turn is found to be necessary he should always turn toward the enemy and not away from him.

The observer's business is to note the relative speeds of his own and his opponent's machine. If the advantage is with the latter he should reserve his gunfire until the most opportune moment and then fire as rapidly as possible.

And last but not least comes the real human element. There must be a mutual understanding between the observer and the pilot, or the craft will inevitably come to grief.—London Times.

### USING UP VITALITY

The struggle for success uses up vitality in America at a greater rate than any other thing. Fighting to keep away from the poor-house we shorten the distance to the grave.

Especially in middle age, at forty or thereabouts, do we become impressed with the necessity of laying up a competence and with that feeling in time comes worry, nervous breakdown, neurasthenia. The entire system feels the result of the nervous strain. The digestion reverts things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red.

When these things occur, whether you are fourteen or forty, you need a tonic. Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. They are useful for growing children and for men and women whose nervous energy has been overtaxed.

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y. Write today for free booklet on the blood and nerves.

## COPS WORKING

Patrolmen on Leave of  
Absence Engage in  
Actual Labor

A great many people believe that the policeman's job is a cinch, but there are policemen who would much prefer to do something else if they could earn as much pay, and two, at least, of Lowell's finest have gone to work elsewhere for the time being.

The sturdy, sunburned young man in charge of the crew of street pavers employed on a mending job in Central street near Market street is none other than Patrolman James P. Garrity. Mr. Garrity was given leave of absence several months ago. His leave of absence expired last week and he had it renewed. He is an expert paver and he loves his work. He is young and strong, and he says it agrees with him. Charles J. Morse, commissioner of streets and highways, says there is no better paver in the country than "Jim" Garrity, and Charlie knows all of the good ones. Mr. Garrity receives \$4 or \$4.25 a day as a paver and that, of course, is more than he receives as a patrolman. He will undoubtedly go back to the police department but the chances are that he will not connect himself permanently with it.

Matthew J. McCann, the recognized athlete of the police department, is another who sought change of employment some time ago and who is earning more money than he received as a patrolman. Mr. McCann is a machinist by trade and he is working nights at the Cartridge shop. He is a first class machinist and is earning considerable more than was paid him for doing police scout duty on a motorcycle. The United States Cartridge Co. has taken men from other industries and that was to be expected. The Cartridge company was paying better wages than the average, but to lure a policeman away from his job is going some.

## "FAT" WAUGH IS DEAD

WELL KNOWN ASSOCIATED PRESS  
OPERATOR WAS A VICTIM OF  
PNEUMONIA

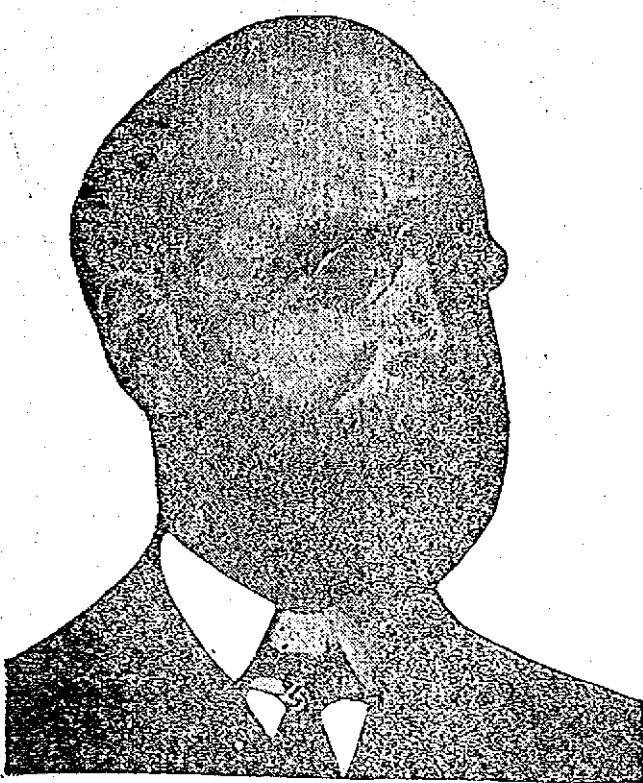

NEW YORK, July 21.—W. L. Waugh, known to telegraph operators throughout the country as "Fat" Waugh, died from pneumonia here last night. Mr. Waugh was born in Fulton, N. Y., in 1850, and began his telegraph career as a messenger boy at the age of 12. He graduated as an operator for the Western Union at the age of 14 and after a few years of varied employment entered the service of the Associated Press. Owing to ill health he was placed on the retired list of the Associated Press a few weeks ago.

Waugh's beautiful "Morse" is a tradition not only in the Associated Press service but among telegraphers everywhere. For many years he was the sending operator in New York on the first main trunk circuit between New York and Chicago and on all special occasions, such as national conventions, was the sender of what is known as the "bulletin wire." His health prevented his detail to the last national convention and for the first time in 20 years the Associated Press was without the services of one who, in the past, had flashed to the world the nomi-

## MANY AFFLICTED WITH NEURITIS

Expert Gives Simple Tests For Painful Disease  
Prevalent Here.

Have you a pain in the shoulder when you attempt to put on your coat? Is your arm sore and painful at night? If so you very likely have rheumatic neuritis, which has become so prevalent during the past six weeks, said W. A. Varney, the discoverer of Var-ne-sis.

W. A. VARNEY, Discoverer of Var-ne-sis.

"The shoulder and arm is very painful if raised above the head and the pain is usually severe at night so that sleep is impossible. If the condition is neglected it may extend to the hand and weaken the muscles so that it is almost impossible to lift a cup. A dragging heavy sensation is often complained of when the arm is allowed to swing at the side. There is rarely any swelling and the main symptoms are pain and weakness of the muscles, with more or less numb-

## CARTRIDGE CO. OUTING

LARGEST CROWD EVER FROM  
LOWELL WILL OWN NANTASKET  
BEACH TOMORROW

The outing to be conducted by the U. S. Cartridge company tomorrow will probably be the largest ever held from Lowell, and the plans promise enjoyment in proportion to its size. Over 4000 employees are expected. The first train will leave the Middlesex station at 8 a. m. and three other specials will follow, the last leaving at 5.30. In Boston a parade will be formed which will march to Rowe's wharf where the chartered boats will be in readiness ready to transport the crowd to Nantasket. At the beach there will be a program of sports and many unusual events to say nothing of the shore trips and water enjoyments. On the return the boats will leave at 7.15, 10.30 and 11.30 p. m. but for those who may wish to leave earlier the tickets will be good after 3 p. m. The local committee on arrangements has been kept going attending to details, and it looked today as though the estimated 4000 is below the mark. The U. S. Cartridge company has made a reputation for doing things in a big way, and tomorrow will afford another proof of it.

Work on the new work will be started Monday at both plants. Nearly 2000 operatives will be given steady work for two months at very high wages. The army shoe work being far more profitable to the workers than domestic grades. Anticipating these contracts, the two concerns are plentifully supplied with upper and sole leather, as well as other materials. The average output will be 20,000 pairs per day.

## SHELAC PLANT BURNED

RAY STATE COMPANY FACTORY IN FALL  
RIVER DESTROYED WITH LOSS OF  
FROM \$15,000 TO \$20,000

FALL RIVER, July 21.—The big plant of the Ray State Shellac company was completely destroyed by fire last night. During the progress of the fire a heavy rainstorm struck the city and the electric system was put out of commission entirely. The blaze was of such a threatening nature that Chief William C. Davol had the second alarm sounded a few minutes after the arrival of the first detachment of apparatus.

The shellac company's buildings were situated near a congested tenement district and there were fears, entertained that the fire might spread to the surrounding buildings. The terrific downpour saved this section of the city from a possible conflagration. The Ray State Shellac company was the same concern of which Arthur E. Parkes, the treasurer, and his fiancée, Miss Anna Cushing of Middleboro, were killed in a railroad accident at Plainfield, Conn., this week. The loss last night was estimated at from \$15,000 to \$20,000. The cause of the fire is unknown.

## BRATTLEBORO BOY DROWNS

BRATTLEBORO, Vt., July 21.—John Fleming, aged 16, was drowned in a swimming hole in the canal beside Whetstone brook yesterday afternoon. He was having fun with three younger boys, was unable to swim, and got beyond his depth.

The others tried to rescue him with a broom handle, but he could not keep hold of it. After he sank the boys ran away in fright, and it was nearly half an hour before help arrived.

Physicians worked over him two hours with a pump. The boy leaves his father, John Fleming, two sisters and two brothers.

## HEARING ON CENT WILL

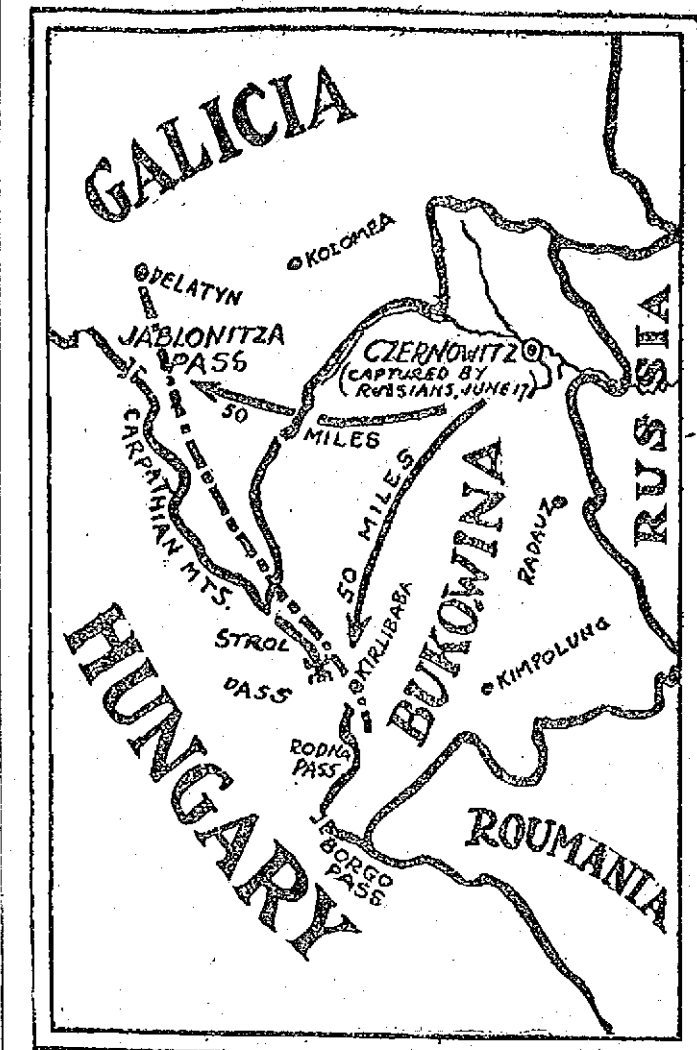

BOSTON, July 21.—A hearing on the will of Anna K. Gilman, whose will claims more than a million dollars and shuts off her legal heirs with one cent each, is assigned for today in the probate court at East Cambridge before Judge Lawton.

## POLISH SCHOOL SOCIETY

WARSAW, July.—The German military administration has allowed the revival of the Polish school society, which the Russians had prohibited in the year 1907. The society will now organize branches in all the chief towns and will open primary, intermediate, and high schools at many places. Libraries will be established, lecture courses for educational purposes will be instituted, and pedagogical and other scientific periodicals will be published by the society.

PLAINS OF HUNGARY MENACED BY  
RUSSIAN ADVANCE IN CARPATHIANS

## WHERE RUSSIANS MENACE HUNGARY

Hungary was seriously menaced by the Russian advance against the Carpathians, according to recent advices. In the north the Russians secured two important eastern passes in the Carpathians, Jabolonitz and Kimpolung, while they also held command of the Delatyn-Budapest railway. Their cavalry moved in the rear of General Pflanzer's forces, near Kimpolung, and apparently the invasion of Hungary had begun. According to one report, a Russian force entered Hungary, threatening the Austrian rear in the mountains. The arrows in the accompanying map indicate the direction of the Russian advance toward the Carpathians since the capture of Czernewitz on June 17. The broken line at the left is the Austro-Hungarian-Russian battle line.

## TO MAKE 2,000,000 SHOES

Brockton Firms Receive Italian War  
Orders Which Will Keep 2009  
Workers Going Two Months

BROCKTON, July 21.—Contracts for army shoe work, said to involve the making of 2,000,000 pairs of climbers for the Italian armies, were signed in New York and announced yesterday by the Charles A. Eaton company and the Fred F. Field company. Both concerns have been making army shoes for nearly a year, except for the past two weeks.

Work on the new work will be started Monday at both plants. Nearly 2000 operatives will be given steady work for two months at very high wages. The army shoe work being far more profitable to the workers than domestic grades. Anticipating these contracts, the two concerns are plentifully supplied with upper and sole leather, as well as other materials. The average output will be 20,000 pairs per day.

## KNIGHTS OF COLUMBUS

WILL ASSIST IN MAKING THINGS  
PLEASANT FOR THE LOWELL  
BOYS IN TEXAS

At a meeting of Lowell council, Knights of Columbus, held last night, it was voted to give some recognition to the members of Company M of the Ninth regiment who are now on duty on the Mexican border and a committee of five was appointed to arrange for the sending of a box of goods to the company's headquarters in Texas and to follow it up later by other boxes. It is the aim of the council to minimize as much as possible the waste of the soldiers while on duty. Considerable routing business was transacted during the course of the meeting and it was voted to conduct a ladies' day at the summer camp in Tyngsboro in the near future. The arrangements were left with the grand knight and board of trustees.

## SISTER OF CHARITY

Lowell Young Woman Takes Final  
Vows—Will be Known in Religion as  
Sister Augusta

Miss Clara Mae Sullivan, a prominent young woman of this city, daughter of Mr. and Mrs. Thomas B. Sullivan of 83 Durand street, and sister of Henry F. Sullivan, the noted swimmer, has taken her final vows in the order of the Sisters of Charity, who are in charge of St. Peter's orphanage in this city and she will be known in religion as Sister Augusta.

Miss Sullivan is 20 years of age and a graduate of the Varnum school of this city. She entered the convent of the Sisters of Charity at Nazareth, Ky., last Jan. 15, and she took her vows last Wednesday. Present at the ceremony was the young woman's mother, Mrs. T. B. Sullivan. The parents hope the new nun will be assigned to duty somewhere in this state, where the order has several institutions of charity.

## MOSQUE TO MUSLIMS

LONDON, July 21.—(By the many architectural beauties of London will be added after the war a grand mosque in memory of the Moslems who have fallen in the war on the side of the allies.

The work of raising funds for its erection is in the hands of Lord Headley, who embraced Mohammedanism three years ago and is a devout member of the faith. He has raised even now a large sum toward his object, but perhaps will obtain twice the sum now available before the building will

In the records of the Mohammedan faith Lord Headley is described as "Salurrahman Shaikh Rahmahallah Farooq" which is a title of highly complimentary nature. Lord Headley has always had a reputation as an enthusiast and this is manifesting in his new religion. In his younger days he was the best boxer at Cambridge, having won the middleweight and heavyweight honors. He is a civil engineer, a former editor and a large land owner in Ireland.

## MISS SMITH WINS CASE

HARTFORD TRUST CO. NAMED TO  
BE HER CONSERVATOR BY JUDGE  
L. P. WALDO MARVIN

HARTFORD, Ct., July 21.—The objection of Marion Pomeroy Smith of Ryannis, Meas., had to the appointment of her Massachusetts conservator, Charles C. Paine of Barnstable, as her conservator in Connecticut, was upheld by Judge L. P. Waldo Marvin of the probate court yesterday afternoon, when he named the Hartford Trust company to serve in that capacity.

The young woman has property of some value here. A hearing on the capacity of Miss Smith to manage her property affairs, which are said to be considerable, had received the court's attention for several days.

## FEEDING THE BIRDS

The Lowell Fish and Game association has received a copy of the following letter of suggestions relative to winter feed for birds, from the chairman of the fish and game commission:

Boston, July 14, 1916.  
We all understand the value of providing food for the birds in the winter and we know that this is the only solution to a large supply of quality. The birds suffered very greatly last winter through their failure to get food and grit.

One of the best ways to provide for them is to plant grain which will be permitted to stand during the winter. It is about the best grain and it planted any time between now and Aug. 1 should yield a satisfactory crop. It costs about \$1.55 a bushel, and a bushel and a half should plant an acre.

We earnestly urge you to see that some of this grain is planted in your time, you can actually hire some farmer friend at a nominal price to put it along his stone walls or in his pasture.

We cannot urge on you too strongly the necessity of quick action in this matter, and we should be pleased to have a report as to what you have done.

With best wishes for your continued prosperity, we are  
Very truly yours,  
William C. Adams,  
Chairman.

## VOLUNTARY WAGE INCREASE

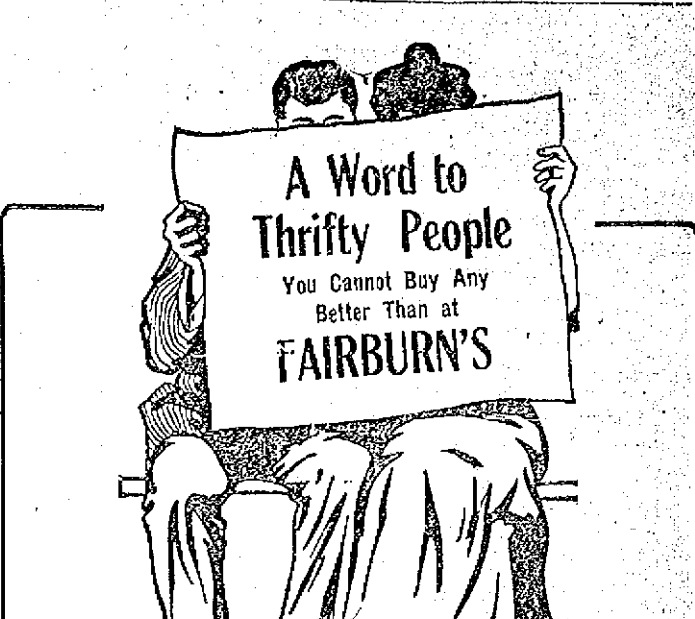

Rockland Trolley Company Gives from  
10 to 15 Cents a Day More—Maxi-  
mum \$2.25

ROCKLAND, Me., July 21.—The Rockland, Thomaston & Camden Street railway yesterday granted another increase of wages. First-year men are to receive \$1.20 a day, instead of \$1.10; second-year men are advanced from \$2 to \$2.10, and third-year men are advanced from \$2.10 to \$2.25. The raise was made voluntarily, as was the increase granted by the corporation last February.

## FAIRBURN'S

12-14 MERRIMACK ST. TEL 788-789

Ambassador Page at London. Law-  
rence Guinness, house of parliament.  
Cardinal Logue of Dublin and Bishop  
O'Dwyer of Limerick.

The cable reads:  
"Whereas the national convention  
of the Ancient Order of Hibernians  
in convention assembled at Boston,  
Massachusetts, U. S. A., 250,000 mem-  
bers representative of the Irish in the  
United States, do protest the hanging  
of Sir Roger Casement as an act of  
inhumanity that the Irish people can  
never forget and will never forgive."

"Further the hanging of said Casement  
must be accepted by the Irish  
people as an act of hate and not of  
justice."

The cable is signed by Joseph McLaughlin, national president of the A.O.H., Francis A. Campbell, John O'Dea, M. Delaney, John J. Cox, Philip J. Sullivan as members of the committee.

When the cablegram was read last night, just before it was sent, to the 350 delegates assembled in this city in convention at their banquet at the Copley Plaza, it was greeted with tumultuous applause.

There were 120 men and women in the grand ballroom and the renaissance room of the hotel. The handsome gowns of the women relieved the sombre black dress suits of the men. The green flag of Erin intertwined with Old Glory, with the exception of the words, "God Save the King," in inscription "God Save the King," meaning "A Thousand Million Welcomes," were the only decorations.

Another feature of the evening, and it was full of features, was the presentation of a large emerald-shaped diamond pin to Mayor Curley by the officers of the Suffolk county divisions. The presentation speech was made by County President Frederick J. McLaughlin. The mayor responded eloquently.

All the forenoon and most of the afternoon was taken up by both the Ancient Order of Hibernians and the Ladies' Auxiliary with their routine business. The day started with the celebration of a solemn high mass of requiem in St. James' church, Harrison avenue, the Rev. Philip O'Donnell, rector. The mass was celebrated for deceased past national presidents of the order and for the Irish martyrs. Father O'Donnell was the celebrant. There was a big attendance of men, women and children. Mr. P. J. Supple, administrator of St. John's

church, Roxbury, preached the sermon. Referring briefly to the Irish martyrs, Mr. Supple said that the men had given their lives for love of country.

The morning session of the A.O.H. was opened with prayer by the Rev. Patrick N. McDermott of Massena, state, John F. Donnelly of Cambridge, state president of the A.O.H., handed in the names he had appointed on the different committees of order in this state. During the afternoon the secretary's and treasurer's reports were read.

A Convention hall the Ladies' Auxiliary listened to the remainder of the report of Mrs. Ellen Ryan Jolly, president. It was enthusiastically received. Miss B. A. Maloney of Michigan, national vice-president, then read her report. Mrs. Mary B. Daley of Minneapolis, chairman of the committee on credentials, reported that approximately 350 delegates were on hand. Miss Alice Ratigan, chairman of the committee on rules and orders, also reported.

In the course of her address yesterday, Mrs. Jolly spoke of the work of erecting a memorial to the dead men who nursed the soldiers during the Civil war. She said that the proposed monument was on the stage. It will cost \$50,000. This sum is already on hand, and all that the auxiliary is waiting for is the granting of a site in Arlington cemetery, Virginia, by the government.

## AUSTRIA SEEKS DETAILS

## Requests Additional Facts Regarding Attack by Submarine on Steamer Petrolite

WASHINGTON, July 21.—The state department today received from Austria-Hungary through Ambassador Penfold at Vienna a request for additional details regarding the attack by an Austrian submarine upon the American tank steamer Petrolite. Mr. Penfold's dispatch gave no indication as to when the Vienna government intends to comply with the American demands for an apology, punishment of the submarine commander and reparation for the damage done by the submarine's shell fire.

Officials of the department declined

to divulge the nature of the information sought on the ground that negotiations at this time were confidential. A reply will go forward shortly.

The Austrian claim has been that the submarine commander fired on the Petrolite by mistake and that later the master of the tanker voluntarily furnished the submarine with provisions. The Petrolite's captain swears, however, that he was shelled without provocation and compelled to surrender to a submarine which was sufficient only to take him to port.

## LAUNCHED SUBMARINE THE REDISTRICTING PLAN

## LARGEST UNDERSEA FIGHTER IN EXISTENCE WAS LAUNCHED AT QUINCY NAVY YARD YESTERDAY

BOSTON, July 21.—The largest submarine ever constructed for either the United States or a foreign government was launched yesterday at the yards of the Fore River Shipbuilding company at Quincy.

This new underwater craft was the Tasc Peral, built for the Spanish government, and was the first ship ever built in the United States for that government.

## Pleasant Release

The christening ceremonies were witnessed by a large and distinguished assembly, including representatives of the Spanish government. A new feature was introduced into the event as a religious service held in accordance with the custom of the Spanish government. The new ship was blessed by the Rev. John J. Casey of St. John's church, Quincy, before she took her maiden dip.

The boat was decked from stern to stern with the American and Spanish flags, besides that of the international signal code and the builder's flag.

The Tasc Peral was released from her ways at 3 o'clock, the event being delayed on account of the non-arrival of the sponsor and her party from Newport, owing to a derelict out-ride that day. When they reached the yard at 2:50, they were met by President Joseph W. Powell of the Fore River Shipbuilding company, and escorted to the launching platform.

The sponsors were Senora de Riano, wife of Dr. Juan de Riano, the Spanish ambassador to this country. In the rear were Military Attache Col. Alderquia, Senora Urcillo, Mr. Carro, secretary to the ambassador; Comissary Calanti, Lt. Carranza, Lt. Cortijo, Senora Cortijo, Lt. Guimera, Lt. Eng. Lopez, United States consul-general of Spain, Maj. Garrigo of the Spanish field artillery and Senora Garrigo.

As the new-underwater craft was released from her ways Senora de Riano broke a bottle of champagne over her head, exclaiming, "To be bautizo, Isaac Peral." After the craft had taken the water tugs came and towed her to the company's dock, where she will be completed.

Following the ceremony, Senora de Riano was presented by President Powell with a diamond set platinum pin. She also was given the big box which contained the fragments of the christening bottle.

Last evening the launching party was entertained at the Algonquian club in Boston.

## YOUR BOYS AND GIRLS

This diet from the eighteenth month to the end of the second year may help some inexperienced mothers: 6:30 to 7 a. m.—10 ounces warm milk; 9 a. m.—orange, peach or prune juice, two or three ounces in one ounce water; 10 a. m.—rolled oats cooked three hours, two or three tablespoons, served with thin cream. Toast or zwieback and a cup of warm milk; 2 p. m.—rice thoroughly boiled, with two ounces beef juice and one elice dry toast. For dessert the pulp of the prune may be given, cooked without sugar until very soft. Steam to remove skins; one tablespoon at first, later two tablespoons, one-half cup of milk.

Another day—Chicken or mutton broth, with boiled rice and some bits of soft meat, very finely cut up, may be allowed. Place on dry wheat or rye bread or 24 hours' old zwieback. Dessert, soft part of baked apple, without seeds.

was scheduled to be held on the lawn adjoining the home of George W. Trull but on account of the rain the program was carried out indoors. The attendance was large, representatives of the grange coming from Lowell and surrounding towns and despite the fact that everything was under cover, a most pleasant day was spent.

The event opened at 9 o'clock this morning, automobiles conveying the guests from the electric cars to the church. A brief reception was held and there were addresses, these taking part being Edward P. Chapman, of Ludlow, master of the state grange; W. C. Jewett of Worcester and Paul Master Gardner. During the day the "Pomona Ladies" orchestra supplied music. A varied entertainment program was also given.

The officers of the Middlesex North Pomona grange are as follows: Wardens A. Sherburne, Tyngsboro, master; Bert A. Cluff, Dracut, overseer; George W. Trull, Tewksbury, lecturer; Frank A. Haines, Tewksbury, steward; Harry Davidson, Dracut, assistant steward; Mrs. Alice Colburn, Dracut, chaplain; Norman L. Pease, Dracut, treasurer; Mrs. Lulu M. Huchings, Billerica, secretary; C. B. Tuttle, Billerica, gatekeeper; Mrs. C. B. Wright, Westford, Ceres; Mrs. W. A. Sherburne, Tyngsboro, Pomona; Mrs. E. A. Buck, Willington, Flora; Mrs. Caroline Sarre, Lowell, lady assistant steward.

## THE FRENCH MAID SAYS

## THE BASEMENT DINING ROOM

"Oh, dear," sighed Marjorie, "it is so hot in our dining room father nor I can hardly eat anything and yet really I have a good appetite, if it only wasn't so hot."

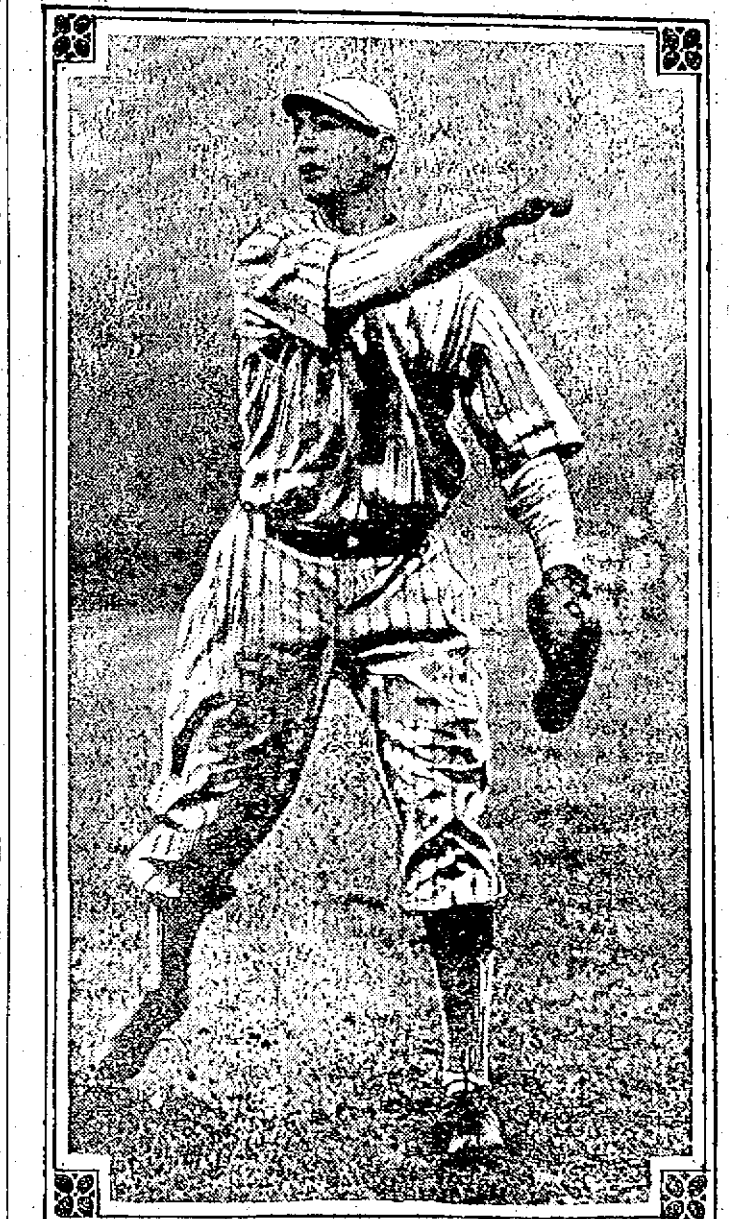

"If I were you," replied Marie, "I should certainly take advantage of that large cool back basement of yours. I know a lady who serves all her meals during the hot weather in such a basement. You can scarcely imagine how cool and comfortable and attractive this little basement dining room is."

"Her house, though one of the medium size, has a big basement divided into various compartments. One room has nothing in it but the table which is used for various purposes. This was transformed into a dining table, cutlery of dainty white Swiss were put up to the windows and the whole

turned into the most comfortable, cosy dining room imaginable. The cool floors of cement were thoroughly scrubbed and cleaned, and here and there a rug was laid to relieve the bareness. The laundry had in it a hot plate used for heating radiators, and most of the cooking was done by the stove method, and all in the cool basement. Dishes were washed there and placed in a small cupboard pressed into service for the summer months.

"Not to mention the economy of work which it afforded there was the comfort which came from cooking and serving and eating in a place cool and restful, where the boiling sun did not enter. Everything was conveniently arranged and the change was most effective."

## MILLER OF CARDINALS ONE OF HARDEST WORKERS IN GAME

ST. LOUIS, July 21.—"Jack Miller of the St. Louis Nationals is one of the hardest working players in the game today," said a veteran ball player recently. "From the start of the season until the end Jack is always on the job giving his best. While Miller is not the greatest first baseman in the business he is a corking good man in the position. In addition to being able to handle the initial position Miller can also fill the bill nicely at second or short, which he has been forced to do many times during the past season. I consider him one of the most valuable ball players in the game," adds the veteran. Picture shows Miller pegging from first.

## Mid-Summer Mark Down Sale

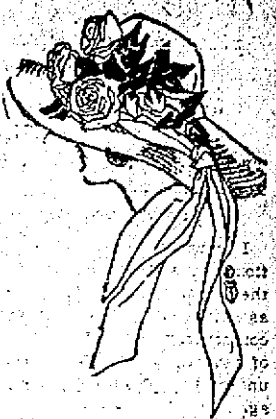

OF

## Fashionable Millinery

The early part of this summer was wet and disagreeable and the milliners all suffered by it, and the result is that we are obliged to let the balance of our stock of pattern hats, sport hats, and in fact everything in our stock go at prices that will seem like our giving them away. All we ask is that you call and see for yourself. A dollar will purchase more at our store for the next ten days than ever before. We must dispose of our summer stock to make room for our fall and winter goods, and our loss is your gain. To attempt to quote prices would be foolish as we intend to let the hats go at from one-half to a quarter of the regular prices, and we have hats for old and young people. Remember this is to be a banner mark-down sale.

## GRAND CIRCUIT RACES

Grand Chimes Beats Classy Field  
at North Randall—Cox's Busy  
Lassie Second

NORTH RANDALL, O., July 21.—Grand Chimes, a handsome stallion from Louisiana, was the trotting hero at North Randall yesterday, beating a classy field in the \$3000 Tavern "Stear" making a new record of 2:06 1/4 in the second heat.

It was a hard battle throughout, Easy Lassie from the Cox stable being the main contender, and in the final heat she nipped the Chimes horse right at the wire in 2:06 3/4.

Tom Murphy won two of the four events on the card, showing up a very high class trotter in Azora Axworthy, with which he won the 2:18 trot. Aside from the Tavern event the racing was not closely contested.

The betting public was wise to the good thing in the Tavern. Grand Chimes, fresh from a string of victories on the half-mile track, selling for \$100 in the auctions, Briscoe being \$100, Easy Lassie and Early Don, \$200, and Early Don, \$100 and \$100.

The first heat found the favorite in front all the way in 2:05 1/4, with Early Don second. The clip was faster in the second, Grand Chimes leading all the way. Cox brought Easy Lassie with a great rush in the stretch and Grand Chimes was all out to win in 2:06 1/4.

The third heat was a close one, with Grand Chimes leading all the way. In the final heat Cox used the favorite for a wind-up to the stretch. At the distance stand he found an opening next to the rail, came through and won the heat in a hair raising finish in 2:06 3/4.

Grand Chimes is owned by the Black River stock farm of Jonesville, La., of which brother of Cardinal Gibbons is the principal owner.

Azora Axworthy was favorite for the 2:18 trot and she made good. The race was very easy for her, although the California mare, the Lark, made her trot the final heat in 2:06 3/4 to win.

The sweepstakes event for 2-year-olds brought out only three starters. Two from the Murphy stable, Maple Tree, won in the first heat, but broke in the second, and her companion, Peter Mount, won from Adele Block. In the final Maple Tree led all the way, breaking and running the last 50 yards, but was given the decision.

Hal Plex E. a failure last season for "Pop" Gees started favorite for the 2:18 pace. Dick McMahon having the horse in the entered absence of the veteran driver. The first heat was easy for him, but in the second a break put him out of it and Admiral Dewey, second, got the benefit of a close decision from Trampquick. In the final the favorite was on a pace all the way and had no trouble in winning.

## RALLY IN NINTH

Lowell Lost Three Run  
Lead—Ten Innings to  
a Tie

After playing good ball for eight innings, the Lowell Police baseball team blew up in the ninth inning of their game with the bluecoats of Manchester at Spalding park yesterday afternoon, permitting the visitors to score three runs and tie the score. An attempt to break the tie was made in one extra inning after which it was agreed to call the game off so as the Manchester men could get back to work. The score was 4 to 4.

Nobody was late for the game. Everyone who intended to see the contest was present when the umpire verified the batteries for it was agreed to start at 11 sharp but, like all police games, there was a delay of about two hours and 15 minutes. A young man named Jones of Lawrence was the decision maker and while he quit twice owing to the strenuous objections of the players nobody else would perform the work and he was reinstated.

Both Sharkey and Flanagan pitched well ball. The Manchester guardians secured eight hits while Lowell knocked out seven. The strikeouts were frequent. Lowell sluggers whiffed the breezes without connection, 13 times. Kenney and Drevett were the only ones who failed to fall before the pitching of Flanagan. Sharkey forced eight of the visitors to fan.

Manchester made the first score of the game in the second inning. Flanagan was given a base on balls and went to third on a double to left by Scannell. Chester Young, a Lowell boy, brought in the run with a pretty sacrifice bunt.

Flanagan was inviolate for three innings not a man reaching first. In the third inning, the Manchester twirlers struck out three men, making six strikeouts. Lowell started off in the fourth. Sharkey scratched a hit along the third base line, stole second, went to third on a hit by Lynch and when Kenney hit up a sacrifice fly to Smith, Lynch stole second and after swinging third on a sacrifice pulled off a great stunt by stealing home.

Lowell added two more in the eighth while Sharkey held his opponents at bay. Manager Drevett, the first man up, stood at the bat like Frank Hall and poled the bat over the left field fence for a four-base hit. It was said this is the first time the ball has been put over the fence at Spalding park in police circles. Two errors, a wild pitch and a passed ball allowed McNulty to score with a second run.

When Manchester came to bat in the ninth the score was 4 to 1 in Lowell's favor. The team went to pieces at the last moment, however, and three poor errors, two hits and a base on balls gave Manchester three runs, just enough to tie the score. The slide was retired with men on second and third. Only three men faced each pitcher in the 10th.

RED HOT BALL GAME  
PONIES TO MEET OLD TIMERS  
ON LAKEVIEW AVENUE GROUNDS  
SATURDAY  
Sharks may come and U-boats may go, but baseball players go on forever. At least that is the opinion of the Centralville Vets. for during an argument relating to the merits of the ball tossers of 10 years back and the present day diamond warriors a challenge was given by the Veterans to the Ponder which was accepted by their manager and the game will be played Saturday afternoon on the Lakeview avenue grounds and no doubt the fans on that side of the river will see a red hot contest. The Vets have been putting in a week of practice and say they will show the youngsters something, but the boys of 1916 are singing, "It's not what you used to be, it's what you are today."

COLUMBUS

TENNIS TOURNAMENT  
NARRAGANSETT PIER, R. I., July 21.—Craig Biddle of Philadelphia, and G. Claret Caner of Harvard were to oppose Richard Harte and Watson M. Washburne, two Harvard players, in the final round of the doubles of the Point Judith tennis tournament today.

## MACK, MAN OF COURAGE

CONNIE IS PATIENTLY DEVELOPING  
NEW TEAM UNDER ADVERSE  
CONDITIONS

PHILADELPHIA, July 21.—Few major league directing bosses have the courage of Connie Mack. He is gambling for high stakes. Instead of leading his team with seasoned players who are on the slide, but who probably could land his team fifth or sixth in the race, he is trying nobody but the rawest kind of rookies.

In the meantime, the Athletics are losing games in gross lots, yet the general is willing to sink or swim on his policies. After all, it is he and his associate stockholders who suffer most by steady defeat.

If he is doing some eccentric dancing he is paying the fiddler for it. While the Athletics have been strangers to victory Mack has made some tangible progress. In Wilt he has a chap who looks like the coming infielder of the American league. Elmer Myers has already arrived. He won many games at the start and would have copped more had his support not failed him. A freak injury to his pitching hand has been a handicap to Nabors. Mack feels sure that Lawry will come through. Mitterling, Kling, Carroll and Rowe are other possibilities.

The Athletics probably will be in last place in October, but they may make a whole lot better than they do now.

Charles Weeghman, president of the Chicago Cubs, probably will be made to pay a fine of \$1000 because Umpire Byron forfeited Tuesday's game in Chicago to Brooklyn. According to National league rules Weeghman must have a hearing before the board of directors some time before next Tuesday, but there's hardly a chance to escape the penalty. Manager Tinker of the Cubs also must pay a \$100 fine, which cannot be remitted under any circumstances. Tinker is held responsible for the actions of his players on the field. He failed to compel them to obey the orders of the umpire. To forfeit a game is a serious offense. The umpires in both major leagues have been instructed to take plenty of time before handing a 9 to 0 game to a club.

AMATEUR BASEBALL  
The Lawrence Mfg. Co. team will clash with the strong Centipedes of Lawrence on Saturday, July 22, on the Alken street grounds and the game gives promise of being a battle royal. The Centipedes have defeated the South Ends and Kimball System and are out for the Merrimack valley championship. The battery for the Centipedes will be Herzog and O'Neill, while Rice and Edwards will work for the Lawrence Mfg. Co. Game called at 3 p. m.

Philadelphia 6, Cincinnati 0 (first game).  
Cincinnati 5, Philadelphia 3 (second game).  
Brooklyn-Pittsburgh—Wet games.

## PLAYED SCORELESS TIE

Lowell and Bridgeport Battled for  
13 Innings Without a Run—  
Green Pitched Great Game

BRIDGEPORT, Conn., July 21.—Paddy Green, who reported to Manager Kilhullen here yesterday after a brief leave of absence, pitched one of the best games of his career holding the Hustlers to six scattered hits in a 13 inning game that ended in a scoreless tie. Mulrennan, the Bridgeport twirler, while hit much harder than Green, was strong with men on bases and pitched himself out of many dangerous holes.

The game was called by Umpire Keedy on account of darkness. Vice-President Dan O'Neill of the Eastern league, who was a spectator, scored the umpire for calling the game so soon claiming that it should have gone along for at least a half hour longer.

Two of Bridgeport's six hits were of the scratch variety. Green worked hard and in only one of the 13 innings was the home team dangerous. That was in the 12th when Warner went from first to third on Whalen's single. Not a ball was hit out of the infield in the rest of the inning, however.

Lowell had several chances to score. In the second Robinson and O'Connell singled and moved along on a sacrifice hit by Torphy. Robinson was caught at the plate in attempting to score on a grounder and O'Connell was out trying to steal home. Lowell filled the bases with two out in the fifth but no score resulted.

There were several fine plays in the game. Helfrich, Robinson, Kane and Mulrennan made fast plays in the field. Parker making a spectacular catch of a fly to right. Torphy, Kilhullen, Helfrich and Robinson led at the bat with two hits each.

THE SCORE:  
LOWELL  
Simpson lf ..... 5 0 0 2 0 0

GUNMEN MURDER TWO  
OWNER OF NEW YORK RESTAURANT AND CLERK SHOT AND SLASHED  
NEW YORK, July 21.—Joseph De Marco, owner of a restaurant in a section of the city known as the Upper Tenderloin, and Charles Lombardi, a clerk, were murdered yesterday afternoon in an unoccupied flat in the tenement house at 51 James street by a band of gunmen who, the police believe, had a part in the Barmat murder and several shootings in the "murder" stable on upper East Side. Two minutes after the shots that ended the lives of the victims were heard, the police entered the smoke-filled room. Twelve hats were all they found with the two bodies. The police estimate that at least 10 men took part in the double murder. The bodies of Marco and Lombardi bore evidence of many bullet wounds and were slashed repeatedly with stilettoes. A score of bullets were imbedded in the walls of the room.

CRUTE BELIEVED DROWNED  
CUSHING, Me., July 21.—Searching parties yesterday morning found at Willets Point an overturned skiff and floating cap, leading to the belief that Ernest Crute, aged 27, a lobster fisherman, has been drowned. He had been missing since Tuesday night, when he went out for lobster bait. Mr. Crute leaves a wife and child.

# MATTY SAYS HE IS WILLING TO MANAGE CINCINNATI REDS

NEW YORK, July 20.—Although the deal that is to send Christy Mathewson to Cincinnati as manager of the Reds has not been completed, "the old-master" has signified his willingness to try his hand at running Garry Herrmann's team. "I shall naturally miss New York," says Big Six, "but I am willing and, I might say, even anxious to manage a team. If everything goes through satisfactorily I will be glad to take charge of Cincinnati."

## EASTERN LEAGUE COMMENT

Paddy Green's comeback was a good one. The Lowell-Bridgport game is a record for the Eastern league. Robinson had 11 chances at second and made good on every one.

Fourteen Lowell men were left on the bases. Lowell had several chances to score but the hits were not produced.

McLennan, who pitched for Bridgport, was with Providence earlier in the season.

Soldier Fuller of Lawrence, who beat the Millionaires yesterday for the third time this season and brought them down to only a slight lead over Portland.

Gilmore, the young Southwam who was recently released by Lawrence, has caught on with Lynn. Gilmore will be all right if he keeps away from the old base on balls.

Van Dyke is back in the game for Worcester after an attack of diphtheria. He won a pitching duel from big Bill Powers of Springfield yesterday.

Joe Sullivan of Lawrence is disappointed because he has not sold his ball club yet. Several Lawrence parties have been considering purchasing it but

the sale has not yet been put through.

There is no game scheduled to be played in Lawrence until next Wednesday so local fans will not have a chance to see a game down the river before that date.

Neal Ball is the third former big leaguer to be released as manager in the Eastern league. Heine Wagner was first and he was followed by Harry Lord.

Discussing Burkett and Spies, the Springfield Union says: "Some of the stories told of the conflict of authority between the two at Hartford are laughable. It was no uncommon thing before games to have Burkett submit a batting order to the scorers and later have it substituted for an order made out by Spies. Burkett was supposed to be manager but Spies was doing all the managing he could at the same time."

The Lavigne-Spies trade did not go through. Lavigne refused to leave Lawrence until he was paid off. He showed no inclination to run to his old friend Burkett, while Hartford did not carry out its part of the agreement and send Spies here. If the truth were known, James H. Clarkin, the owner of the Hartford club, no doubt refused to allow Spies to go. He probably stepped in and nullified Burkett's agreement.—Lawrence Tribune.

# WAMBSGANNSS OF CLEVELAND IS ONE OF SEASON SURPRISES

CLEVELAND, O., July 20.—Manager Lee Fohl says that Wambsgann, the Indians' crack infielder, is the surprise of the 1916 season. Last year he was so disheartened and discouraged by adverse criticism that he was on the verge of quitting the game. Fohl advised him and told him he had the makings of a great player and when the opportunity popped up he would stop, was injured early in the season Wambsgann was given the chance and made good from the start and is now one of the best players in the American league. Picture shows Wambsgann batting.

## TEUTONS DRIVEN BACK

Continued

The ambassadors of the United States and Spain that Russia will henceforth disregard the principles of The Hague convention, so far as Turkish hospital ships are concerned.

The Russian hospital ship Portugal was sunk by a submarine in the Black sea last March. There were many wounded on board at the time and 115 lives were lost. It was at first stated that the ship had been sunk by a German submarine but Turkey later accepted the responsibility declaring that the ship did not fly the red cross flag and was mistaken for a transport.

On July 9 the Verpetore which took the place of the Portugal was torpedoed and sent to the bottom while on the way to Batum to embark wounded soldiers. The official report of the disaster made no mention of loss of lives or the nationality of the submarine.

FRENCH REJOICE OVER RESUMPTION OF BATTLE OF THE SOMME

PARIS, July 21.—The resumption of the battle of the Somme in the French sector has greatly enhanced the general confidence in the situation. The protracted halt of operations on more than a minor scale was beginning to make the public fear that the results would have no morrow and that as in the case of the Champagne offensive a year ago, there might be a reversion to the old trench warfare. Yesterday's bulletins effectively removed this impression.

A particularly fine piece of work from the French point of view was accomplished in the new sector attacked south of the river. East of the old French front, which ran from the east of the Herbeville to half way between that village and the Fouguescourt-Vermandovillers road, the Germans had constructed by months of patient toil an underground fortification in a star-shaped wood and on the slopes of a hill. There were nine trenches in the wood, very deep, with two series of underground shelters in which the soldiers lay safe during the hottest bombardment.

The Germans here, as in the Barleux and Soyecourt region where their positions formed an inextricable maze of trenches, offered a stouter resistance than elsewhere on the long line of attack. But the French troops, carefully prepared for their work and skillfully led, not only won everywhere but held on to their gains and were preparing last night to attempt to still further extend them.

It now develops that yesterday's effort was due several days ago but that the artillery preparation was delayed by heavy weather. The French commander's report that the preliminary bombardment was so effective that the losses of the attackers were comparatively light. Contrary to expectations the Germans have made no attempts to follow up the smashing blow delivered against the northern Verdun defenses a week ago. A French counter attack, according to the official accounts are gradually winning back the ground gained by the Germans at heavy cost in the vicinity of Thiaumont and Fleury. This inactivity on the part of the crown prince is interpreted by French military opinion as evidence that the Germans are finding increasing difficulty in concentrating troops at any one point on the front. The French officers say that each fresh assault on Verdun is requiring longer and longer time to prepare. They claim that the Germans took no less than 15 days in preparation for the attack of July 12.

BRITISH STEAMERS YZER AND GRANGEMOOR SUNK BY SUBMARINES

LONDON, July 21.—Lloyd's reports that the British steamship Yzer has been sunk.

The Yzer sailed June 15 from Portland, Me., for Cetta, France. Her gross tonnage was about 3300.

PORTLAND, Me., July 21.—Four members of the crew of the British steamship Yzer, reported by Lloyd's as having been sunk while bound from Portland to Cetta, France, were shipwrecked here. Three were aged 40, 44 and 46. The fourth, Richard Neilan, 224 Glover place, Boston, fireman; David Rossmore, 85, Oldtown, Maine; and J. Coull, West Haverhill, England, cook.

The Yzer left here June 15 in command of Capt. William M. Hunter with a cargo of 257,730 bushels of oats.

ATGIERS, Algeria, July 21, via London.—The British steamship Grangemoor, 3198 tons gross and owned by the Moor line of Newcastle, has been sunk by a submarine. Her crew was landed.

DESTRUCTION OF TWO SUBMARINES IN ADRIATIC BY AUSTRILIANS

BERLIN, July 21.—(By wireless to Sayville.) The destruction in the northern Adriatic on July 15 of two submarines, one of them Italian, by Austrian torpedo boats, is announced in a official communication received today from Vienna.

GERMANY THREATENS AIR RAIDS ON OPEN FRENCH TOWNS, AS MEASURES OF REPRISAL

BERLIN, July 21, via London.—Threats of air raids on open French towns, as measures of reprisal, are made in an official statement issued here today.

## RETIREMENT OF RUSSIANS IN ONE SECTOR OF VOLHYNIA

GERLIN, July 21, (by wireless to Sayville).—A retirement of the Russians in one sector of the Volhynian battle front is reported in the Austro-Hungarian army headquarters report of July 20, which says:

"In Volhynia the Germans pushed the enemy back west of Zulinicz (Svinitsky) lowlands toward the north.

"In the Italian war theatre the situation is generally quiet."

## GERMANS DRIVEN BACK WITH HEAVY LOSSES IN COUNTER ATTACKS

PARIS, July 21, noon.—Positions captured yesterday by the French south of the Somme were subjected to a vigorous counter-attack during the night. The Germans charged the French lines south of Soyecourt, but the war office announced today, suffered heavy losses and were driven back in disorder.

A strong German detachment which advanced to the attack in the Chaules region was repulsed with the bayonet.

Between Soissons and Rheims the French penetrated a German trench, clearing it of its defenders.

On the Verdun front the artillery was active on both sides in the vicinity of Chattancourt and Fleury.

French aeroplanes successfully bombarded stations at Conflans, Mars-la-Tour, Longuey and Brilleulles.

The statement follows:

"South of the Somme the enemy yesterday evening delivered a counter-attack on our new positions to the south of Soyecourt. The battalion which had the sector was caught by our curtain of fire and by our machine guns and was thrown back in disorder after having suffered very great losses."

"The night was calm on the other side of the Somme. In the region of Chaules a strong detachment of the enemy which attempted to approach our lines south of Maucourt was repulsed with the bayonet. Between Soissons and Rheims, northeast of Verdun, a French reconnoitering detachment, assisted by the explosion of a mine, penetrated a trench of the enemy which was cleared out with grenades."

"On the Verdun front there was great activity of the artillery on both sides in the sectors of Chattancourt and Fleury."

"In the Vosges after a violent bombardment an attempt was made with success to storm our positions north of Wisembach."

"On the day of July 20 and during the night of July 20-21 our aeroplanes squadrons bombarded several important points behind the enemy's lines. The stations at Conflans, Mars-la-Tour, Longuey and Brilleulles and the railway junction at Ham were bombarded with many projectiles of large calibre."

The undefended villages of Bacarel and Luneville were again bombarded by enemy aeroplanes on July 17, 18 and 19. Material damage was caused. These acts are accepted as meriting future reprisals."

## REPORT AMERICAN SCHOONER WITH CARGO OF OIL CAPTURED BY GERMANS

LONDON, July 21.—The American schooner Prince Valdemar has been captured by a German warship on its way from Philadelphia to Sweden with a cargo of oil, according to a despatch to the Exchange Telegraph Co., quoting the Copenhagen Politiken. The schooner was taken into Swinemunde.

The only American schooner of this name is listed as belonging to George W. McNear of San Francisco. The McNear firm is one of those included in the recent British blacklist.

PHILADELPHIA, July 21.—There is no record here of an American schooner named Prince Valdemar, said to have sailed from this port for Sweden with a cargo of oil. No sailing vessels have left here recently for Europe with oil. Shipping records show a bark, Prince Valdemar, foreign built, under American register, which left San Francisco on Feb. 21 for Tellergö, Sweden. She did not touch at Philadelphia.

## TOWN OF GUMUSKHANER CAPTURED BY THE RUSSIAN FORCES

PETROGRAD, July 21, via London, 5.35 p. m.—The capture by Russian troops of the town of Gumuskhaneh, 45 miles southwest of Trebizond in Turkish Armenia, was announced today by the war office.

The capture of Gumuskhaneh marks a notable advance for the Russian Caucasus forces under Grand Duke Nicholas. Gumuskhaneh is 40 miles northwest of Balbour, the capture of which was reported by the Petrograd war-office on July 16. It is about 50 miles directly north of Erzurum, the objective of Russian army which recently took Mamakhatun, 50 miles to the west.

The town, which has about three thousand inhabitants, is built up on both sides of a ravine and is noted for its fruit production.

## NEW MILL STARTING UP GREAT PROSPECTS

WE WANT HELP NOW—LATER WE SHALL HAVE ALL WE CAN EMPLOY

WE WANT OUR HELP BACK NOW OR NEVER!

Old employees who left us to work elsewhere must return before Aug. 1st or after that date all interest there might be in old time service, etc., will be lost and pay will start anew.

On Aug. 1st we shall destroy all records of help not then employed.
